## **Rumba Guaguanco Conversations:**

**Rumba Guaguanco Conversations** Arturo Rodriguez, 2013-04-03 Interact and Learn is the overriding theme of this outstanding book and companion online audio. This progressive self study course is designed to expose the percussion student to the seductive and complex Cuban rumba style known as guaguanco. The author offers a generous dose of text and percussion charts to be used with the recorded exercises. The rumba ensemble typically includes claves, low midrange and high pitched conga drums, the madrugá shaker, palitos sticks applied to a hollow wooden cylinder and vocal elements. The comprehensive quality of this book might best be illustrated by the author's emphasis on using the three conga drums as pitched melodic instruments. Sitting and hand positions and drum techniques are clearly illustrated with photographs as is the convenient instrumental glossary. This book also provides useful course and lesson objectives for self evaluation. The companion Audio presents percussion concepts and instruments individually and in conversation. All in all, this Book Audio package offers a fabulous introduction. Includes access to online audio.

**Bembe Conversations** Arturo Rodriguez, 2013-04-03 Welcome to the rhythm Bembe. This book Audio set is a self study method designed to reveal the beautiful music that has been developed and maintained in Cuban culture. This is accomplished through reading, interpreting, percussion charts and interacting with a series of audio recordings and exercises which concentrate on the drum percussion and vocal parts of the rhythm Bembe. While working through the progressive exercises and charts, you will begin to understand rhythms with a triplet swing, in other words, rhythms in multiples of three beats. In traditional Bembe, the supporting drums tend to remain rhythmically fixed, not deviating from a basic pattern. Also, traditional Bembe usually incorporates only a single mid range support drum. In this lesson, some of the artistic license has been applied to these traditional aspects, adding a second mid range drum to the ensemble and expanding on the basic dialogues maintained between the supporting drums. Course objectives, a bibliography and an extensive glossary are included. Includes access to online audio.

*Conversations in clave* Horacio Hernandez, 2000 The ultimate technical study of four way independence based on Afro Cuban rhythms. This detailed and methodical approach will develop four limb coordination and expand rhythmic vocabulary. Understanding the clave and the relationship between eighth note and triplet rhythms will aid in mastering the multiple and complex rhythms of Afro Cuban styles.

*Traditional Afro-Cuban Concepts in Contemporary Music* Arturo Rodriguez, 2011-03-11 This course examines the infusion of traditional Afro Latin and especially Afro Cuban concepts into contemporary Western music. Upon completion of this book, you will have mastered many new skills that will help you become a more accomplished percussionist and more importantly, a more complete musician. By exploring the role of percussion in traditional Afro Cuban music, you will understand the important contribution drums make towards a complete musical piece and that a drum is not merely a rhythmic placeholder but truly a musical instrument worthy of recognition. While this book focuses primarily on hand percussion, its basic principals are also applied to the drum kit. There is no

standard notation in this book rather the rhythms are illustrated with easily understood charts based on counting out subdivided beats Two companion CDs offer audio examples of all major points *Tomas Cruz Conga Method Volume 3 Advanced* Tomas Cruz, Kevin Moore, Mike Gerald, Orlando Fiol, 2015-11-09 Volume III is the first educational product to tackle the complex subject of Timba the new musical genre which has been played in Cuba since 1989 Timba represents a quantum leap for all the instruments of the rhythm section and especially the congas The recordings of Tomas Cruz are considered the most advanced examples of Timba conga playing and so fascinated the three coauthors that they sought out Tomas Cruz and spent a year and a half studying his style and meticulously documenting it before even considering the idea of publishing it After many hundreds of hours of passionate research this labor of love eventually reached fruition as Volume III Volumes II I were then written to trace the roots of the style and to understand the path Tomas took to arrive at his phenomenal level of technical mastery and rhythmic creativity Much more than a collection of patterns or exercises Volume III analyzes Timba arrangements from beginning to end explaining the role of the congas in each section the relationship to the clave and Tomasito's creative process including an exercise which teaches the reader to invent his own Timba conga parts It was the intricacies of the material of Volume III which inspired the creation of the Step by Step online video Method which enables the reader to learn these exciting new rhythms in a fraction of the time it would take working with only written music and audio recordings *Slap Happy* Alan Dworsky, Betsy Sansby, 2012-09-05 Slap Happy is for kids of all ages It turns drum rhythms into body rhythms you can step clap and slap with a buddy Right from the start you'll be learning traditional dance rhythms from West Africa and the Caribbean Kuku from Guinea Sunguru Bani from Mali Kpegisu from Ghana Bomba from Puerto Rico and Conga from Cuba You can do Slap Happy in pairs or in groups indoors or out at home or at school If you're a parent it's a great way to do something fun and educational with your kids that doesn't require any previous musical training If you're a music teacher you can use Slap Happy to give your students a hands on experience of world rhythms without having to buy any instruments It's physical it's funky and it's fun Please note audio files of the CD that comes with the print version of this book are not included in this ebook version but are available separately **Tomas Cruz Conga Method**

**Volume 2 - Intermediate** Tomas Cruz, Kevin Moore, Mike Gerald, Orlando Fiol, 2017-05-16 Volume II is aimed at two distinct categories of readers 1 Intermediate players who are ready for a wider range of rhythms to study and use in live playing situations and 2 Experienced congueros who have digested Volume I and now seek to understand the roots of the modern Cuban conga style Having assimilated the material in Volume I the student should be able to play basic Son Montuno Salsa Chachacha and Bolero Volume II moves on to Guaguanco Iyesa 6 8 Changui Afro Mozambique Pilon Songo Merengue Bomba Cumbia and other rhythms that a professional conguero will be expected to know Each rhythm is accompanied by an article reflecting on its history and role in the big picture of Latin music and offering listening recommendations Like Volume I it uses the Step by Step online video Method A special 8 page appendix explains the often infuriatingly complex subject of clave
