Rückblicke Auf Die Literatur Der Ddr:

Schreiben nach der Wende, Wende im Schreiben? Kerstin E. Reimann, 2008 *Rückblicke auf die Literatur der DDR* Hans-Christian Stillmark, 2002 Obwohl die DDR nunmehr ein abgeschlossenes Kapitel in der deutschen Geschichte geworden ist, hält die Auseinandersetzung um das, was von ihr bleibt, auch im Abstand von mehr als zehn Jahren an. Selbst nach dem deutsch-deutschen Literaturstreit unmittelbar nach der Wende, der seinerseits schon Rückblicken und Bilanzierungen ausgesetzt wurde, bleibt der Stellenwert der Literatur in und aus der DDR ein umstrittenes Terrain. Ungeachtet dessen, dass es Einhelligkeit in literarischen Fragen ohnehin nicht geben kann, sind die Urteile zur Literatur der DDR natürlich auch von den Erfahrungen und Erlebnissen mit der DDR geprägt. In diesem Band haben wir uns für eine Sicht von aussen und von innen gleichermaßen interessiert.

Christoph Hein in Perspective, 2021-11-01 Unlike many writers from the former GDR, Christoph Hein's reputation and standing and his creativity have remained intact despite the demise of the GDR in 1989/90. Christoph Hein in Perspective brings together essays by both established and younger scholars from Britain, Germany, and the USA which together cover a wide spectrum of his work from the early writings of the 1970s to the play *In Acht und Bann* of 1999 and including his speeches and essays as well as all his major prose works. There is a marked emphasis in the volume on Hein's post-Wende output, with about half the contributions focusing primarily on this period. Another feature is the diversity of perspectives from which the works are examined: historical and political viewpoints are complemented by formal and comparative studies as well as by gender-based perspectives. The volume includes additionally the first published English translation of what is for many Hein's most successful work for the stage, *Die wahre Geschichte des Ah Q* of 1983. The volume as a whole should be of interest to scholars concerned with the GDR and with contemporary German culture, to undergraduate and postgraduate students, and also to others interested in the history and culture of Germany since 1945. Six of the essays are in English and six in German.

Representations of Flight and Expulsion in East German Prose Works William John Niven, 2014 Explodes the conventional wisdom that there was a taboo on the topic of flight and expulsion in East Germany.

Transformation and Education in the Literature of the GDR Jean E. Conacher, 2020 This book explores how writers adhered to, played with, and subverted the formulaic precepts of educational transformation in the German Democratic Republic.

The Poet's Role Ruth J. Owen, 2021-10-18 This study of contemporary German poetry represents the first attempt to examine comprehensively and at some length the lyric response to the unification period. It sets out to investigate by means of close textual analysis whether the German Wende was also a turning point for poetry, exploring how GDR poets responded both to the revolutionary events of 1989 and subsequently to the new united Germany. An introductory chapter considers what is distinct about poetry as a genre, especially under censorship or amid historic change, as well as outlining the post-unification Literaturstreit. The following chapter offers a survey of the poet's role in the GDR from 1949 until 1989. Two central chapters then gather the poetry of the Wende and

unification as a corpus of work and characterize it through the elucidation of recurring themes motifs and techniques The volume strikes a balance between giving a general overview of poetry written in 1989 1996 and focusing on individual poets whose work is particularly compelling After identifying broad trends across a wide range of individual poems collections and anthologies single chapters therefore examine in greater depth the work of Volker Braun and Durs Grünbein The concluding chapter addresses the issue of a separate GDR literature Finally an extensive structured bibliography is provided covering the poetry literary criticism and cultural history of the period

German Reunification and the Legacy of GDR

Literature and Culture, 2018-04-17 Since the tumultuous events of 1989 1990 writers cultural practitioners and academics have responded to reconstructed and reflected upon the process and enduring impact of German reunification This bilingual volume provides a nuanced understanding of the literature and culture of the GDR and its legacy today It explores a broad range of genres combines perspectives on both lesser known and more established writers and juxtaposes academic articles with the personal reflections of those who directly experienced and engaged with the GDR from within or beyond its borders Whether creative practitioners or academics contributors consider the broader literary and intellectual contexts and traditions shaping GDR literature and culture in a way that enriches our understanding of reunification and its legacy

The Cambridge History of German Literature Helen Watanabe-O'Kelly, 2000-06-12 This is the first book to describe German literary history up to the unification of Germany in 1990 It takes a fresh look at the main authors and movements and also asks what Germans in a given period were actually reading and writing what they would have seen at the local theatre or found in the local lending library it includes for example discussions of literature in Latin as well as in German eighteenth century letters and popular novels Nazi literature and radio plays and modern Swiss and Austrian literature A new prominence is given to writing by women Contributors all leading scholars in their field have re-examined standard judgements in writing a history for our own times The book is designed for the general reader as well as the advanced student titles and quotations are translated and there is a comprehensive bibliography

Breaking Boundaries Karen J. Leeder, 1996 This book examines the controversial younger generation of poets who were born into the established socialist state of the GDR It explores the ways in which these young poets have broken the literary and political boundaries which were imposed upon them through an examination of their work and assesses the durability of their radical project

Rifts in Time and in the Self Cheryl Dueck, 2021-11-01 The fall of the Berlin Wall in November 1989 marked the end of East Germany's socialist regime and a new beginning for a unified German Federal Republic Cultural historians agree that the event caused one of the deepest rifts in time and thinking seen by an entire generation of Germans a rift that left its mark on the psyche of every citizen challenging notions of the personal and the political and crashing traditional understandings of the individual and the collective self In this bold rethinking of the question Cheryl Dueck goes beyond the social political and psychological discourses that Marx and Freud Foucault and Lacan viewed as the initiators of modern socialist identities to explore the literature and discourse of the quest for unity of the female subject Reading such authors as Christa Wolf Brigitte Reimann Helga Königsdorf and Helga Schubert Dueck traces the striking fissures which run through time and through the female self haunting women within the socialist project The book shows how two generations of women writers have struggled consciously and systematically in their letters aesthetic writings and literary production to create a new language to express their own sense of self within a restrictive socialist and patriarchal system Rifts in Time and in the Self offers an unprecedented look at the reconceptualizations of the female subject during several phases of GDR history and women writers persistent attempt to carve out spaces of identity and community
