The development of my poetry has been and is the development of an encounter with an idea about God the great Spanish poet and Nobel Prize winner Juan Ramón Jiménez wrote several years before his death An early twentieth century pioneer in the use of free verse Jiménez has always expressed himself through mystery and profundity The author presents a fervent landscape of primordial imagery in an attempt to restore mystical poetry to its rightful place in literature and art For anyone not familiar with the writings of this modern master these austere and radiant poems translated by the poet and scholar Antonio de Nicolás and presented alongside the original Spanish will demonstrate why Jiménez is considered one of the masters of twentieth century poetry To what may this writing be compared Whitman's Song of Myself comes to mind but it is not with any intention of taking away from Whitman's achievement that I declare a preference for the poetry of Juan Ramón Jiménez
