

RURAL DEMOCRACY IN CHINA

The Role of Village Elections

BAOGANG HE

Rural Democracy In China

Gungwu Wang, John Wong

Rural Democracy In China:

Rural Democracy in China B. He, 2007-09-17 This book examines village democracy and the prospects of China's democratization. It explains how three key factors: township economy and kinship shape village democracy and account for rural variations. It considers the extension of village to township elections, the idea of a mixed regime and its impact on political development in China.

Rural Democracy in China Tianjian Shi, 2000 Prepared by the East Asian Institute, NUS which promotes research on East Asian developments, particularly the political, economic and social development of contemporary China, including Hong Kong and Taiwan. This series of research reports is intended for policy makers and readers who want to keep abreast of the latest developments in China. Why does the Chinese government allow village elections and what implications do they have for the democratisation of China? By tracing the history of village level governance reform, Shi, one of the premier authorities on electoral reforms in China, tackles these fundamental questions in this volume.

Rural Democracy in China Baogang He, 2007-09-15 This book examines the status of village democracy, studies the achievements and the problems, explains its dynamics and investigates the prospects of China's democratization. It challenges the skeptics with a nuanced assessment of village democracy in its variety and diversity. It develops an understanding of how three key factors: township economy and kinship shape village democracy and account for the variations of rural democracy. The extension of village to township elections has been examined and an idea of mixed regime being formulated with an examination of its key features and implications for our understanding of political development in China.

Marketization and Democracy in China Jianjun Zhang, 2008-02-25 This book questions whether China's market reforms have created favorable social conditions for democracy, whether the emerging entrepreneurial class will serve as the democratic social base and the role of government in the process of transition.

Understanding The Political Economics On China's Development Hailiang Gu, Tianyi Wang, 2025-04-02 This book attempts to answer significant questions such as what is China's developing political economy, what are the major principles of socialist political economy with Chinese characteristics and how to achieve economic development. From new normal and new development concept to innovation driven development strategy and supply side structural reform to the Belt and Road and new urbanization with people as the core, the author explains economic laws and development succinctly and illustrates the key characteristics of Chinese socialist political economy. This book features forward looking thinking on China's development, explaining that China's development is scientific, its sustainable development follows natural laws and inclusive development follows social laws. The political economy of China's development is explained in an easy to understand and accessible way. The author has cooperated with scholars from the Party School of the CPC Central Committee and the Chinese Academy of Social Sciences and this book is the cumulative output of his work with fellow researchers and scholars.

Grassroots Elections in China Kevin J. O'Brien, Suisheng Zhao, 2014-07-22 Twenty years after the launch of village elections, the time is ripe to assess the

progress and impact of China's most notable political reform Where have elections been conducted well and where have they been conducted poorly How have procedures changed over the years and have elections truly transformed how power is exercised in the countryside What methods are researchers employing to study elections and how have scholars from different disciplines contributed to our knowledge of grassroots politics in China This book carefully examines the implementation and effects of China's village township and people's congress elections both in terms of democratizing the polity and spurring other changes in state society relations The chapters in this book have been published across several issues of the Journal of Contemporary China

Politics in China William A. Joseph, 2019 On October 1 2019 the People's Republic of China PRC will celebrate the 70th anniversary of its founding And what an eventful and tumultuous seven decades it has been During that time under the leadership of the Chinese Communist Party CCP China has been transformed from one of world's poorest countries into one of its fastest growing economies and from a weak state barely able to govern or protect its own territory to a rising power that is challenging the United States for global influence But in the late 1950s the PRC experienced the most deadly famine in human history caused largely by the actions and inactions of its leaders Not long after there was a collapse of government authority that pushed the country to the brink of and in some places actually into civil war and anarchy And in 1989 the CCP unleashed the army to brutally crush demonstrations by students and others calling for political reform China is now for the most part peaceful prospering and proud The CCP maintains a firm grip on power through a combination of harsh repression and popular support largely based on its recent record of promoting rapid economic growth Yet the party and country face serious challenges on many fronts including a slowing economy environmental desecration pervasive corruption extreme inequalities ethnic unrest and a rising tide of social protest

Politics in China provides an accessible yet authoritative introduction to how the world's most populous nation and rapidly rising global power is governed today The third edition has been extensively revised thoroughly updated and includes a new chapter on the internet and politics in China The book's chapters provide overviews of major periods in China's modern political history from the mid nineteenth century to the present examinations of key topics in contemporary Chinese politics and analyses of developments in four important areas located on China's geographic periphery Tibet Xinjiang Hong Kong and Taiwan

China Gungwu Wang, John Wong, 1999 This volume serves as a convenient handbook for both scholars and laymen to have a good overview of China's major developments and transformation in the political economic legal and social spheres since 1978 Such a review would be useful for appreciating the enormous problems that will challenge China in its next phase of transition

When Trees Fall, Monkeys Scatter: Rethinking Democracy In China John Keane, 2017-08-04

Predictions of the coming collapse of Chinese politics are today commonplace however this thought provoking book explores a radically different alternative China it argues is a one party dominated political system whose surprising levels of public support and resilience in the face of serious economic environmental and social problems suggest that it is more durable

than most outside observers suppose China is not an ailing autocracy a case of crony capitalism or a blindly repressive authoritarian regime The rulers of China are in fact experimenting with a wide range of locally made democratic tools designed to win the trust and loyalty of their subjects Examples probed in this book include the injection of accountability mechanisms into state bureaucracy the toleration of independent public opinion leaders the growing reliance of Party officials and corporate executives on public opinion polls and democratic style and the calculated use by Party officials of digitally networked media as early warning devices Written for students and teachers researchers and general readers fascinated by the rising global power of China *When Trees Fall Monkeys Scatter* shows why locally made democratic practices often favour one party rule and why China is becoming a globally significant political laboratory a 21st century testing ground for a new type of top down popular government at odds with power sharing democracy as it was known during the past generation

The Institutional Dynamics of China's Great Transformation Xiaoming

Huang,2010-11-30 This book examines the role of institutions in China s recent large scale economic social and political transformation The book argues that although the importance of institutions in China s rapid economic growth and social development over the past 30 years is widely acknowledged exactly how institutions affect changes in particular national and historical settings is less well understood Unlike existing literature it offers perspectives from a variety of disciplines including law economics politics international relations and communication studies to consider whether institutions form evolve and change differently according to their historical or cultural environments and if their utilitarian functions can and should be observed identified and measured in different ways The book discusses China s political and legal institutions the international institutions with which China engages institutions promoting science and technology media companies and local institutions including the household registration system It also examines how institutions themselves have been formed changed and re formed over recent decades and suggests theoretical and methodological adjustments in institutional analysis to allow a fuller understanding of the institutional dynamics of China s transformation

Rural Manhood ,1917

China's Opening Society Zheng Yongnian,Joseph Fewsmith,2008-02-19 This book examines the development of the non state sector and NGOs in China since the onset of reform in the late 1970s It explores the major issues facing China s non state sector today assesses the institutional barriers faced by its developing civil society and compares China s example with wider international experience

The Failure of China's Democratic Reforms Zaijun Yuan,2011-12-08 In its propaganda the Chinese Communist Party does not deny the value of democracy but it insists that democracy in China can be only socialist democracy with Chinese characteristics The most essential nature of such democracy is that it is under the single party system and it excludes multi party politics and competitive elections In recent years Chinese democracy has won more support because of achievements the party has made in developing economy This raises a question does this efficient authoritarian political system in China even if it is not democratic deserve applause because it can facilitate economic

development The party also insists that it is democratic But is the party's theory of democracy compatible with western democracy Since 1998 the party has organized some political reforms such as direct elections for township executives direct elections for township party secretaries township party congress reform and deliberative democracy experiments while maintaining single party politics In the party's propaganda some of these reforms have become party achievements in improving socialist democracy with Chinese characteristics In addition to these four kinds of party organized reforms another reform originated from the grassroots the participation of independent candidates in a few local people's congress elections This book examines these five local political reforms It demonstrates that the four reforms instigated and organized by the party were tightly controlled and manipulated by the party Although some reform measures may possibly liberalize parts of China's political mechanism it is highly unlikely that the four reforms will eventually lead to political democratization in China In the fifth reform which was motivated from outside the bureaucratic system the party took drastic measures to repress the political participation of grassroots power As a result nearly all independent candidates in the local people's congress elections failed in their attempts to gain office The prospects for this reform are also poor The book argues that all five reforms have failed and that none will lead to China's democratization in the near future The book concludes that the party's authoritarian regime in China is by nature anti democratic and that so called socialist democracy with Chinese characteristics is not democratic

Rural Manhood Henry Israel, 1910

China's Political Economy Gungwu Wang, John Wong, 1998 the book is of greatest benefit to students of quantum mechanics who want to learn more than solely computational recipes and predictive tools of the theory and in this sense the book really fills a gap in the literature

Mathematical Reviews 1999

Participation and Empowerment at the Grassroots Gunter Schubert, Anna L. Ahlers, 2012-05-16 This monograph ties in the scholarly debate on Chinese village elections and their consequences for China's political system It draws on comparative fieldwork conducted in six villages in two counties in Jiangxi and Jilin Provinces and one district in Shenzhen between 2002 and 2005 producing data from some 140 in depth interviews of villagers and local officials up to the prefectural level The major objective of this book is as much a critical assessment of the research literature of Chinese village elections published over the last fifteen years as to sharpen the reader's sight for the scope and limits of this important reform to generate regime legitimacy in the local state an issue which has so far been neglected in the study of Chinese village elections It hence contributes to our understanding of the nexus between political participation and cadre accountability at the grassroots and highlights a number of factors ensuring the persistence of one party rule in contemporary China

China's Political System Ning Fang, 2020-09-30 This book includes collective research by the Institute of Political Science of the Chinese Academy of Social Sciences which is an important research institution of political science and a think tank in China The book was completed by the expert team of China's Political System headed by Director Fang Ning for several years and after several changes in their manuscripts This book covers the core political systems of

China such as the leadership system of the Communist Party of China the decision making system of the Party and government in Chinese politics the system of the people s congress the relationship between the central and local authorities the system of officials training and selection the system of discipline inspection and supervision the system of consultative democracy and the system of community level self governance etc This book aims to build a new paradigm of empirical research and introduction of the contemporary Chinese political system by using the description and research method of materialization and dynamics of the political system

Accountability through Public Opinion Sina Odugbemi, Taeku Lee, 2011-05-10 This book analyses the role of public opinion for generating genuine citizen demand for accountability providing case studies from around the world to illustrate how public opinion forces governments to be accountable

China's Quest for Political Legitimacy Baogang Guo, 2010-09-23 This book examines the new equity enhancing politics in China in the context of Chinese traditional cognitive patterns of political legitimacy and its implication for Chinese political development in the near future Based on an analysis of the new governing philosophy the generation of political elite and a new set of public policies the book reaffirms the emergence of a new Chinese polity that infuses one party rule with limited electoral and deliberative democracies Unlike many scholars who perceive the contemporary Chinese history as a constant search for democracy this book takes a very different approach It asserts that the enduring question in political development in China today is no different from what was sought after throughout Chinese history namely the constant search for political legitimacy Even though the quest for democracy is instrumental to that end it may not ultimately lead to the embrace of a full fledged liberal democracy The new politics is not only a rationalization of the efficiency based development but also a major paradigm shift in China s developmental strategy

The Nanxun Legacy And China's Development In The Post-deng Era John Wong, Yongnian Zheng, 2001-06-14 In the spring of 1992 Deng Xiaoping made a historical tour of south China popularly known as the Nanxun southern tour During the tour he boldly called for more radical economic reform and further opening up of China The Nanxun has become a political landmark in the history of the People s Republic of China much like great events such as the Great Leap Forward the Cultural Revolution and the 1989 Tiananmen crackdown Deng Xiaoping has left his own legacy for the country The Nanxun belongs to Deng just as the 1911 revolution belongs to Sun Yat sen and the communist revolution to Mao Zedong In this collection of articles leading China scholars and experts analyze how the Nanxun has sparked off dynamic economic growth in China and drastically changed the political and social landscape of the country

Unveiling the Magic of Words: A Overview of "**Rural Democracy In China**"

In a global defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance. Their power to kindle emotions, provoke contemplation, and ignite transformative change is actually awe-inspiring. Enter the realm of "**Rural Democracy In China**," a mesmerizing literary masterpiece penned by way of a distinguished author, guiding readers on a profound journey to unravel the secrets and potential hidden within every word. In this critique, we shall delve into the book is central themes, examine its distinctive writing style, and assess its profound effect on the souls of its readers.

Rural Democracy In China Introduction

In the digital age, access to information has become easier than ever before. The ability to download Rural Democracy In China has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Rural Democracy In China has opened up a world of possibilities. Downloading Rural Democracy In China provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Rural Democracy In China has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Rural Democracy In China. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Rural Democracy In China. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Rural Democracy In China, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Rural Democracy In

China has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Rural Democracy In China Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Rural Democracy In China is one of the best book in our library for free trial. We provide copy of Rural Democracy In China in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Rural Democracy In China. Where to download Rural Democracy In China online for free? Are you looking for Rural Democracy In China PDF? This is definitely going to save you time and cash in something you should think about.
