Sue Gerson,Mark Lintell,1976 This study reports the effects of auto traffic on street life and residential neighborhoods evaluates efforts to manage traffic in residential neighborhoods and proposes methods for carrying out and evaluating traffic management plans Annual Report of the Board of Education of the City and County of New York New York (N.Y.). Board of Education,1876 **A Compendium of Articles on Residential Street Traffic Control** Institute of Transportation Engineers,1995 Contemporary Chinese Fiction by Su Tong and Yu Hua Hua Li,2011-02-18 The book explores the coming of age fiction of two of the most critically acclaimed and frequently translated contemporary Chinese authors Yu Hua and Su Tong it is the first in depth book length treatise in English about the contemporary Chinese Bildungsroman Although various individual contemporary Chinese novelists and individual works of Chinese fiction have previously been discussed under the rubric of the Bildungsroman none of these efforts has approached the level of

comprehensive and comparative analysis that this book brings to the genre and its social contexts in contemporary China This book will pique the interests not only of scholars and students of Chinese and comparative literature but also of historians and social scientists with an interest in the region *Criminal #7* Ed Brubaker,2019-08-21 The best monthly comic on the market keeps the hits coming Young Ricky Lawless and Leo from CRIMINAL VOL 1 COWARD take the spotlight this issue as the epic story of the death of TEEG LAWLESS continues As always CRIMINAL contains back page art and articles only found in the single issues **Annual Report of the Board of Education of the City and County of New York** ,1873 New York Magazine ,1996-04-01 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea Manual on Uniform Traffic Control Devices for Streets and Highways United States. National Advisory Committee on Uniform Traffic Control Devices,1978 **Logavina Street** Barbara Demick,2012-04-17 Logavina Street was a microcosm of Sarajevo a six block long history lesson For four centuries it existed as a quiet residential area in a charming city long known for its ethnic and religious tolerance On this street of 240 families Muslims and Christians Serbs and Croats lived easily together unified by their common identity as Sarajevans Then the war tore it all apart As she did in her groundbreaking work about North Korea Nothing to Envy award winning journalist Barbara Demick tells the story of the Bosnian War and the brutal and devastating three and a half year siege of Sarajevo through the lives of ordinary citizens who struggle with hunger poverty sniper fire and shellings Logavina Street paints this misunderstood war and its effects in vivid strokes at once epic and intimate revealing the heroism sorrow resilience and uncommon faith of its people With a new Introduction final chapter and Epilogue by the author **An Introduction to Sustainable Transportation** Preston L. Schiller,Jeffrey R. Kenworthy,2010-08-12 Transportation plays a substantial role in the modern world it provides tremendous benefits to society but it also imposes significant economic social and environmental costs Sustainable transport planning requires integrating environmental social and economic factors in order to develop optimal solutions to our many pressing issues especially carbon emissions and climate change This essential multi authored work reflects a new sustainable transportation planning paradigm It explores the concepts of sustainable development and sustainable transportation describes practical techniques for comprehensive evaluation provides tools for multi modal transport planning and presents innovative mobility management solutions to transportation problems Students of various disciplines planners policymakers and concerned citizens will find many of its provocative ideas and approaches of considerable value as they engage in the processes of understanding and changing transportation towards greater sustainability This text reflects a fundamental change in transportation decision making It focuses on accessibility rather than mobility emphasizes the need to expand the

range of options and impacts considered in analysis and provides practical tools to allow planners policy makers and the general public to determine the best solution to the transportation problems facing a community The book starts by placing transportation within the broader sustainability discussion emphasising a comprehensive approach to sustainability planning and introducing the notion of regenerative transportation In sections on policymaking and planning the book examines how decisions are currently and how they should be made explaining the complex and often misunderstood area of public participation The authors explain demand management as applied to transportation and present lessons from other public arenas and areas of application especially in urban suburban areas The text takes readers through each and every mode of transport beginning with human powered modes and ending in motorized modes including marine and air transport The modes are analyzed separately and in comparison with others according to several criteria Capacity utility functionality considerations infrastructure demands resource consumption land use considerations pollution and costs In ways that non technically trained readers as well as planning students professionals can find useful the book includes guidance on how to optimize transportation systems balancing economic social and environmental objectives while creating just robust and diverse rather than one size fits all solutions The modes are grouped and compared within their respective contexts and there is vital discussion and differentiation between passenger and freight goods transport The final section develops a comprehensive summary of the previous chapters and develops arguments for sustainable transportation policymaking and integrated planning providing international examples and case studies and extracting from them general applications for integrated sustainable transportation Featuring extensive international examples and case studies textboxes graphics recommended reading and end of chapter questions the authors draw on considerable teaching and researching experience to present an essential ground breaking and authoritative text on sustainable transport Report No. FHWA-RD.
