undisputable movement It had numerous different influences and strong and sometimes even radical beliefs which did not only evoke sympathy and understanding Especially Ralph Waldo Emerson on of the most important person of this movement was criticized for his ideas 1 Some contemporary artists like Edgar Allan Poe even had cravings to murder some Transcendentalists 2 although this statement probably has to be seen in regard to Poe s common irony Poe and other authors used their work to express their distaste for Transcendentalism and tried to ridicule it for example by exaggeration 3 In this term paper I will answer the following question What are the typical elements of Transcendentalism in Emerson s Poetry and how are they ridiculed by Edgar Allan Poe To answer this question I chose Emerson s poem Give All To Love In my analysis of the poem I will show that it contains a lot of typical elements of Transcendentalism which is the reason why I chose this particular poem of Emerson The work of Poe I will use is his short story The Fall of the House of Usher There are several works of Poe where he tries to ridicule Transcendentalism but I chose this short story since it is probably his most famous one Concerning my secondary literature I tried to find a mixture of classical references like Literary Transcendentalism by Lawrence Buell and of new and rather fresh internet sources To achieve a high level of reliability for my internet sources I almost only used homepages of american universities With this mixture I want to demonstrate that the topic of my term paper has been and still is relevant to literary studies I will start with a chapter about the Transcendentalism in general the role of Emerson and name some of the criticism of Transce

Irving Howe and the Critics John Rodden, 2005-01-01 Irving Howe and the Critics is a selection of essays and reviews about the work of Irving Howe 1920-93 a vocal radical humanist and the most influential American socialist intellectual of his generation Howe authored eighteen books edited twenty five more

wrote dozens of articles and reviews and edited the magazine *Dissent* for forty years after founding it. His writings cover subjects ranging from U S labor to the vicissitudes of American communism and socialism to Yiddishkeit and contemporary politics. His book *World of Our Fathers: The Journey of the East European Jews to America and the Life They Found and Made* received the National Book Award for Nonfiction. John Rodden has chosen essays and reviews that focus on Howe's major works and on the disputes they generated. He features both *Dissent* contributors and those who have dissented from the *Dissenters on the Right* as well as the Left. Rodden includes a few stern assessments of Howe from his less sympathetic critics testifying not only to the range of response from admiration to hostility that his work received but also to his stature on the Left as a prime intellectual target of neoconservative fire.

Critics on Emerson Thomas J. Rountree, 1973 *On Emerson* Edwin Harrison Cady, Louis J. Budd, 1988 The fifteen essays on Emerson reprinted here were published in *American Literature* from 1937 to 1986 and reveal the continuity of that journal's interest in studies of literary influence, textual scholarship, and intellectual history. As this volume reveals, its editorial standards for scholarship have contributed to the publication of essays that have endured the winds of fashion.

Choice *Emerson, Thoreau, and the Role of the Cultural Critic* Sam McGuire Worley, 2001-01-01 Reinterprets important works of the social criticism of Emerson and Thoreau as being based in defense of community.

Ralph Waldo Emerson as a Critic of Literature Dora B. Robertson, 1929 *The Critical Reception of Emerson* Sarah Ann Wider, 2000 A history of the most important scholarly criticism of Emerson from his time down to the present. Since the 1820s Ralph Waldo Emerson has provoked an unsettled response from his readers and contentiousness among critics. Critics still contest Emerson's position: Was he poet or philosopher? Did he liberate American literature or narrow it to a one-dimensional idea? Is his signature concept of self-reliance the most profound contribution to democratic individualism or the epitome of capitalism's impoverished thought? But by the mid-20th century the swing between condemnation and celebration of Emerson had given way to the familiar story of his bisected career which provided a neat structure for viewing his life and work and shaped our thought about him. Now that story is being challenged by the application of poststructuralism and textual editing and with the publication of an amazing repertoire of editions the Emerson canon is changing. The result is that Emerson criticism now faces a far more complex group of writings than before. One hundred and fifty years after Emerson styled himself an experimenter who would unsettle all things, this new critical history illustrates the continuing thought provoking success of that experiment.

Sarah Ann Wider is Professor of English at Colgate University in Hamilton, New York.

American Prose and Criticism, 1820-1900 Elinore Hughes Partridge, 1983

Ralph Waldo Emerson Manfred Pütz, J. K. Adams, J. Boeck, 1986 Emerson scholarship has been particularly productive in the last couple of decades. At the same time, however, bibliographies have been slow in catching up with this development. Only few selective checklists cover modern criticism on Emerson, none of them going beyond the seventies. It is the object of the present bibliography to document all Emerson criticism of the twentieth century up to the mid-eighties.
