**The Long Run**  
 Catriona Menzies-Pike, 2016-03-01 No one ever expected Catriona Menzies Pike to run a marathon She hated running and was a hopeless athlete When she was twenty her parents died suddenly and for a decade she was stuck She started running on a whim and finally her grief started to move too Until very recently it was frowned upon for women to run long distances Running was deemed unladylike and probably dangerous How did women s running go from being suspect to wildly popular How does a high school klutz become a marathon runner This fascinating book combines memoir and cultural history to explore the rich and contradictory topic of women and running

**Of Literature and Knowledge** Peter Swirski, 2007-02-12 Of Literature and Knowledge looks like an important advance in this new and very important subject literature is about to become even more interesting Edward O Wilson Pellegrino University Professor Harvard University Framed by the theory of

evolution this colourful and engaging volume presents a new understanding of the mechanisms by which we transfer information from narrative make believe to real life Ranging across game theory and philosophy of science as well as poetics and aesthetics Peter Swirski explains how literary fictions perform as a systematic tool of enquiry driven by thought experiments Crucially he argues for a continuum between the cognitive tools employed by scientists philosophers and scholars or writers of fiction The result is a provocative study of our talent and propensity for creating imaginary worlds different from the world we know yet invaluable to our understanding of it Of Literature and Knowledge is a noteworthy challenge to contemporary critical theory arguing that by bridging the gap between literature and science we might not only reinvigorate literary studies but above all further our understanding of literature

memoirs Shakur's *Monster* Luis J Rodriguez's *Always Running: La Vida Loca, Gang Days in L.A.* and Stanley Tookie Williams's *Blue Rage, Black Redemption* as key representatives of the gang autobiography. Metcalf examines the conflict among violence, thrilling sensationalism, and the authorial desire to instruct and warn competing within these works. The narrative arcs of the memoirs themselves rest on the process of conversion from brutal young gang bangers to nonviolent enlightened citizens. Metcalf analyzes the emergence, production, marketing, and reception of gang memoirs. Through interviews with Rodriguez, Shakur, and Barbara Cottman Becnel, Williams's editor, Metcalf reveals both the writing and publishing processes. This book analyzes key narrative conventions, specifically how diction, dialogue, and narrative arcs shape the works. The book also explores how the memoirs are consumed. This interdisciplinary study fusing literary criticism, sociology, ethnography, reader response study, and editorial theory brings scholarly attention to a popular, much discussed but understudied modern expression.

**Mastering the Business of Writing** Richard Curtis, 2014-04-01 One of the most comprehensive guides currently on the market, *MASTERING THE BUSINESS OF WRITING* is an insider's guide to the business of being a professional writer. All aspects of the publishing industry are explained, both for the aspiring author and the established writer wishing to jump-start a professional career. This guide includes everything you need to know about publishers, agents, and the track to success, including what agents do and how they develop relationships within the publishing industry that can be beneficial to your career; the best way to formulate a book proposal that sells what publishers are really looking for in a book; and what they aren't understanding: technicalities of advances, contracts, multibook deals, and subsidiary rights; the significance of sales conferences and bookstore chains; essential manners and protocols for establishing positive relations with your agent, editor, and publisher; legal issues, copyright, and much, much more.

**Wole Soyinka: Literature, Activism, and African Transformation** Bola Dauda, Toyin Falola, 2021-09-09 This timely and expansive biography of Wole Soyinka, the Nigerian writer, Nobel laureate, and social activist, shows how the author's early years influence his life's work and how his writing in turn informs his political engagement. Three sections spanning his life, major texts, and place in history connect Soyinka's legacy with global issues beyond the borders of his own country and indeed beyond the African continent. Covering his encounters with the widespread rise of kleptocratic rule and international corporate corruption, his reflection on the human condition of the North-South divide, and the consequences of postcolonialism, this comprehensive biography locates Wole Soyinka as a global figure whose life and works have made him a subject of conversation in the public sphere as well as one of Africa's most successful and popular authors. Looking at the different forms of Soyinka's work—plays, novels, and memoirs, among others—this volume argues that Soyinka used writing to inform, mobilize, and sometimes incite civil action in a decades-long attempt at literary social engineering.

**Models of Change in Medieval Textual Culture** Jonatan Pettersson, Anna Blennow, 2024-08-07

**Literature & Dogma** Matthew

Arnold, 1873 Probably the most influential of Arnold's theologically polemical works      **Literary Mischief** James Dorsey, Douglas Slaymaker, 2010-04-30 Sakaguchi Ango 1906-1955 was a writer who thrived on iconoclasm and agitation. He remains one of the most creative and stimulating thinkers of twentieth-century Japan. Ango was catapulted into the public consciousness in the months immediately following Japan's surrender to the Allied Forces in 1945. The energy and iconoclasm of his writings were matched by the outrageous and outsized antics of his life. Behind that life and in the midst of those tumultuous times Ango spoke with a cutting clarity. The essays and translations included in *Literary Mischief* probe some of the most volatile issues of culture, ideology, and philosophy of postwar Japan. Represented among the essayists are some of Japan's most important contemporary critics, e.g., Karatani Kjin and Ogino Anna. Many of Ango's works were produced during Japan's wars in China and the Pacific, a context in which words and ideas carried dire consequences for both writers and readers. All of the contributions to this volume consider this dimension of Ango's legacy, and it forms one of the thematic threads tying the volume together. The essays use Ango's writings to situate his accomplishment and contribute to our understanding of the potentials and limitations of radical thought in times of cultural nationalism, war, violence, and repression. This collection of essays and translations takes advantage of current interest in Sakaguchi Ango's work and makes available to the English reading audience translations and critical work heretofore unavailable. As a result, the reader will come away with a coherent sense of Ango, the individual and the writer, a critical apparatus for evaluating Ango, and access to new translations of key texts      **The Poetics of Sovereignty in American Literature, 1885-1910** Andrew Hebard, 2013 The book examines trends in American literature and sheds new light on the legal history of race relations during the Progressive Era      Library of Congress Subject Headings Library of Congress.
