The Startup Playbook Rajat Bhargava, Will Herman, 2020-07-08

Get the real guidance you need to create and build your first startup company from founders who have been there many times before. The first run printing of The Startup Playbook SOLD OUT. So we revised, expanded and improved this second edition, including a new foreword by Brad Feld, author of Venture Deals. We still give our personal how-to guide for building your startup from the ground up. You'll find a collection of the major lessons and shortcuts we've learned that will shift the odds in your favor. We're sharing our tips, secrets and advice in a frank founder-to-founder discussion with you. We make no bones about our bias. We're on your side, the founder's side. While venture capitalists, investors and accelerators/incubators can add great value in the startup ecosystem, this book isn't about their points of view. We'll tell you where our interests as founders diverge from those on the other side of the table: investors, bankers, advisors, board members.

and others and what to do when that happens The Startup Playbook is not a recipe it s not a template it s not a list of tasks to do It s our insider s guide to starting a company and running it successfully in those critical early months Between us we ve started over a dozen high tech software companies and raised over 500 million in investment capital We ve acquired over thirty five companies had three of our startups go public sold six of them and we made billions of dollars for shareholders We ve also invested in over eighty startups advised and mentored over two hundred companies and actively worked with venture capitalists VCs incubators and accelerators to help launch many other new startups We ve had plenty of failures too And we ve probably learned more from those than from the successes We share those lessons as well The Startup Playbook is full of our advice guidance do s and don ts from our years of experience as founders many times We want to share our hard earned knowledge with you to make success easier for you to achieve This book is extraordinarily fresh and exciting In an accessible straight talk fashion this book is a manual and an inspiration The Startup Playbook is smart and avoids the I am so smart over writing endemic to the genre Read this as it is presented You ll be doing yourself a tremendous favor Amazon Reviewer
