Promodini Varma, Anubhav Pradhan, 2019-06-03 This book evaluates the parallels divergences and convergences in the literary legacies of Rudyard Kipling and William Butler Yeats Coming 150 years after their birth the volume sheds light on the conversational undercurrents that pull together the often diametrically polar worldviews of these two seminal figures of the English literary canon Contextualizing their texts to the larger milieu that Kipling and Yeats lived in and contributed to the book investigates a range of aesthetic and perceptual similarities from cultures of violence to notions of masculinity from creative debts to Shakespeare to responses to British imperialism and industrial modernity to establish the perceptible consonance of their works Kipling and Yeats are known to have never corresponded but the chapters collected here show evidence of the influence that their acute awareness of each other's work and thought may have had Offering fresh perspectives which make Kipling's and Yeats's diverse texts contexts and legacies contemporarily relevant this volume will be of great interest to scholars and researchers of literature critical theory postcolonial studies cultural studies and comparative literature **A Somali-Norwegian Saga** Paul Thomas, 2024-07-01

In this evocative memoir traversing more than three decades the author recounts a life moulded through his experiences as a refugee and then cab driver and finally the domain of academia as a professor in Norway Much ink has been spilled and careers both academic and political piggybacked on writing about refugees non western minorities integration and the purported threat they face to western culture Seldom are refugees given a voice to articulate their own perspectives This memoir is the voice of the subaltern inspired by the postcolonial genre of the empire writing back Personal reflections are intertwined with critical analysis in offering a distinctive outlook on the challenges and successes confronting people of colour On a deeper level the memoir is crafted as a no holds barred navigational tool for minoritized youth caught in the crossfire of political and social skullduggery

A Somali Norwegian Saga My Journey from Refugee to Cab Driver to Professor weaves sociological theories into the narrative and serves as a call to broaden and accommodate new and emerging hybrid identities in what has been called the browning of the western demographic openly addresses the conflicts posed by certain minority cultural practices misaligned with universal democratic ideals and ultimately suggests that success is within reach despite the enormous hurdles It is a tribute to the fortitude and resilience of countless nameless refugees who took on the challenges of being outsiders and enriched the diverse fabric of Norwegian society **Children's Books in Print** R R Bowker Publishing, Bowker, 1999-12
