Retrieving the Tradition and Renewing Evangelicalism Daniel H. Williams, 1999 A learned and uniquely constructive book that gently urges suspicious Christians to reclaim the patristic roots of their faith This is the first book of its kind meant to help Protestant Christians recognize the early church fathers as an essential part of their faith Writing primarily to the evangelical independent and free church communities who remain largely suspicious of church history and the relationship between Scripture and tradition D H Williams clearly explains why every branch of today s church owes its heritage to the doctrinal foundation laid by postapostolic Christianity Based on solid historical scholarship this volume shows that embracing the catholic roots of the faith will not lead to the loss of Protestant distinctiveness but is essential for preserving the Christian vision in our rapidly changing world

Exploring and Proclaiming the Apostles' Roger Van Harn, 2004-09-14 Foreword by Geoffrey Wainwright Doctrinal preaching has fallen on hard times in recent years Exploring and Proclaiming the Apostles Creed seeks to stimulate renewed interest in and provide useful models of Christian proclamation that is truly rooted in the central tenets of the faith Using the Apostles Creed as a template for doctrinal confessional preaching this book draws together an ecumenical cast of respected biblical scholars and preachers who explain the creed and demonstrate its preaching possibilities Each of the book s fifteen chapters consists of an essay that explores and illuminates one of the creed s articles of faith followed by a scintillating sermon that models how that article can be preached as good news today

The Story of Creeds and Confessions Donald Fairbairn, Ryan M. Reeves, 2019-10-01 Creeds and confessions throughout Christian history provide a unique vantage point from which to study the Christian faith To this end Donald Fairbairn and Ryan Reeves construct a story that captures both the central importance of creeds and confessions over the centuries and their unrealized potential to introduce readers to the overall sweep of church history The book features texts of classic creeds and confessions as well as informational sidebars

The Concept of Canon in the Reception of the Epistle to the Hebrews David Young, 2021-10-21 David Young argues that the reception of the Epistle to the Hebrews in early Christianity was influenced by a number of factors which had little to do with debates about an authoritative canon of Christian writings and which were primarily the concern of a relatively small group of highly educated scholars Through careful study of the quotations and reproductions of Hebrews in their own rhetorical and material context Young stresses that the concept of canon had little bearing on its early reception By exploring the transformation of authorship into authority the patristic citations of Hebrews the Epistle s position in edited collections of the Pauline corpus and the consequences of translation this complex reception history illustrates the myriad ways in which early Christians thought of and interacted with their scriptures

de Jong, Magda Misset-Van de Weg, 2008-11-30 The fact that religions show internal variation and develop over time is not only a problem for believers but has also long engaged scholars This is especially true for the religions of the ancient world where the mere idea of innovation in religious matters evoked notions of revolution and destruction With the emergence of new religious identities from the first century onwards we begin to find traces of an entirely new vision of religion The question was not whether a particular belief was new but whether it was true and the two were no longer felt to be mutually exclusive The present volume brings together articles that study this transformation ranging from broad overviews to detailed case studies
