

Raphaëlle Peale Still Lifes

Raphaelle Peale Still Lifes

**Nicolai Cikovsky (Jr.), National Gallery
of Art (U.S.)**

Raphaelle Peale Still Lifes:

The Body of Raphaelle Peale Alexander Nemerov, 2001-03-12 This book is mind blowing Nemerov is a groundbreaking thinker in his field John Wilmerding Princeton University This is a book for all serious Americanists Jay Fliegelman author of *Declaring Independence* Each haunting and delicately wrought canvas expands as Nemerov writes about it so that his interpretive work both mirrors and supplements the wondrous intensity of the paintings themselves Ellen Handler Spitz *Museums of the Mind* Underneath their apparent simplicity Raphaelle Peale's still lifes glow mysteriously in the dark light of their making Peale transformed the common items of the early nineteenth century kitchen and market into explorations of the American unconscious Now writing as coolly and lucidly as Peale painted Alexander Nemerov has unpeeled those still lifes in a tour de force of formalistic analysis Through close interrogation of these small hermetic images Nemerov's book reveals the whole world of early America in the process bringing us as close as possible to the genius of Raphaelle Peale David C Ward National Portrait Gallery Smithsonian Institution This is a dazzling study lively and imaginative of an important body of work Nemerov's novel arguments regarding still life in general and Raphaelle Peale in particular reveal much about the art the man and the times It is a thoughtful and provocative book certain to generate interest and debate Charles C Eldredge Hall Distinguished Professor of American Art and Culture University of Kansas A triumph of interpretation Not since Michael Fried's groundbreaking account of Thomas Eakins has a critic so reimagined the very terms by which we see painting Nemerov's account singlehandedly catapults a painter we had previously considered to be interesting but minor into the forefront of discussions about American art during the early National Period *The Body of Raphaelle Peale* will no doubt spark the beginning of an exciting revival of scholarship in American Romantic painting Bryan J Wolf author of *Romantic Re-Vision* [Raphaelle Peale Still Lifes](#) Nicolai Cikovsky (Jr.), National Gallery of Art (U.S.), 1988 The beautifully illustrated book with 47 color plates will restore Raphaelle Peale eldest son of artist naurtalist and inventor Charles Willson Peale to his rightful place in the annals of American art **Raphaelle Peale Still Lifes** Nicolai Cikovsky, 1992-01-01 **Raphaelle Peale Still Lifes**, 1988 [Raphaelle Peale](#), 1959 [Raphaelle Peale](#), 1959 **Still Lives** Maria H. Loh, 2015-03-22 How portraits of artists during the Renaissance helped create the first art stars in modern history Michelangelo was one of the biggest international art stars of his time but being Michelangelo was no easy thing he was stalked by fans lauded and lambasted by critics and depicted in unauthorized portraits *Still Lives* traces the process by which artists such as Michelangelo D rer and Titian became early modern celebrities Artists had been subjects of biographies since antiquity but Renaissance artists were the first whose faces were sometimes as recognizable as their art Maria Loh shows how this transformation was aided by the rapid expansion of portraiture and self portraiture as independent genres in painting and sculpture She examines the challenges confronting artists in this new image economy What did it mean to be an image maker haunted by one's own image How did these changes affect the everyday realities of artists and their workshops And how did

images of artists contribute to the way they envisioned themselves as figures in a history that would outlive them Richly illustrated *Still Lives* is an original exploration of the invention of the artist portrait and a new form of secular stardom

Still Life in Photography Paul Martineau, 2010 The genre of still life is considered from a wide range of visual perspectives as it spans the history of photography from the early nineteenth century to the present **American Paintings in The Metropolitan Museum of Art. Vol. 1** John Caldwell, Oswaldo Rodriguez Roque, Dale T. Johnson, 1994-03-01 **Raphaelle Peale 1774-1825**, 1959 Charles Willson Peale David C. Ward, 2004-08-09 It links the artist's autobiography to his painting illuminating the man his art and his times Peale emerges for the first time as that particularly American phenomenon the self made man *150 Years of Philadelphia Painters and Paintings* Sewell C. Biggs Museum of American Art, 1999 **After the Hunt** Alfred Frankenstein, 2023-12-22 In 1887 during the Minneapolis State Fair the renowned trompe l'oeil painting *The Old Violin* by William Michael Harnett was on display captivating audiences with its lifelike depiction of a violin hanging on a pair of wooden shutters So convincing was the artwork that it prompted debates among viewers about whether it was a painting or a real object and in some cities a guard was employed to prevent people from touching the artwork to settle the matter However not everyone was enamored with Harnett's style Reverend Doctor F T Gates in a sermon following the fair criticized *The Old Violin* calling it a mere piece of legerdemain with no higher artistic purpose beyond deceiving the viewer's eye This reaction reflects a broader cultural divide of the time where Harnett's meticulous realism was admired by some but dismissed by others for lacking moral or spiritual depth Despite these criticisms Harnett's reputation has only grown cemented further by art historians and collectors who have sought out his works over the years His ability to create lifelike illusions of everyday objects resonated with audiences and his systematic approach to composition can now be studied through the growing catalog of his works Since the first publication of this book in 1953 over forty additional paintings as well as several forgeries have come to light underscoring the lasting impact of Harnett's art His legacy along with the recognition of fellow artists John Frederick Peto and John Haberle has led to their inclusion in prestigious American museums highlighting their contributions to the rich tradition of still life painting in the United States This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1953 **American Still-life Painting** William H. Gerds, Russell E. Burke, 1971

Painterly Struggle Jason Frederick, 2006 ABSTRACT The still life paintings of Raphaelle Peale play an important role in understanding more about his personal life This thesis concentrates upon the fields of Psychoanalysis and Narratology which serve as important roles in helping to define Raphaelle's rebellious nature By focusing on how these theories are demonstrated throughout his still life paintings answers regarding his problematic personal life and repetitive subject matter

will be revealed This study is organized into five chapters including an introduction and a brief conclusion Chapters 2 through 4 each deal with specific concerns surrounding Raphaelle's life My analysis in Chapter 2 centers upon Raphaelle's rebellious nature with regards toward his father and choice of subject matter In Chapter 3 I engaged with psychoanalytic theory as it pertained toward his ever increasing problematic situation in relation to intemperate and over indulgent behavior Chapter 4 conveys an understanding of narratological theory as it pertains to his still life paintings revealing a narrative or story about his personal life with references toward self control realization and regulation Still life paintings have been a discredited as a low genre of art throughout the history of painting This assumption requires attention and must be approached from an academic standpoint I hope to present an alternative and commendable view of his still life works by addressing contradictory issues of restraint and self discipline throughout Raphaelle's childhood personal life family relationships and still life paintings

Gilbert Stuart and the Impact of Manic Depression Dorinda Evans,2017-07-05
Early American painter Gilbert Stuart has long been mistakenly represented as a hard drinking rogue habitual liar and inexplicable financial failure To explain his stylistic unevenness as an artist he is assumed to have had an inferior assistant but the documentary evidence for an assistant who painted on his portraits is non-existent in fact there is evidence to the contrary This ground breaking study demonstrates that Stuart suffered from a hereditary form of manic depression leading him to create pictures that contain peculiar lapses characteristic of a manic depressive or bipolar artist Using documentary and empirical evidence from diaries and letters to x radiographs of paintings this book fills important gaps in our knowledge of Stuart and connects the strange visual effects in some of Stuart's paintings with cognitive deficits attendant with the disorder In addition to Stuart other bipolar artists including George Romney Raphaelle Peale Gilbert Stuart Newton and William Rimmer are discussed in relation to these deficits revealing patterns which carry broader implications for all manic depressive artists This volume is a significant contribution not only to studies of Stuart and the four other painters but also to our understanding of the mind of a manic depressive artist It bridges the broad disciplines of art history and psychopathology

A Taste of Power Katharina Vester,2015-10-02 Since the founding of the United States culinary texts and practices have played a crucial role in the making of cultural identities and social hierarchies A Taste of Power examines culinary writing and practices as forces for the production of social order and at the same time points of cultural resistance Culinary writing has helped shape dominant ideas of nationalism gender and sexuality suggesting that eating right is a gateway to becoming an American a good citizen an ideal man or a perfect wife and mother In this brilliant interdisciplinary work Katharina Vester examines how cookbooks became a way for women to participate in nation building before they had access to the vote or public office for Americans to distinguish themselves from Europeans for middle class authors to assert their class privileges for men to claim superiority over women in the kitchen and for lesbian authors to insert themselves into the heteronormative economy of culinary culture A Taste of Power engages in close reading of a wide variety of sources and genres to uncover the

intersections of food politics and privilege in American culture A Companion to Popular Culture Gary Burns,2016-05-02 A Companion to Popular Culture is a landmark survey of contemporary research in popular culture studies that offers a comprehensive and engaging introduction to the field Includes over two dozen essays covering the spectrum of popular culture studies from food to folklore and from TV to technology Features contributions from established and up and coming scholars from a range of disciplines Offers a detailed history of the study of popular culture Balances new perspectives on the politics of culture with in depth analysis of topics at the forefront of popular culture studies The Sense of Art Ralph A. Smith,2014-10-29 Ralph A Smith provides a theory of aesthetic education that addresses the need to revitalize the capacity for genuine judgment in society reaffirm the ideal of excellence in culture and reorder our thoughts about teaching the arts in schools The book presents an image of the curriculum as itinerary preparing the young to traverse the world of art with adroitness and sensitivity *New York Magazine* ,1968-10-21 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea
