Rudy The Life And Times Of Rudy Perpich:

Taconite Dreams Jeffrey T. Manuel, 2015-10-12 Winner of the Midwestern History Association's 2016 Hamlin Garland Prize The Iron Range earned its name honestly it was once among the world's richest iron ore mining districts The Iron Range propelled the U S steel industry in the late nineteenth century and iron mining sustained generations in the region with work and a strong economy But long before most other parts of the country faced the realities of industrial decline Minnesota's Iron Range was already striving to maintain its core industry In *Taconite Dreams The Struggle to Sustain Mining on Minnesota's Iron Range 1915-2000* Jeffrey T Manuel examines how the region fought the dislocation that came with economic changes technological advances and global shifts in industrial production On the Iron Range efforts included the development of taconite mining as a technological fix for the drop in hematite mining Manuel describes the Iron Range's modern history and how the downturn was opposed by individuals civic groups and commercial interests The first book dedicated to thoroughly exploring this era on the Iron Range *Taconite Dreams* demonstrates how the area fit into a larger story of regions wrestling with deindustrialization in the twentieth century The 1964 taconite amendment to Minnesota's constitution the bruising federal pollution lawsuit that closed a taconite plant and the Iron Range Resources and Rehabilitation Board's economic development policy are all discussed Ultimately the resistance against economic decline is also a battle over mining's memory and legacy one that continues today Manuel's history sheds much needed light on this important yet widely overlooked mining region as well as the impact of the past century's struggles on the people who call it home

Profiles of Power Allen Neuharth, Ken Paulson, Phil Pruitt, 1988 *For the Good of the Order* John Watson Milton, 2012-02-27 This book is part of our history one that has slipped from memory in the passage of time The story of Nick

Coleman one of his generations most inspired leaders while overdue is still worth telling and surely it carries important lessons for us now Walter F Mondale In January 1973 Nick Coleman became the first Democrat in 114 years to lead the majority in the Minnesota Senate He provided the vision and leadership required to enact the Minnesota equivalent of Lyndon Johnsons social and economic programs known as the Great Society This was the high tide of liberal politics in Minnesota the crest in voter support that also sent Hubert Humphrey Eugene McCarthy and Walter Mondale to national prominence For the Good of the Order chronicles Nick Colemans role in the legislative cauldron that resulted in Minnesota being recognized throughout the country as the state that works Despite spirited political challenges these remarkable achievements resulted from genuine collaboration from both sides of the aisle Moreover the debate over these initiatives helped raise Minnesotas legislative branch to coequal status with the executive Sadly they also marked the beginning of the demise of civility respect and compromise among lawmakers Coleman was an Irish American and proud of his heritage His talent for leadership was surely enhanced by his Celtic wit and view of the world No caricature of the Irish pol however Coleman used his verbal gifts and charm to offer reasons why a hesitant colleague could safely follow him when votes were needed for controversial bills He led from the front especially when debate was most intense and unflinchingly took the fiercest fire from adversaries When Nick Coleman left the political arena in 1981 a wave of conservatism was sweeping the country Since his departure much of the agenda Coleman fought so hard to accomplish has been diluted or reversed Nevertheless his legacy remains an inspiration to all who believe that a society should be judged by how it treats its weakest and least powerful Perhaps Hubert Humphrey voiced this belief most succinctly when he said the moral test of government is how that government treats those who are in the dawn of life the children those who are in the twilight of life the elderly those who are in the shadows of life the sick the needy and the handicapped Those were the people Nick Coleman fought for and never forgot
