Excavation of the Roman Forts at Castleshaw (near Delph, West Riding) Samuel Andrew, Francis Archibald Bruton, William Clare Lees, 1911 Journal of the British Archaeological Association, 1911 **Serindia** Sir Aurel Stein, 1921

Hillforts of the Cheshire Ridge Dan Garner, 2017-01-09 The Habitats and Hillforts of Cheshire's Sandstone Ridge Landscape Partnership Project was focussed on six of Cheshire hillforts and their surrounding habitats and landscapes. It aimed to develop understanding of the chronology and role of the hillforts and encourage local interest and involvement in their maintenance.

Proceedings and Reports of the Belfast Natural History and Philosophical Society for the Session ..., 1929 **Proceedings and Reports of the Belfast Natural History and Philosophical Society ...** Belfast Natural History and Philosophical Society (1821-), 1923 *The Nile and Its Masters: Past, Present, Future* Jean

Kerisel, 2021-12-24 The Pharaohs were masters of the Nile; they had a detailed understanding of the ways of the river. Modern Egyptians see themselves as heirs to this tradition and as owners of the Nile waters. In the 1960s Egypt decided to protect its increasingly populated Nile valley from the ravages of annual flooding by building a dam. A relatively small dam in the valley of Nubia in the region of Tushka would have enabled the excess floodwaters to safely be diverted towards the fossil valley of the pre-Nile. However, it was decided to select a site near Aswan, making it necessary to inundate more than 250 km of river valley. Over the years, this strategy has been revealed to have been faulty, and numerous irrigation schemes in upriver countries have progressively reduced the amount of water descending into Egypt. The dire warning of the 14th-century oracle appears to be prophetic: the water of the river in my country will be stopped from reaching yours, which I shall cause to die of thirst. The Antiquaries Journal, 1927 Khazaria in the Ninth and Tenth Centuries Boris Zhivkov, 2015-04-29 In Khazaria

in the Ninth and the Tenth Centuries Boris Zhivkov offers a new view on Khazaria by scrutinizing the different visions offered by recent scholarship. The paucity of written sources has made it necessary to turn to additional information about the steppe states in this period and to analyze exceptional cases not directly related to the Khazars. In re-examining the Khazars, he thus uses not only the known documentary sources and archaeological finds but also what we know from history of religions, comparative mythology, history of art, structural anthropology, and folklore studies. In this way, the book draws together a synthesis of conclusions, information, and theory.

across Europe Archaeologists from academic institutions in fifteen countries are collaborating to produce these two books of sixteen thematic chapters each In addition every chapter will feature a number of box texts by specialist contributors highlighting sites or themes of particular importance The books will be comprehensively illustrated throughout in both colour and b w including line drawings and specially commissioned maps This ground breaking set which is divided chronologically into two Vol 1 extending from the Eighth to Twelfth Centuries AD and Vol 2 from the Twelfth to Sixteenth Centuries to appear 2008 will enable readers to track the development of different cultures and of regional characteristics throughout the full extent of medieval Catholic Europe In addition to revealing shared contexts and technological developments the complete work will also provide the opportunity for demonstrating the differences that were inevitably present across the Continent from Iceland to Italy and from Portugal to Finland and to study why such differences existed **Archaeologia Cambrensis**

,1913 **Monumentality in Later Prehistory** Harold Mytum,2013-08-17 This volume provides the results of a 30 year excavation reconstruction and public interpretation campaign at the late prehistoric inland promontory settlement of Castell Henllys here focusing on the defensive sequence and the role of monumentality in later prehistory The site has international significance because of the extensive excavations of the Iron Age palisaded settlement and later earthen ramparts complex gateway and chevaux de frise of upright stones It is now widely recognised that the Iron Age consisted of many regional cultural traditions and the excavations at Castell Henllys provide a vital contrast to the well known large hillfort communities in other parts of England and Wales as well as across Europe As such it is a unique window into a widespread but largely ignored site category and form of social and economic organisation The publication will provide a case study for the construction and use of the earthworks of a major European late prehistoric settlement type the Iron Age hillfort the monumental construction is compared with other communal investments such as the Mississippian mounds It will also offer an innovative form of site reporting including alternative interpretations of the earthworks as either military defences or the community binding symbols Along with Excavation Experiment and Heritage Interpretation Castell Henllys Hillfort Then and Now these books will be required reading by those studying the late prehistoric archaeology of Britain and Europe at advanced undergraduate and postgraduate level and by those in North America studying complex societies monumentality and ways of writing archaeology *The Pa Maori* Elsdon Best,1927 **Jefferson Davis, Unconquerable Heart** Felicity

Allen,1999 Preeminent Civil War historian Frank Vandiver always longed to see an interpretive biography of Jefferson Davis Finally more than twenty years after Vandiver expressed that wish publication of Jefferson Davis Unconquerable Heart makes such an interpretive biography available Felicity Allen begins this monumental work with Davis s political imprisonment at the end of the Civil War and masterfully flashes back to his earlier life interweaving Davis s private life as a schoolboy a Mississippi planter a husband a father and a political leader She follows him from West Point through army service on the frontier his election to the U S House of Representatives his regimental command in the Mexican War his service as U S

secretary of war and senator and his term as president of the Confederate States of America Although Davis's family is the nexus of this biography friends and enemies also play major roles Among his friends intimately met in this book are such stellar figures as Andrew Jackson John C Calhoun Zachary Taylor Franklin Pierce Albert Sidney Johnston and Robert E Lee With the use of contemporary accounts and Davis's own correspondence Jefferson Davis Unconquerable Heart casts new light upon this remarkable man thawing the icy image of Davis in many previous accounts Felicity Allen shows a strong yet gentle man a stern soldier who loved horses guns poetry and children a master of the English language with a dry wit a man of powerful feelings who held them in such tight control that he was considered cold and a home loving Mississippian who was drawn into a vortex of national events and eventual catastrophe At all times duty honor country ruled his mind Davis's Christian view of life runs like a thread throughout the book binding together his devotion to God his family and the land Jefferson Davis Unconquerable Heart brings Davis to life in a way that has never been done before The variety of his experience the breadth of his learning and the consistency of his beliefs make this historical figure eminently worth knowing
