veered off course Fiona's mental health is shaky at best and is now further strained under the weight of a transgression that

of the tensions between her parents In the midst of this marital crisis Gus takes Ruby's class on an overnight trip into the
wilderness where Ruby is one of only two children to survive the avalanche that kills the others including her beloved father
While Fiona's mental health is unravelled further by grief Ruby is flattened by Gus's loss After the search ends with no sign
of her father Ruby is determined to find him herself using the survival skills he taught her and believing that he must still be
alive Her trek back into the snow sets off events that stretches her own resourcefulness and her mother's fragile coping skills

shows how you can create and maintain the inner safety you need so you can become strong enough to love Inner Bonding empowers you to self heal the root causes of anxiety depression addictions failed relationships and many other problems that inhibit your personal and spiritual growth and satisfaction It teaches you how to love yourself rather than continue to abandon yourself how to move beyond emotional dependency and attain emotional freedom and how to heal any underlying control issues In friendships marriages and work relationships your joy aliveness and creativity get lost as you give up parts of yourself in an attempt to feel safe In romantic relationships passion dries up Superficiality boredom fighting and apathy take its place You try valiantly to figure out what went wrong But too often you might ask What am I doing wrong or What are you doing wrong rather than inquiring into the underlying fears and resulting self abandoning behaviors that create the unsafe relationship space The key to doing this is learning how to create a safe inner space where you can work with and overcome your false beliefs and your fears of rejection and engulfment This is a process not an event Ruby's Vacation Minnie E.
