Rugs To Riches An Insiders Guide To Oriental Rugs:

Rugs to Riches Caroline Bosly, 1983 **Rugs to Riches** Caroline Bosly, 1985 *Rugs to Riches* is an authoritative lively and eminently practical guide for people who want to learn the dos and don'ts of choosing handmade oriental rugs. Caroline Bosly, one of the foremost rug brokers in the world, describes the various types of rugs and their origins, explains the difference between buying new and antique rugs and tells you how to buy a rug of any size at the best possible price. Written in a simple straightforward style that strips away the mystique from oriental rugs, *Rugs to Riches* also advises you on determining whether a rug is handmade or not and whether it has been altered in any way. Evaluating a rug's condition and determining whether the retail price is a fair one using a simple point system. Bargaining down the price of a rug no matter what type of store you find it in. Selling a rug and making a profit. Decorating with oriental rugs and ensuring that they remain clean and in good repair.

Oriental Rugs George W. O'Bannon, 1994-10. An essential reference work for all oriental rug scholars, collectors, dealers, and Islamic art historians, this is the first comprehensive bibliography written in English on the oriental rug and carpet literature beginning with the first publication on oriental rugs in 1877 and including all known publications in any language published through 1992. O'Bannon has attempted to identify all single publications, including reprints of articles from journals and periodicals on this topic. 2,875 separate entries in all. The bibliography is divided into three major categories: Carpets, Islamic Arts and Textiles, and Maintenance, Care and Related Books, with general and geographic subdivisions. Related topics include wool dyeing, looms, technical aspects of weaving, and the history of oriental carpets. Numbered for easy reference, entries are listed alphabetically by author and include standard bibliographic information and brief annotations. Titles of non-English language publications are transliterated into English. There are several cross-references to geographic areas, tribal weavings, exhibitions, basic reference works, and private and public collections of oriental rugs.

Bibliography of Art and Architecture in the Islamic World (2 Vol. Set) Susan Sinclair, C. H. Bleaney, Pablo García Suárez, 2012. Following the tradition and style of the acclaimed *Index Islamicus*, the editors have created this new *Bibliography of Art and Architecture in the Islamic World*. The editors have surveyed and annotated a wide range of books and articles from collected volumes and journals published in all European languages except Turkish between 1906 and 2011. This comprehensive bibliography is an indispensable tool for everyone involved in the study of material culture in Muslim societies.
