Kotz,2023-08-31 Island of Misfit Joys contains stories of inspiration making mistakes finding happiness as well as bringing to light anecdotes of deliberate and unexpected kindness Many times these random encounters have elements of untapped joy everyday life vulnerability and our reactions Ravi Zacharias stated None of us escapes life without some ecstasy and heartache When you see a baby jumping for joy splashing water during a bath or smiling from a hug you just gave them we rarely question their excitement and enjoy the moment of their ebullient happiness Not everything fits together perfectly Sometimes a misfit experience turns into an unexpected joy As adults I find that we often feel guilty or are made to feel guilty if we express our own joy God has given each of us so many gifts so that we can choose to build each other up to keep these gifts latent or to bring people to their knees with unkind words I hope your day is a happy one Bren Brown reminds us Vulnerability is the birthplace of innovation creativity and change This book is also about what I observe react to and reflect on often in complete awe I also hope this helps you to see that there is much good in the world We just have to look around us and we have the power to make positive impactful changes in our immediate surroundings and in bigger circles too What actions do you take when no one is looking Alison McGhee said Every moment of every day you can bring people down or you can lift them up you one small person by the energy you project We choose what we want our lives to mean and what we want to leave behind We have the power to write our own stories Remember that It is in this spirit that these stories of inspiration are shared I feel a bit overwhelmed by people who express that I am positive Someone asked me What are you on I just realize that I have so much time left people are generally good some will not like you no matter what you do and life is just one big sitcom so laugh a little or laugh a lot Also I have faced my

own mortality a few times and I am continuing to see that many times you and I are metaphorically speaking given a bundle of Christmas lights to untangle You unravel the lights plug them into some good power source and voila you have some magic before your eyes Or you have a new source of power that you just plugged into and the lights suddenly short out Now you have to find a new way to see the lights again I also have witnessed enough horrible and miraculous life experiences that made me strongly consider focusing more on the miraculous yet everyday experiences and how we can work toward achieving happiness even if what you thought might happen did not fit Often what we did not see fitting in our own lives often brings us unintended joy
