Ames,1994-07-01 Ames demonstrates that the political theory contained in The Art of Rulership shares an underlying sympathy with precepts of Taoist and Confucian origin and contains a systematic political philosophy that is not only unique but compelling The book presents a political theory that tempers lofty ideals with functional practicability

**The Inclusive Bible** Priests for Equality (Organization),2009 While this new Bible is certainly an inclusive language translation it is much more it is a re imagining of the scriptures and our relationship to them Not merely replacing male pronouns the translators have rethought what kind of language has built barriers between the text and its readers Seeking to be faithful to the original languages they have sought new and non sexist ways to express the same ancient truths The Inclusive Bible is a fresh dynamic translation into modern English carefully crafted to let the power and poetry of the language shine forth particularly when read aloud giving it an immediacy and intimacy rarely found in traditional translations of the Bible The Inclusive Bible contains both the Old and the New Testaments     *The New Kremlinology* Alexander Baturo,Johan A. Elkind,2021 This book is the in depth examination of the development of regime personalization in Russia

Cottingham, 2021-07-06 The new edition of this celebrated anthology surveys the Western philosophical tradition from its origins in ancient Greece to the work of today's leading philosophers Western Philosophy An Anthology provides an authoritative guided tour through the great tradition of Western philosophical thought The seminal writings of the great philosophers along with more recent readings of contemporary interest are explored in 144 substantial and carefully chosen extracts each preceded by a lucid introduction guiding readers through the history of a diverse range of key arguments and explaining how important theories fit into the unfolding story of Western philosophical inquiry Broad in scope the anthology covers all the main branches of philosophy theory of knowledge and metaphysics logic and language philosophy of mind the self and freedom religion and science moral philosophy political theory aesthetics and the meaning of life all in self contained parts which can be worked on by students and instructors independently The third edition of the Anthology contains newly incorporated classic texts from thinkers such as Aquinas Machiavelli Descartes William James and Wittgenstein Each of the 144 individual extracts is now followed by sample questions focusing on the key philosophical problems raised by the excerpt and accompanied by detailed further reading suggestions that include up to date links to online resources Also new to this edition is an introductory essay written by John Cottingham which offers advice to students on how to read and write about a philosophical text Part of the Blackwell Philosophy Anthologies series Western Philosophy An Anthology Third Edition remains an indispensable collection of classic source materials and expert insights for both beginning and advanced university students in a wide range of philosophy courses      *Isocrates and Civic Education* Takis Poulakos, David Depew, 2004-07-01 These varied and probing engagements with Isocrates are a very valuable contribution to our understanding of a figure with whom it remains difficult to come to terms Readers of *Isocrates and Civic Education* will find many fruitful new questions opened up before them Polis Civic virtue and the type of education that produces publicly minded citizens became a topic of debate in American political discourse of the 1980s as it once was among the intelligentsia of Classical Athens Conservatives such as former National Endowment for the Humanities chairman William Bennett and his successor Lynn Cheney held up the Greek philosopher Aristotle as the model of a public spirited virtue centered civic educator But according to the contributors in this volume a truer model both in his own time and for ours is Isocrates one of the preeminent intellectual figures in Greece during the fourth century B C In this volume ten leading scholars of Classics rhetoric and philosophy offer a pathfinding interdisciplinary study of Isocrates as a civic educator Their essays are grouped into sections that investigate Isocrates program in civic education in general J Ober T Poulakos and in comparison to the Sophists J Poulakos E Haskins Plato D Konstan K Morgan Aristotle D Depew E Garver and contemporary views about civic

education R Hariman M Leff The contributors show that Isocrates rhetorical innovations carved out a deliberative process that attached moral choices to political questions and addressed ethical concerns as they could be realized concretely His notions of civic education thus created perspectives that unlike the elitism of Aristotle could be used to strengthen democracy *The Struggle to Constitute and Sustain Productive Orders* Vincent Ostrom, 2008-01-01 Countries governments and organizations devise constitutions to reflect their visions of governance and rules for their leaders They vary considerably in both formats and consequences Disputes over constitutions can lead to fights contests debates and more Vincent Ostrom is one of America s leading scholars on constitutions and has spent a lifetime researching analyzing and writing about constitutions in America and overseas He provides methods to judge and to implement constitutions as citizens struggle with their formulation In this book scholars from around the world add to this intellectual quest of massive scholarly and practical importance Using the research and methodology pioneered by Ostrom they identify and analyze the criteria for successful constitutions in both theory and practice *Knowledge and Beauty in Classical Islam* Giovanna Lelli, 2020-10-18 This volume offers an aesthetic reading of the Muqaddima by Ibn Khald n d 1406 a text that has been studied up to the present as a work on historiography It argues that the Muqaddima is also a comprehensive treatise on classical Arab Islamic culture and provides a picture of classical Arab Islamic aesthetics in its totality The theme of the book is the intrinsic connection between beauty and knowledge in the Muqaddima Whenever Ibn Khald n deals with the problem of knowledge and science he also deals with the problem of sensual beauty as an instrument or an obstacle to attain it Ibn Khald n s philosophy of history is necessarily also an aesthetics of history His key notion of group feeling the physical ethic and aesthetic virtue of Bedouin societies is at once the origin of the ascent of centralised States and the cause of their ruin It represents a tragic contradiction that applies to the history of the Maghreb but then takes a universal value It reflects a range of other contradictions inherent to the system of classical Arab Islamic aesthetics These contradictions undermine the aesthetic system of the Muqaddima from within and provide decisive elements for the emergence of modern aesthetics Offering a comparative approach the volume is a key resource to scholars and students interested in Arabic and Islamic studies philosophy aesthetics and global history **The Philosophy of Civil Rights in the Context of China** Xia Yong, 2011-06-22 Due to the growing impact of China on world affairs how Chinese history has affected its current development in the field of human rights and law is generating great interest in the Western world The result of a decade long study of rights thinking in both China and the Western world this book offers a comprehensive examination of the theories and practice of rights in the context of Chinese culture and social development From the perspective of civil philosophy the author discusses the problems of culture morality society and politics in modern China The book also provides a unique contribution to an assessment of the impact of Western philosophical thought on contemporary Chinese rights and political thinking This unique volume deals with both history and today China and the West in the field of rights thinking and

practice     Real Reasons Rulers Resist Replacement Emmanuel Oghenebrorhie,2011-05-02 This is the first of a two part series which outlines the real reasons rulers would not readily subscribe to giving up their positional power authority and relevance Only those who are honest and had occupied such positions would understand the plight of the acclaimed bad ruler whom citizens insist must quit It is one of the most difficult things for the human nature to comprehend and agree to implement at his expense All those clamouring for the replacement of the ruler know their heart hidden reasons above the tenable reasons they give and defend stoutly for such insistence Rather than rubbish them rulers under pressure to quit or who have even quit should be pitied because they are living a nightmare every minute they spend outside the throne which they once enjoyed Most times ousted rulers feel better dead than alive to adjust to regular lifestyle in the same domain in which they once ruled and reigned Enjoy a happy reading     **The theory and practice of surveying, designed for the**

**Visual Political Communication in Popular Chinese Television Series** Florian Schneider,2012-09-14 Visual Political Communication in Popular Chinese Television Series has been granted the EastAsiaNet 2014 Award In Visual Political Communication in Popular Chinese Television Series Florian Schneider analyses political discourses in Chinese TV dramas the most popular entertainment format in China today Schneider shows that despite their often nationalistic stories of glorious emperors and courageous officials such programmes should not be mistaken for official propaganda Instead the highly didactical messages of such series are the outcome of complex cultural governance practices which are influenced by diffuse political interests commercial considerations viewing habits and ideological assumptions Schneider argues that these interlinking factors lead to a highly restrictive creative environment and to conservative entertainment content that ultimately risks creating precisely the kind of passive masses that Chinese media workers and government officials are trying so hard to emancipate     **Facts for the Thoughtful Bookbinder, Paper-ruler, Printer, Lithographer, Paper-box**
