Hemrajani, 2023-09-13 Hazy how it all began Was there ever a middle Or just a harsh end Words were mine to set free But were they worthy of every eye Or just meant to be kept hushed inside For every woman who ever tried Wanting a life that could mirror her mind Or forced to surrender to an unjust fate Never wanted to be a hero Nor thought of herself as brave Or would she have if she knew how it ends Hope a dew for just a while Wonder who drops it from

the sky Or are they tears of a lonely night She needs no name For its forever some unknown name Or does she even have a name The one who loved And had seen no pain Or was there ever such a fair game See her but see her through my eyes Let thoughts linger a while longer inside Or forever wonder did she run or at least hide      Last Run of the Whisperer Calvin J. Boal, 2011-06-03 Last Run of the Whisperer is a historical fiction novel based upon the Revolutionary War records of William Waterman of Norwich Connecticut colony The author has taken the information that William Waterman has provided to us through his own account of his service in the American Revolution when he petitioned the United States Congress in 1832 for a pension for said service The author has taken the information provided by William Waterman and completed extensive research on the battles and areas of service that our hero served in embellishing and expounded upon this information to develop an exciting and accurate historical story surrounding our hero William Waterman William Waterman himself in his petition to the United States Congress identifies one severe wound received in said service at the battle of White Plain in the colony of New York above New York City This wound by itself could have cost our hero his life That he survived this wound and the numerous other battles and action that he undoubtedly saw was extraordinary Although William Waterman lists a number of battles and theatres of war he saw service in he does not describe the details of these battles The author takes his literary liberty upon researching these battles and events to interject our hero into the battles That William Waterman is involved in each and every one of these battles or theatres of war in based upon William Waterman s own account Upon his completion of service in the Continental army William Waterman listed his next service as a privateer that is as a licensed pirate The author has taken the liberty to believe that William Waterman engaged as a privateer in the cause of the upstart Americans and prayed upon British shipping as he makes no mention of serving the British in his petition to the United States Congress and infact lists his service as a privateer in his petition for his pension indicating that all of his papers and records of his service in the Continental army were lost when the ship he was engaged on as a privateer was sunk leading to his subsequent imprisonment by the British on the prison ship Jersey Our hero William Waterman also does not identify the name of the ship on which he was engaged as a privateer Again the author takes his literary liberty to name the privateer ship and thus we have the Last Run of the Whisperer During the course of our adventure William Waterman loses his boyhood friend to the cause of the American Revolution learns that his father is fighting against him on the side of the British loses his first love to another man while he is imprisoned and eventually finds the girl he is to marry while hiding from the British William Waterman finds peace and contentment spending his life after the war living in the Green Mountains of Vermont      *Run, It Might Be Somebody* Ephraim Romesberg, 2005-10-24 Book Summary of Run It Might Be Somebody By Ephraim Romesberg The book covers a span of over 70 years starting with the author as a shy sickly boy who was the last of 11 children living on a farm during the great depression and ends with the author as a 74 year old man who still runs ultra distant marathons In the first chapter the author presents stories and anecdotes often in a humorous way to describe some of

the joys and hardships of growing up in a large family during the great depression Compared to today life was very different then with no TVs very few radios no computers no running water in the home except in the pantry where there was a hand pump and very few toys or luxuries of any kind Also and perhaps more significantly kids for the most part were given chores and did not have time to get into trouble There were no drugs no gangs and no boredom Being the youngest in the family and somewhat sickly the author was to some extent given some slack on farm chores Even so he had daily chores to do starting from a very early age such as milking cows driving the old model T truck fetching the cows cleaning stables feeding livestock driving a tractor and helping wherever help was needed The book describes the one room school house that all kids in the area attended at that time The authors dad had to quit such a school while in third grade to work on the farm when his father died leaving the family without any money or food His mother completed school through eighth grade which was all that most people considered necessary in those days especially for women So there was little or no pressure from the parents to go to school after that As a result the three oldest boys in the family never went past eighth grade There were other reasons to stay home and the most important one was they had no decent clothing The book tells about the Authors mother removing the white stripes from an old pair of band pants and one of the three boys who never completed high school then removing all the little white threads so that he could wear the pants to school He also had no decent shoes so he added home made soles to the bottoms of a pair of his work shoes by attaching them with roofing nails so that he could make the long four mile walk to the school After several trips the nails poked through the bottoms of the shoes and wore holes in his feet Because of that and the lure of the upcoming hunting season and the need to work on the farm he quit school after only a month or so Except for the three oldest boys all of the kids completed high school and several went on to college The book describes such things as making hay the old fashioned way husking corn by hand hoeing corn and then picking rocks while resting butchering a pig delivering baby pigs and calves threshing to separate the grain from the straw and the authors Mom squirting milk straight from the cows tit at cats and grandkids Also described are how the young boys in the family learned to handle a team of horses when they were only 10 years old how one of the boys accidentally cut off his little sisters finger how an uncle lost his leg to the stump puller how the author when he was only eight years old tried to explain to a blind preacher how to use the out house and the Sears Roebuck catalog which was used instead of toilet paper Also described and a little more on the lighter side one of the authors sisters claimed that you havent lived until you ran barefoot through a cow pasture and felt the warmth of a fresh cow patty ooze up between your toes The early chapters also describe the authors time in the US Navy where he was sea sick every time the ship left the dock Hunting stories tell of deer hunting with more failures than successes One successful     Arrogant Wife, Don't Run Away Sun XingZhe,2020-05-14 Because of a single transaction he met her A few years later they coincidentally met and sparks flew in every direction It was that Gu Luocheng He was a legend and it was said that he had obtained two doctorates in clothing design and public administration Furthermore he had the
