transition from typological depictions to richer more lifelike portrayals a transformation shaped by rival notions of literature and history Nir translates the sources into accessible English for students and scholars of not only Jewish exegesis but also those in Christian theology Islamic studies and world literature

*The Jewish Middle Ages* Carol Bakhos,Gerhard Langer,2023-03-15 For many the Middle Ages in general evokes a sense of the sinister and brings to mind a world of fear superstition and religious fanaticism For Jews it was a period marked by persecutions pogroms and expulsions Yet at the same time the Middle Ages was also a time of lively cultural exchange and heightened creativity for Jews In The Jewish Middle Ages contributors explore the ways in which the stories of biblical women including Eve Sarah Hagar Rebekah Zipporah Ruth Esther and Judith make their way into the rich tapestry of medieval Jewish literature mystical texts and art particularly in works emanating from Ashkenazic circles Contributors include Carol Bakhos Judith R Baskin Elisheva Baumgarten Dagmar B rner Klein Constanza Cordoni Rachel Elinor Meret Gutmann Gr n Robert A Harris Yuval Katz Wilfing Sheila Tuller Keiter Katrin Kogman Appel Gerhard Langer Aurora Salvatierra Ossorio and Felicia Waldman These essays give us a glimpse into the role women played and the authority they assumed in medieval Jewish culture beyond the rabbinic centers of Palestine and Babylonia

*The Book of Job in Jewish Life and Thought* Jason Kalman,2021-12-20 Despite its general absence from the Jewish liturgical cycle and its limited place in Jewish practice the Book of Job has permeated Jewish

culture over the last 2 000 years Job has not only had to endure the suffering described in the biblical book but the efforts of countless commentators interpreters and creative rewriters whose explanations more often than not challenged the protagonist's righteousness in order to preserve Divine justice Beginning with five critical essays on the specific efforts of ancient medieval and modern Jewish writers to make sense of the biblical book this volume concludes with a detailed survey of the place of Job in the Talmud and Midrashic corpus in medieval biblical commentary in ethical mystical and philosophical tracts as well as in poetry and creative writing in a wide variety of Jewish languages from around the world from the second to sixteenth centuries

Horowitz, 2023-05-22 This volume examines new developments in the fields of premodern Jewish studies over the last thirty years The essays in this volume written by leading experts are grouped into four overarching temporal areas the First Temple Second Temple Rabbinic and Medieval periods These time periods are analyzed through four thematic methodological lenses the social scientific history and society the textual texts and literature the material art architecture and archaeology and the philosophical religion and thought Some essays offer a comprehensive look at the state of the field while others look at specific examples illustrative of their temporal and thematic areas of inquiry The volume presents a snapshot of the state of the field encompassing new perspectives directions and methodologies as well as the questions that will animate the field as it develops further It will be of interest to scholars and students in the field as well as to educated readers looking to understand the changing face of Jewish studies as a discipline advancing human knowledge

*Creating Fictional Worlds* Hanna Liss, 2011-01-11 Drawing on the literary and narrative patterns in Rashbam's Torah Commentary this book offers a comprehensive rereading of one of the first Northern French pesha commentaries and shows Rashbam's fascinating struggle to compete with the nascent vernacular literature

**DMT and the Soul of Prophecy** Rick Strassman, 2014-09-18 Naturally occurring DMT may produce prophecy like states of consciousness and thus represent a bridge between biology and religious experience Reveals the striking similarities between the visions of the Hebrew prophets and the DMT state described by Strassman's research volunteers Explains how prophetic and psychedelic states may share biological mechanisms Presents a new top down theoneurological model of spiritual experience After completing his groundbreaking research chronicled in *DMT The Spirit Molecule* Rick Strassman was left with one fundamental question What does it mean that DMT a simple chemical naturally found in all of our bodies instantaneously opens us to an interactive spirit world that feels more real than our own world When his decades of clinical psychiatric research and Buddhist practice were unable to provide answers to this question Strassman began searching for a more resonant spiritual model He found that the visions of the Hebrew prophets such as Ezekiel Moses Adam and Daniel were strikingly similar to those of the volunteers in his DMT studies Carefully examining the concept of prophecy in the Hebrew Bible he characterizes a prophetic state of consciousness and explains how it may share biological and metaphysical mechanisms with the DMT effect Examining medieval commentaries on the Hebrew Bible

Strassman reveals how Jewish metaphysics provides a top down model for both the prophetic and DMT states a model he calls theoneurology Theoneurology bridges biology and spirituality by proposing that the Divine communicates with us using the brain and DMT whether naturally produced or ingested is a critical factor in such visionary experience This model provides a counterpoint to neurotheology which proposes that altered brain function simply generates the impression of a Divine human encounter Theoneurology addresses issues critical to the full flowering of the psychedelic drug experience Perhaps even more important it points the way to a renewal of classical prophetic consciousness the soul of Hebrew Bible prophecy as well as unexpected directions for the evolution of contemporary spiritual practice

**The Torah as a Place of Refuge** Francesco Cocco, 2016-02-12 The law on the cities of refuge contained in Numbers 35 9 34 is almost universally seen as a simple repetition of legal content that is basically already present in the legislation of other biblical books Francesco Cocco demonstrates that we find ourselves here before a case of reformulation instead of simple repetition the implications of which are extremely interesting for the understanding of biblical penal legislation In this particular fragment it exhibits traces of modernity so surprising as to be as good as the defence of civil liberties in the legal systems currently in force in the majority of democratic states The author's enquiry takes its starting point and develops therefore from the novel contribution which the legislation in Numbers 35 9 34 confers on the entire biblical law of a penal character

The Multiple Meaning of Scripture Ineke Van 't Spijker, 2009-02-28 From the beginning of the Christian era and throughout the Middle Ages biblical interpretation was the field where theological philosophical and political matters were discussed At the same time Scripture's interpretation required the exploration of hermeneutical positions about how a literal and a hidden meaning could be established and how they related to each other Ranging from early Christian concerns about the text of the Bible itself via Carolingian biblical commentaries and the ever more diverse interpretations from the twelfth century and onwards to the literary implications of Jewish commentary the articles in this volume examine biblical exegesis both as a discourse on theology philosophy and politics and as the context for discussions on its underlying interpretative principles Contributors are J K Kitchen Katja Vehlow Caroline Chevalier Royet Sumi Shimahara Ian Christopher Levy Pierre Boucaud Elisabeth M gier C dric Giraud Wanda Zemler Cizewski Ineke van t Spijker Eva De Visscher Alexander Fidora Frans van Liere and Robert A Harris

Schiffman, Elliot R. Wolfson, 2012-01-20 For more than four decades Robert Chazan has been a copious source of original insights into the history and culture of medieval European Jewry challenging conventional wisdom with profound erudition and sober analysis In this volume thirteen leading Judaicists and medievalists engage subjects that have been of particular concern to Professor Chazan during his distinguished career the history of the Jewish communities in Western Christendom during the Middle Ages Jewish Christian interactions in medieval Europe medieval Jewish Biblical exegesis and religious literature and historical representations of the experience of medieval Jewry Taken together they offer a comprehensive portrait of the state of the field of medieval Jewish studies     **Scribal Secrets** James S. Diamond, 2019-04-09 The text of the Torah includes not only its words but also various atypical scribal features Prime among these are the dots over certain letters various letters written either large or small and the exceedingly odd placement of two inverted Hebrew letters surrounding one passage What are these features doing there How old are they Do they carry meaning How have they been interpreted over the years James Diamond brings the reader on the journey through the Torah text in search of a response to these questions     *Fear and Faith* Rachael Kohn, 2021-12-31     **The Virtue Ethics of Levi Gersonides** Alexander Green, 2016-11-29 This book argues that Levi Gersonides articulates a unique model of virtue ethics among medieval Jewish thinkers Gersonides is recognized by scholars as one of the most innovative Jewish philosophers of the medieval period His first model of virtue is a response to the seemingly capricious forces of luck through training in endeavor diligence and cunning aimed at physical self preservation His second model of virtue is altruistic in nature It is based on the human imitation of God as creator of the laws of the universe for no self interested benefit leading humans to imitate God through the virtues of loving kindness grace and beneficence Both these models are amplified through the institutions of the kingship and the priesthood which serve to actualize physical preservation and beneficence on a larger scale amounting to recognition of the political necessity for a division of powers     Order as Meaning Isaac Gottlieb, 2023-12-31 Jewish Bible commentary in the Middle Ages took on two aspects the Sephardic and the Ashkenazic The first Spanish interpretation developed in a Muslim surrounding which appreciated secular studies the sciences and Arabic literature much of which it had translated from Greek These studies made their mark on Bible exegesis which sought the simple straightforward sense peshat of a verse and its grammatical meaning The Ashkenazic school however situated in France and Germany was firmly anchored in the rabbinic study hall and its exegesis was a continuation of the methods of Midrash and Aggadah as practiced in Mishnah and Talmud In the beginning of the twelfth century Ashkenazic commentary in northern France took on a new face Contact with the outside world including Christian scholarship and partial knowledge of general studies brought the Ashkenazi Jewish commentators to the

realization that the Bible besides being a religious text was also literature As literature many features including the order of biblical pericopes or units attracted attention The classic commentators Rashi in France Ibn Ezra in Toledo and Ramban Nahmanides in northern Spain all dealt with biblical order Order as Meaning cites many cases of sequential arrangement and juxtaposition taken from the rabbinic period as well as from the above three commentators explaining what there was to learn from such a study
