Action Stations William R. Forstchen,2017-03-07 THEY PLANNED ON A NICE WAR There had been a century of peace and the politicians of Earth and its colonies were running on platforms of cutting wasteful military spending all while Earth's military tried to keep aging and obsolete ships flying and battle ready And while the swords rusted war clouds gathered on the horizon Contact had been made with the Kilrathi a warrior race feline in appearance and deadly in combat Yet even though they had annihilated or enslaved scores of other races throughout the galaxy and had attacked human colonies on the border worlds the government was not taking them seriously thinking that the Fleet could handle them with ease Commander Winston Turner knew that the government was moving toward a declaration of war against the Kilrathi in response to demands from the border worlds He also knew that the Fleet would be forced to operate under Plan Orange Five limited action and punitive responses only He only hoped that mankind would recognize its mistake before it was too late
