Approaches in Comparative Political Analysis Pushpa Singh, Chetna Sharma, 2024-12-18 This book focuses on the methods and approaches in comparative politics while tracing the evolution of the discipline Exploring its historical legacy through a comparative perspective it uses research methods and methodologies to critically analyse the approaches discussed in the book This unique volume provides an exclusive reading on the dimension of gender in comparative politics It also investigates the foundational approaches and insights from the perspective of postcolonial societies and diverse regions of the world Lucidly written to serve a diversity of readership this book is an invaluable resource for students researchers and teachers from the departments of political science public administration history and journalism Owing to its detailed

diverse and rich discussions on the different aspects of these themes it will be equally useful to researchers in the field of gender studies and comparative politics Handbook of Intellectual Property Research Irene Calboli, Maria Lilla Montagnani, 2021-05-20 The relevance of intellectual property law has increased dramatically over the last several years Globalization digitization and the rise of post industrial information based industries have all contributed to a new prominence of IP law as one of the most important factors in driving innovation and economic development At the same time the significant expansion of IP rules has impacted many areas of public policy such as public health the environment biodiversity agriculture and information in an unprecedented manner The growing importance of IP law has led to an exponential growth of academic research in this area This book offers a comprehensive overview of the methods and approaches that could be used as guidelines to address and develop scholarly research questions related to intellectual property law In particular this volume aims to provide a useful resource that can be used by IP researchers who are interested in expanding their expertise in a specific research method or seek to acquire an understanding of alternative lenses that could be applied to their research This edited collection is one of the largest compilations to date of existing methods and approaches from different lenses perspectives and experiences from a diverse group of scholars who derive from a wide range of countries backgrounds and legal traditions This diversity both regarding the topics and the authors of the contributions is a fundamental feature of this collection which seeks to assist IP researchers across many countries in the developing and developed world This is an open access title available under the terms of a CC BY NC ND 4 0 International licence It is offered as a free PDF download from OUP and selected open access locations Land, Law and Politics in Africa Jan Abbink, Jon Abbink, Mirjam de Bruijn, 2011-11-11 This book offers a series of new studies on the dynamics of political and legal culture as well as of conflict management in contemporary Africa taking inspiration from and honoring the scholarly contributions and impact of Prof Gerti Hesseling 1946 2009 in African Studies **The Political Economy of Conflict and Violence against Women** Kumudini Samuel, Claire Slatter, Vagisha Gunasekara, 2019-08-15 The Political Economy of Conflict and Violence against Women shows how political economic social and ideological processes intersect to shape conflict related gender based violence against women Through feminist interrogations of the politics of economies struggles for political power and the gender order this collection reveals how sexual orders and regimes are linked to spaces of production Crucially it argues that these spaces are themselves firmly anchored in overlapping patriarchies which are sustained and reproduced during and after war through violence that is physical as well as structural Through an analysis of legal regimes and structures of social arrangements this book frames militarization as a political economic dynamic developing a radical critique of liberal peace building and peace making that does not challenge patriarchy or modes of production and accumulation The Terms of Political Discourse William E. Connolly, 1993-09-12 William Connolly presents a lucid and concise defense of the thesis of essentially contested concepts that can well be read as a general introduction to

political theory as well as for its challenge to the prevailing understanding of political discourse In Connolly's view the language of politics is not a neutral medium that conveys ideas independently formed but an institutionalized structure of meanings that channels political thought and action in certain directions In the new preface he pursues the implications of this perspective for a distinctive conception of ethics and democracy

Legal Consciousness and the Rule of Law in Post-Conflict Societies Holly Dunn, 2022-12-30 This book considers how legal reforms and awareness raising associated with building the rule of law have engaged the popular legal consciousness producing contradictions that have in turn shaped the nature of the resultant legality How are popular legal justice beliefs and practices transformed when legal reforms encounter local contexts and cultures For over a decade scholars have engaged with the argument that legal reform through rule of law building is the answer to the various ills of countries transitioning from war to peace or authoritarianism to democracy Yet scholars have also repeatedly critiqued rule of law building projects The rule of law in theory and in practice is a product of Western liberal thought and development and provides limited space for local culture norms and practices This tension has been playing out in multiple locations and in the Democratic Republic of Congo for about two decades This book examines how rule of law reforms in the Democratic Republic of Congo shape local understandings and practices of law and justice Instead of focusing on their so called successes and failures it explores popular legal consciousness how people think about perceive and engage with the law to draw broader conclusions about the practical everyday outcomes of attempts to build the rule of law This book will appeal to comparativists Africanists and socio legal scholars who study post conflict reconstruction rule of law building legal consciousness access to justice and legal pluralism as well as those with practical interests in these areas

Religion, Law and the Constitution Javier García Oliva, Helen Hall, 2017-08-10 This book examines the existing constitutional and legal system in England Wales and Scotland through the prism of its treatment of religion and belief The study encompasses questions of Church state relations but pushes far beyond these It asks whether the approach to religion which has spread out from establishment to permeate the whole legal framework is a cause of concern or celebration in relation to individual and collective freedoms The primary focus of the work is the synergy between the religious dimension of the juridical system and the fundamental pillars of the Constitution parliamentary sovereignty the rule of law separation of powers and human rights Javier García Oliva and Helen Hall challenge the view that

separation between public and religious authorities is the most conducive means of nurturing a free and democratic society in modern Britain. The authors explore whether counter intuitively for some the religious dynamic to the legal system actually operates to safeguard liberties and has a role in generating an inclusive and adaptable backdrop for our collective life. They suggest that the present paradigm brings benefits for citizens of all shades of religious belief and opinion including Atheist and Humanist perspectives as well as secondary advantages for those with profound beliefs on non religious matters such as pacifism and veganism. In support of their contentions Garc a Oliva and Hall examine how the religious dimension of the legal framework operates to further essential constitutional principles in diverse settings ranging from criminal to family law. In a groundbreaking move the authors also set the legal discussion alongside its social and cultural context. They consider how the theological perspectives of the larger faith traditions might influence members ideas around the key constitutional precepts and they include extracts from interviews which give the personal perspective of more than 100 individuals on contemporary issues of law and religious freedom. These voices are drawn from a range of fields and positions on faith. While the authors are at pains to stress that these sections do not support or advance their legal or theological conclusions they do provide readers with a human backdrop to the discussion and demonstrate its crucial importance in twenty first century Britain.

Handbook of Research on Ethnic, Racial, and Religious Conflicts and Their Impact on State and Social Security Alaverdov, Emilia, Bari, Muhammad Waseem, 2021-10-29. The resolution of conflicts based on religious and ethnic contradictions is a time consuming process. Under certain conditions a religious conflict became a form of expression of class estate interethnic contradictions and the confrontation of states. However we know that all religions call for peace tolerance and understanding. There is a need to realize that social injustice inequality and hostility toward any religious and ethnic groups fluctuates depending on the extent to which religious and ethnic differences are linked to economic political or national interests. The Handbook of Research on Ethnic Racial and Religious Conflicts and Their Impact on State and Social Security forms a civil position and identity and provides knowledge of the development of conflict preconditions. This research explains conflict avoidance and solutions and creates a solid base for ethnic and religious integration while being aware of conflict consequences and avoiding xenophobia. Covering topics such as economic crisis radicalization and spiritual security this book is an indispensable resource for students of higher education professors faculty libraries researchers policymakers community leaders human rights activists religious leaders and academicians. **Worship And Conflict**
