Rule Golden And Other Stories:

The golden rule: and other stories for children Mary Catharine Hume- Rothery,1863 **Rule Golden** Damon Knight,1979-04-01 **The Legend of Gold and Other Stories** Jun Ishikawa,1998-10-01 The four stories and novella translated in this volume represent the best short fiction by Ishikawa Jun 1899 1987 one of the most important modernist writers to appear on the Japanese literary stage during the years before and after World War II Throughout his career Ishikawa resisted the tide of popular opinion to address issues of political and artistic significance and thereby paved the way for a generation of Japanese internationalists and experimentalists including Abe Kobo and Oe Kenzaburo Highly acclaimed and respected in Japan Ishikawa remains little known in the West in part because of the tendency of Western critics and readers of Japanese literature to focus on writers concerned with aesthetic issues Combining a strong interest in politics with a brilliant use of modernist techniques Ishikawa s work defies easy categorization Banned in 1938 Mars Song has been called the finest example of anti war fiction written during Japan s march to war in China and the Pacific In it Ishikawa denounces the chorus of jingoism that swept Japan and via a metafictional tale within a tale he warns against the suicidal destruction to which complicity in warmongering will lead The allegorical Moon Gems written in the spring of 1945 further explores the tenuous position of the writer moving against the current in a country not only still at war but very near defeat In The Legend of Gold and The Jesus of the Ruins both from 1946 Japan has been reduced to a charred wasteland yet Ishikawa envisions destruction as fertile ground for rebirth and resurrection Finally the semi surrealist novella The Raptor plumbs the meanings and possibilities of peace in the post Occupation era William Tyler s eminently readable translations are faithfully expressive of stylistic and tonal nuances in the original works In a perceptive introduction and the critical essays that follow Tyler emphasizes Ishikawa s importance as an anti establishment even resistance writer and argues that the writer s political iconoclasm goes hand in hand with the modanizumu of his literary experimentation The Legend of Gold will be of tremendous importance in enlarging a Western understanding of the development of the writer s role as social critic and the evolution of the modernist movement in postwar Japan **Her Weight in Gold; And other stories** George Barr McCutcheon,2025-08-16 Reproduction of the original The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage **The Gold of the Sunbeams and Other Stories** Tito Rajarshi Mukhopadhyay,2005 Two miracles underlie this work the author s age he is seventeen years old and the fact that he is severely autistic Both aspects enrich the substance of his narrative This talented young writer defying the general perception that autistic people imprisoned within themselves are unable to communicate with the outside world has been writing stories of poetic prose and literary eloquence since before he was eight Tito s stories range from beautiful to funny and touching In the title story the young protagonist whose father has been imprisoned for gambling in the park must assume overnight the mantle of

responsibility for his family which he does with great heroism until that authority has to be returned to his father and new problems begin In *The Showers* when a cyclone wreaks devastation in rural India Tito imagines the survivor's plight from the sorrow of losing their homes to the politics of rebuilding their lives In *Broken Mirror* we learn the history of a room from a broken mirror that hangs on the wall and which Tito imbues with emotions and memories In *Grey Apple Green and White* he gives life and character to colors the way the French symbolist poet Rimbaud gave colors to vowels The stories connect through a rich and complex imagery of smiles dust motes and margosa trees **BOOK JACKET** **Beyond Gold and Other Stories** David I. Ker, 2002 **The Gold Brick; And Other Stories** Brand Whitlock, 2025-08-30 Reproduction of the original The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage *The Pot of Gold, and Other Stories* Mary Eleanor Wilkins Freeman, 2019-11-20 In *The Pot of Gold and Other Stories* Mary Eleanor Wilkins Freeman intricately weaves tales that capture the essence of late 19th century New England life The collection showcases her deft narrative style marked by vivid descriptions an acute psychological insight and a keen ear for dialect Freeman's stories delve into the lives of women navigating their individual desires amidst societal constraints often exposing the tensions between personal aspirations and community expectations The themes of ambition longing and the quest for fulfillment resonate throughout the collection reflecting the period's cultural dialogue on gender and identity Mary Eleanor Wilkins Freeman was a pioneering American author who grew up in a rural Connecticut setting that profoundly influenced her literary voice Her deep understanding of the struggles faced by women during this era is informed by her own experiences as a writer teacher and caretaker Freeman's dedication to portraying the inner lives of her characters and their complex relationships with family and friends stemmed from her commitment to illuminating the often overlooked narratives of women's lives and the harsh realities they faced *The Pot of Gold and Other Stories* is highly recommended for readers interested in classic American literature that explores gender and societal norms Freeman's evocative storytelling and relatable characters make this collection an essential read for those seeking insight into the female experience in a tumultuous period of American history *The Year's Best Science Fiction: Fourth Annual Collection* Gardner Dozois, 1987-04-15 This latest volume of *The Year's Best Science Fiction* carries on the proud tradition with stories by Lucius Shepard Orson Scott Card Damon Knight Pat Cadigan Robert Silverberg Somtow Sucharitkul Tanith Lee Scott Baker Michael Swanwick John Kessel Richard Kearns Greg Bear Bruce Sterling Jack Dann Tim Powers James Patrick Kelly Connie Willis Harry Turtledove Howard Waldrop Walter Jon Williams Neal Barrett Jr Lewis Shiner Judith Moffett Kim Stanley Robinson Tom Maddox Karen Joy Fowler William Gibson More than any other anthology this volume truly is the best science fiction of the year the single book no SF fan can be without *The Year's Best Science Fiction* Gardner Dozois, 1987-04 A collection of the best stories published in 1986 **Dogtales!** Gardner Dozois, Jack Dann, 2013-06-15 Sixteen spellbinding stories of uncanny canines heroic hounds and

Petersburg The wearer of this cloak was a young fellow also of about twenty six or twenty seven years of age slightly above the middle height very fair with a thin pointed and very light coloured beard his eyes were large and blue and had an intent look about them yet that heavy expression which some people affirm to be a peculiarity as well as evidence of an epileptic subject His face was decidedly a pleasant one for all that refined but quite colourless except for the circumstance that at this moment it was blue with cold He held a bundle made up of an old faded silk handkerchief that apparently contained all his travelling wardrobe and wore thick shoes and gaiters his whole appearance being very un Russian American Literary Gazette and Publishers' Circular ,1868 *The Golden Rule* ,1846 **Children's Catalog of Thirty-five Hundred Books** H.W.
