With thorough analysis and balanced reporting Ghost Guns Hobbyists Hackers and the Homemade Weapons Revolution is an essential resource for readers seeking to understand the rise of homemade firearms and future options for managing them For more than a century strict gun control was possible because firearms were produced in centralized industrial factories Today the Fourth Industrial Revolution combining old and new technologies threatens to upend this arrangement An increasing number of hobbyists makers technology provocateurs and sophisticated criminals are proving that you don t need a factory to make guns anymore The security challenges of this transformation are increasingly apparent but the technologies behind it hold tremendous potential and while ignoring the security implications would entail risks the costs of new policies also must be evaluated Do it yourself or DIY weapons will bring significant ramifications for First and Second Amendment law international and homeland security crime control technology privacy innovation and the character of open source culture itself How can a liberal society adjust to technologies that make it easier to produce weapons and contraband Informative and thought provoking Ghost Guns Hobbyists Hackers and the Homemade Weapons Revolution carefully analyzes the technical legal social political and criminological trends behind this challenging new area of illicit weapons activity *The security dimensions of EU enlargement* David Brown,Alistair Shepherd,2021-06-15 The changing nature of security the enlargement of European institutions and the evolving functions of the EU have been key developments in post Cold War Europe This book blends these three crucial developments in a sophisticated and illuminating manner It assesses the impact of EU enlargement on both pre existing security arrangements and key relationships with the EU s new partners and neighbours It also investigates both hard and soft and internal and external security issues ranging from military

intervention to terrorism and from organised crime to human rights From this it concludes that enlargement has both positive and negative implications for European security Completing the analysis this study examines the evolving security relationships with key states regions and international organisations in the EU s neighbourhood The examination of relations with Turkey Russia Ukraine the Greater Middle East and the Balkans provides a sense of the direction in which European security politics is moving

Horn of Africa Philip Caputo, 2002-02-05 When Vietnam veteran and foreign correspondent Charlie Gage is recruited by the shadowy Thomas Colfax to assist with something called Operation Atropos he has no idea he is about to be enlisted for guerilla warfare in northeast Africa Once he realizes he s a mercenary however he is not at all concerned Ever since his young secretary was killed by a grenade at their bureau office in Beirut a couple of years before he has lost all volition Which is why he so readily capitulates not only to Colfax but also and more dangerously so to every command of Jeremy Nordstrand the mystical megalomaniac determined to achieve greatness on their seemingly suicidal mission Set in the forsaken yet exotic deserts of Ethiopia Horn of Africa is a vividly detailed and masterfully plotted novel chronicling a broken man s struggle for salvation and inner freedom in the midst of a broken nation s fight for stability and peace

Operation Anaconda Lester W. Grau, Dodge Billingsley, 2011-11-25 Long before it became Obama s War the long running conflict in Afghanistan was launched by President George W Bush in retaliation for the 9 11 attacks on the United States Only a few months later Operation Anaconda sent American led coalition forces into their most intensely brutal confrontation with Al Qaeda and their Taliban hosts in the Shar i Kot Valley near the Pakistan border The result was an unexpected set piece of conventional fighting in what has become an era of guerrilla warfare Drawing upon previously unavailable or neglected sources Lester Grau and Dodge Billingsley give us the most complete and accurate account of this thirteen day firefight waged in mountainous terrain nearly two miles above sea level They describe how allied troops fought a fierce and well entrenched enemy to a standstill close to an old Soviet battlefield and then drove them completely out of Afghanistan Grau and Billingsley s account also highlights problems encountered in Anaconda and the lessons we should learn from their in depth study The Army and Air Force operated under conflicting views regarding the appropriate application of Close Air Support and airpower both crippled and aided the overall effort In addition severe shortages of transport attack helicopters and artillery hampered the effort while the acquisition and timely sharing of intelligence barely occurred at all and coalition relations frayed under the intense pressures of combat As an added bonus the authors also include with the book a documentary on DVD that features interviews with soldiers who fought in Anaconda provides additional information concerning major phases of the battle and presents insightful commentary by Grau and by Billingsley who was on the ground with U S forces for the operation Providing the richest description and critique of all the forces involved including those that fought on the enemy side the combined book and DVD surpasses all previous accounts of this landmark engagement and is an essential volume in the literature on our war in Afghanistan

Ultimate Sacrifice Lamar Waldron, Thom Hartmann, 2013-08-22 Drawing on seventeen years of research thousands of recently declassified files and dozens of interviews *Ultimate Sacrifice* re creates and in many ways rewrites the crucial period of our history leading up to November 22 1963 In the process this groundbreaking account provides the missing pieces to the greatest tragic puzzle of post war America the true circumstances behind the assassination of President John F Kennedy *Ultimate Sacrifice* details a previously unknown Plan for a Coup in Cuba authorized by President John Kennedy run by Attorney General Robert Kennedy and set for December 1 1963 The Kennedy plan unique and different from any previously disclosed operation was as detailed in a Joint Chiefs of Staff memo to have included a palace coup a provisional Cuban government and if necessary a full scale invasion by invited US military forces The CIA's code name for their part of the operation AMWORLD has never previously surfaced in any government investigation nor in any book or article making it one of the most covert operations in United States history *Ultimate Sacrifice* will detail how the Kennedy plan was penetrated by three mafia godfathers Carlos Marcello Santo Trafficante and Johnny Roselli being vigorously pursued by Attorney General Robert Kennedy along with a dozen of their associates six of whom were also working on the Coup plan The crime bosses then used parts of the Coup Plan AMWORLD to arrange JFK's assassination in a way that would prevent a truly thorough government investigation in order to protect the Coup Plan its participants and national security By using the secrecy surrounding the Plan the mob bosses would target JFK not only in Dallas but in two earlier attempts one in Chicago on November 1 and then one in Tampa on November 18 which *Ultimate Sacrifice* reveals for the first time in any book *Ultimate Sacrifice* has finally pieced together the whole story by building on the work of the seven governmental committees that have investigated aspects of the assassination on the work of former government investigators and on the four million documents that were declassified in the 1990s in addition to exclusive interviews with dozens of witnesses and participants including Secretary of State Dean Rusk Press Secretary Pierre Salinger and the Kennedys' closest Cuban exile aide Harry Ruiz Williams

Official Gazette of the United States Patent Office USA Patent Office, 1894 *Blood Gun Money* Ioan

Grillo, 2021-02-23 An eye opening and riveting account of how guns make it into the black market and into the hands of criminals and drug lords Adam Winkler From the author of *El Narco* and winner of the Maria Moors Cabot Prize a searing investigation into the enormous black market for firearms essential to cartels and gangs in the drug trade and contributing to the epidemic of mass shootings The gun control debate is revived with every mass shooting But far more people die from gun deaths on the street corners of inner city America and across the border as Mexico's powerful cartels battle to control the drug trade Guns and drugs aren't often connected in our heated discussions of gun control but they should be In Ioan Grillo's groundbreaking new work of investigative journalism he shows us this connection by following the market for guns in the Americas and how it has made the continent the most murderous on earth Grillo travels to gun manufacturers strolls the aisles of gun shows and gun shops talks to federal agents who have infiltrated biker gangs hangs out on Baltimore street

corners and visits the ATF gun tracing center in West Virginia Along the way he details the many ways that legal guns can cross over into the black market and into the hands of criminals fueling violence here and south of the border Simple legislative measures would help close these loopholes but America s powerful gun lobby is uncompromising in its defense of the hallowed Second Amendment Perhaps however if guns were seen not as symbols of freedom but as key accessories in our epidemics of addiction the conversation would shift Blood Gun Money is that conversation shifter
