Rudyard Kipling The Complete Verse New Edition:

The Bookman ,1903 **The Oxford Handbook of Victorian Poetry** Matthew Bevis,2013-10 The Oxford Handbook of Victorian Poetry offers an authoritative collection of original essays and is an essential resource for those interested in Victorian poetry and poetics *The Publishers Weekly* ,1913 **Country Life in America** Liberty Hyde Bailey, Henry Hodgman Saylor,1908 **The Athenaeum** ,1891 **New Country Life** ,1926 **Book News** ,1899 **The Magazine of Poetry** ,1891 *The Kipling Journal* ,1927 Pagans and Practitioners Alf H. Walle,2010 Biblical scholarship like many other disciplines has become increasingly isolated As a result the field has not borrowed as much from other areas of scholarship as it could have and has exerted a smaller impact upon the larger intellectual community A significant portion of Pagans and Practitioners deals with how the New Testament can be read as a rebuttal of Pagan rivals In doing so greater linkages with other disciplines are reestablished Discussion of how the tools developed by Biblical criticism can serve other secular disciplines are provided Collectively this book explores how Biblical criticism can exert a greater impact upon the intellectual world *The Athenaeum* James Silk Buckingham, John Sterling, Frederick Denison Maurice, Henry Stebbing, Charles Wentworth Dilke, Thomas Kibble Hervey, William Hepworth Dixon, Norman Maccoll, Vernon Horace Rendall, John Middleton Murry, 1898 *Gin Before Breakfast* W. Dale Nelson, 2007-06-18 This edifying volume presents mini biographies of key British and American poets who at one time or another worked as journalists Poets covered range from the famous to the obscure Whittier to Whitman Kipling to Bryant Coleridge to Crane Writing in a direct straightforward style W Dale Nelson tells each writer s story often relating how the poet in question felt about the journalistic experience and its impact upon creative work Archbold MacLeish wrote young poets are advised by their elders to avoid the practice of journalism as they would set socks and gin before breakfast On the other hand Leonard Woolf suggests that Hemingway s strong spare prose often bears the mark of good journalism The author raises provocative issues about developments in poetic form effects of printing and communication on poetry and the relationship of poetry and cities He also looks at how poetic diction has been influenced by the language of reportage and the basic difference in the purport of journalism versus that of poetry Writing Battles Máire Ní Mhaonaigh, Rory Naismith, Elizabeth Ashman Rowe, 2020-05-14 Battles have long featured prominently in historical consciousness as moments when the balance of power was seen to have tipped or when aspects of collective identity were shaped But how have perspectives on warfare changed How similar are present day ideologies of warfare to those of the medieval period Looking back over a thousand years of British Irish and Scandinavian battles this significant collection of essays examines how different times and cultures have reacted to war considering the changing roles of religion and technology in the experience and memorialisation of conflict While fighting and killing have been deplored glorified and everything in between across the ages Writing Battles reminds us of the visceral impact left on those who come after *Gender, Race, and the Writing of Empire* Paula M. Krebs, 1999 All of London exploded on the night

of May 18 1900 in the biggest West End party ever seen The mix of media manipulation patriotism and class race and gender politics that produced the spontaneous festivities of Mafeking Night begins this analysis of the cultural politics of late Victorian imperialism Paula M Krebs examines the last of the gentlemen s wars the Boer War of 1899 1902 and the struggles to maintain an imperialist hegemony in a twentieth century world through the war writings of Arthur Conan Doyle Olive Schreiner H Rider Haggard and Rudyard Kipling as well as contemporary journalism propaganda and other forms of public discourse Her feminist analysis of such matters as the sexual honor of the British soldier at war the deaths of thousands of women and children in concentration camps and new concepts of race in South Africa marks this book as a significant contribution to British imperial studies

International Directory of Second-hand Booksellers and Bibliophile's Manual James Clegg,1914 **"Librarian," International Directory of Booksellers** ,1914 *Continental Crosscurrents* J. B. Bullen,2005-08-25 *Continental Crosscurrents* is a series of case studies reflecting British attitudes to continental art during the nineteenth and the early twentieth centuries It stresses the way in which the British went to the continent in their search for origins or their pursuit of sources of purity and originality This cult of the primitive took many forms it involved a reassessment of medieval German and Italian art and offered new ways of interpreting Venetian painting it opened up new readings of architectural history and the discovery of the Romanesque it generated a debate about the value of returning to religious subjects in art and it raised the question of the relationship between modern art and Byzantine art in the early twentieth century J B Bullen s original study presents some exciting findings Few critics have noticed how much in advance of his time was Coleridge s passion for medieval art Ruskin s debt in the *Stones of Venice* to Victor Hugo s *Notre Dame de Paris* has hardly been noted and Browning s involvement with the debate on the morality of Christian art is explored more extensively than previously Three chapters are devoted to the role of British criticism in identifying the Romanesque style in architecture and differentiating it from the Gothic They trace the concept as it arose in criticism at the beginning of the nineteenth century its employment in the remarkable buildings of Edmund Sharpe and Sara Losh and the way in which it reached a climax in Waterhouse s enigmatic choice of Romanesque for the Natural History Museum in London The collection concludes with two continental episodes from the history of modernism One is the explosive British reaction to the primitivism of Gauguin the other involves the identifying of one of the characters in D H Lawrence s novel *Women in Love* Curious evidence suggests that the malevolent figure of Loerke was based on a German sculptor whom Lawrence met in Italy before the First World War *Conservative Belief and the Imagination in Kipling's Fiction* Mark Paffard,2023-10-09 This book explores the tension between the conservatism and the imaginative process across the entirety of Rudyard Kipling s fiction It shows how Kipling the conservative thinker explores problematic aspects of Empire and the English class system both because it is unavoidable and because his art requires it This tension is evident in the Indian and Imperial Kipling and in his later English stories Situating Kipling s fiction within changing social and political contexts Mark Paffard shows the

anxieties Kipling as a conservative responds to in the early Indian stories to be very different from those caused by the economic and technological upheaval of the Belle Epoque and those arising from the First World War Paffard reveals how Kipling's development as a writer is shaped by his need to respond differently to a changing world imperialist ideology and conservatism dictate the stories that he sets out to write and his imagination and sympathy shape the stories that are finally written

Melodramatic Imperial Writing Neil Hultgren, 2014-03-01 Melodrama is often seen as a blunt aesthetic tool tainted by its reliance on improbable situations moral binaries and overwhelming emotion features that made it a likely ingredient of British imperial propaganda during the late nineteenth century Yet through its impact on many late Victorian genres outside of the theater melodrama developed a complicated relationship with British imperial discourse Melodramatic Imperial Writing positions melodrama as a vital aspect of works that underscored the contradictions and injustices of British imperialism Beyond proving useful for authors constructing imperialist fantasies or supporting unjust policies the melodramatic mode enabled writers to upset narratives of British imperial destiny and racial superiority Neil Hultgren explores a range of texts from Dickens's writing about the 1857 Sepoy Rebellion to W E Henley's imperialist poetry and Olive Schreiner's experimental fiction in order to trace a new and complex history of British imperialism and the melodramatic mode in late Victorian writing
