Saudi Arabia and Iraq as Friends and Enemies Joshua Yaphe, 2021-12-21 Saudi Arabia and Iraq have a shared history as both friends and enemies at one and the same time and their growth as modern nation states must be understood in that joint context This book

establishes a new narrative and timeline for bilateral relations between the two countries while examining the work of other Arab and Western scholars in order to excavate the biases underlying so much previous work on this topic In doing so it proposes a new way of looking at state formation and boundaries in the Middle East by showing how the interactions of regional neighbors left an indelible imprint on the domestic politics of one another The two different visions for managing the border that Saudi Arabia and Iraq developed in the 1920s generated mistrust on both sides leading to a gradual process of estrangement that lasted through the 1950s and beyond Ibn Saud made strenuous efforts to preserve the socio economic ties that united the communities of southern Iraq with the Najd and in turn those efforts helped encourage a wave of Sunni Arab migrants from Iraq who helped build the Saudi state Iraqi politicians and clerics attempted to use the issue of Ikhwan raids as a rallying cry for promoting their political agendas thereby contributing to a growing sectarian discourse and undermining the nationalist rhetoric of the 1920 Revolution The two countries had a remarkable and long lasting impact on one another even as they drifted farther and farther apart through mutual fear and suspicion

Saudi Arabia and Iran Simon Mabon, 2018-11-29 In the wake of the 1979 Iranian revolution relations between states in the Middle East were reconfigured and reassessed overnight Amongst the most affected was the relationship between Iran and Saudi Arabia The existence of a new regime in Tehran led to increasingly vitriolic confrontations between these two states often manifesting themselves in the conflicts across the region such as those in Lebanon and Iraq and more recently in Bahrain and Syria In this new and revised second edition Simon Mabon examines the different identity groups within Saudi Arabia and Iran made up of various religions ethnicities and tribal groupings proposing that internal insecurity has an enormous impact on the wider ideological and geopolitical competition between the two With analysis of this heated and often uneasy relationship and its impact on the wider Middle East this book is vital for those researching international relations and diplomacy in the region
