Rules For The World International Organizations In Global Politics

Bob Reinalda, Marieke Louis

Rules For The World International Organizations In Global Politics:

Rules for the World Michael Barnett, Martha Finnemore, 2004-10-20 *Rules for the World* provides an innovative perspective on the behavior of international organizations and their effects on global politics. Arguing against the conventional wisdom that these bodies are little more than instruments of states, Michael Barnett and Martha Finnemore begin with the fundamental insight that international organizations are bureaucracies that have authority to make rules and so exercise power. At the same time, Barnett and Finnemore maintain such bureaucracies can become obsessed with their own rules, producing unresponsive, inefficient, and self-defeating outcomes. Authority thus gives international organizations autonomy and allows them to evolve and expand in ways unintended by their creators. Barnett and Finnemore reinterpret three areas of activity that have prompted extensive policy debate: the use of expertise by the IMF to expand its intrusion into national economies, the redefinition of the category refugees and decision to repatriate by the United Nations High Commissioner for Refugees, and the UN Secretariat's failure to recommend an intervention during the first weeks of the Rwandan genocide. By providing theoretical foundations for treating these organizations as autonomous actors in their own right, *Rules for the World* contributes greatly to our understanding of global politics and global governance. *Rules For The World International Organizations In Global Politics* Michael Barnett, Martha Finnemore, 2006-01-01

The Politics of Expertise in International Organizations Annabelle Littoz-Monnet, 2017-02-24 This edited volume advances existing research on the production and use of expert knowledge by international bureaucracies. Given the complexity, technicality, and apparent apolitical character of the issues dealt with in global governance arenas, evidence-based policy making has imposed itself as the best way to evaluate the risks and consequences of political action in global arenas. In the absence of alternative democratic modes of legitimation, international organizations have adopted this approach to policy making. By treating international bureaucracies as strategic actors, this volume addresses novel questions: why and how do international bureaucrats deploy knowledge in policy making? Where does the knowledge they use come from, and how can we retrace pathways between the origins of certain ideas and their adoption by international administrations? What kind of evidence do international bureaucrats resort to, and with what implications? Which types of knowledge are seen as authoritative, and why? This volume makes a crucial contribution to our understanding of the way global policy agendas are shaped and propagated. It will be of great interest to scholars, policy makers, and practitioners in the fields of public policy, international relations, global governance, and international organizations.

Rule in International Politics Christopher Daase, Nicole Deitelhoff, Antonia Witt, 2023-06-29 Demonstrates how rule is not only a feature of order in states but also in the international realm.

An Introduction to International Organizations Law Jan Klabbers, 2022-03-10 The fourth edition of this market-leading textbook offers students a clear framework for understanding the practice and logic of International Organizations Law. It is structured around the three defining relationships IOs engage in, namely with their member states, with their organs,

and staff and with the outside world These different dynamics give rise to different concerns which each help to explain the logic behind international institutional law The text also discusses the essential topics of the law of IOs including powers and finances privileges and immunities institutional structures and accountability By demonstrating how the theory works in practice with recent examples students will observe the impact and significance of International Organizations Law Updated with the latest case law and literature this new edition also contains discussions of the withdrawal of Israel and the US from UNESCO Brexit and the Covid 19 pandemic and how these affect the law of international organizations

International Organization and Global Governance Thomas G. Weiss, Rorden Wilkinson, 2013-10-15 Featuring a diverse and impressive array of authors this volume is the most comprehensive textbook available for all interested in international organization and global governance Organized around a concern with how the world is and could be governed the book offers in depth and accessible coverage of the history and theories of international organization and global governance discussions of the full range of state intergovernmental and nonstate actors and examinations of key issues in all aspects of contemporary global governance The book's 50 chapters are arranged into 7 parts and woven together by a comprehensive introduction to the field separate section introductions designed to guide students and faculty and helpful pointers to further reading International Organization and Global Governance is a self contained resource enabling readers to better comprehend the role of myriad actors in the governance of global life as well as to assemble the many pieces of the contemporary global governance puzzle

The Oxford Handbook of the Theory of International Law Anne Orford, Florian Hoffmann, Martin Clark, 2016-09-22 The Oxford Handbook of International Legal Theory provides an accessible and authoritative guide to the major thinkers concepts approaches and debates that have shaped contemporary international legal theory The Handbook features 48 original essays by leading international scholars from a wide range of traditions nationalities and perspectives reflecting the richness and diversity of this dynamic field The collection explores key questions and debates in international legal theory offers new intellectual histories for the discipline and provides fresh interpretations of significant historical figures texts and theoretical approaches It provides a much needed map of the field of international legal theory and a guide to the main themes and debates that have driven theoretical work in international law The Handbook will be an indispensable reference work for students scholars and practitioners seeking to gain an overview of current theoretical debates about the nature function foundations and future role of international law

International Institutional Law Henry G. Schermers, Niels M. Blokker, 2011-08-11 This book offers a comparative analysis of the institutional law of public international organizations covering issues such as membership institutional structure decisions and decision making legal status privileges and immunities It has been designed to appeal to both academics and practitioners

International Organizations and Implementation Jutta Joachim, Bob Reinalda, Bertjan Verbeek, 2007-11-19 International organizations have once more become subjects of investigation for a whole range of scholars political scientists international relations specialists

organization theorists and policy experts alike The end of the Cold War increased globalization and the intensification of regional and functional cooperation all have produced a greater interest in the role of international organizations and rightly so since they increasingly take part in global governance as over burdened governments become more and more willing to transfer responsibility to them or need to work through them International Organizations and Policy Implementation determines the extent to which international intergovernmental organizations are involved in the national implementation of internationally formulated policies In particular it specifies the conditions under which they can be more or less successful in influencing the course and content of implementation or imprint their perspective on domestic policies This edited volume helps to fill a gap in the existing literature in two respects contrary to many implementation studies the chapters are comparative in nature contrasting the role of international organizations across time different levels or different issue areas and second they are theoretically grounded

International Organizations Ian Hurd, 2021 This fourth edition introduces modern international organizations highlighting the legal and political features of the most important global institutions

Research Handbook on the European Union and International Organizations Ramses A. Wessel, Jed Odermatt, Over the years the European Union has developed relationships with other international institutions mainly as a result of its increasingly active role as a global actor and the transfer of competences from the Member States to the EU This book presents a comprehensive and critical assessment of the EU's engagement with other international institutions examining both the EU's representation and cooperation as well as the influence of these bodies on the development of EU law and policy

International Organizations in WTO Dispute Settlement Marina Foltea, 2012-11-08 This in depth analysis of the role of international organisations in WTO dispute settlement examines the level of institutional sensitivity of the WTO adjudicator to organisations including the IMF WIPO WCO and WHO It will appeal to international law scholars civil servants and law practitioners

Legitimizing International Organizations Dominik Zaum, 2013-09-26 The importance of legitimacy is widely recognised in the literature on international and regional organizations not least for compliance with their decisions How such organizations claim and sustain their legitimacy however has been insufficiently analysed and understood Through a range of conceptual chapters and case studies this volume examines the legitimization practices of international and regional organizations It examines how international organizations justify and communicate their legitimacy claims and how these practices differ between organizations It also considers the implications of this analysis for global and regional governance

Global Norm Compliance Aliya Tskhay, 2020-02-24 This book examines the implementation of the spread of and compliance with emerging global norms Based on empirical country studies on the implementation of transparency norms defined by the Extractive Industries Transparency Initiative EITI a multi stakeholder process seeking to promote global standards for the transparent and accountable management of oil gas and mineral resources it investigates the various factors and motivations affecting actors with regard to norm compliance The book demonstrates that compliance with global

norms depends on a combination of various factors including motivations and conditions for introducing norms into the domestic political space local actors level of commitment to the norm and their capacity for norm compliance Given its scope the book will appeal to all international relations scholars interested in processes of norm localisation compliance and contestation

International Organization Volker Rittberger, Bernhard Zangl, Andreas Kruck, Hylke Dijkstra, 2019-01-17 The third edition of this popular core textbook provides wide ranging coverage of the structure internal working policies and performance of international organizations such as the UN EU IMF and World Bank Such organizations have never been so important in addressing the challenges that face our increasingly globalised world This book introduces students to theories with which to approach international organizations their history and their ability to respond to contemporary issues in world politics from nuclear disarmament climate change and human rights protection to trade monetary and financial relations and international development Underpinning the text is the authors unique model that views international organizations as actual organizations Reacting to world events political actors provide the inputs which are converted by the political systems of these organizations through various decision making procedures into outputs that achieve varying levels of real world impact and effectiveness This is the perfect text for undergraduate and postgraduate students of politics and international relations taking courses on International organization and global governance as well as essential reading for those studying the UN the EU and Globalization New to this Edition Draws on the most recent research in the field and considers some of the significant world events of the last decade to ensure that the book is completely up to date Two separate chapters considering Trade and Development and Finance and Monetary Relations respectively Fully accounts for the challenges to international organizations by the emerging powers the Trump administration and Brexit

The Exercise of Public Authority by International Institutions Armin Bogdandy, Rüdiger Wolfrum, Jochen Bernstorff, Philipp Dann, Matthias Goldmann, 2010-02-11 The concept of global governance which first emerged in the social sciences has triggered different responses in the discipline of law This volume contains our proposal It approaches global governance from a public law perspective which is centered around the concept of international public authority and relies on international institutional law for the legal conceptualization of global governance phenomena This proposal results from a larger project which started in 2007 The project is a collaborative effort of the directors of the Max Planck Institute for Comparative Public Law and International Law research fellows and friends of the Institute as well as eminent members of the Law Faculty of the University of Heidelberg Most of the materials contained in this volume were first published in the November 2008 issue of the German Law Journal <http://www.germanlawjournal.com> We would like to express our sincere gratitude to the journal's editors in chief Professors Russell Miller Washington and Lee University School of Law and Peer Zumbansen Osgoode Hall Law School York University Toronto for the opportunity to publish our papers as a special issue of their journal The 2008 2009 University of Idaho College of Law German Law Journal student editors deserve special recognition for their hard and

diligent work during the publication process At the Institute Eva Richter Michael Riegner and the editorial staff of this publication series were instrumental in bringing this publication to fruition
