Social Capital and Local Water Management in Egypt Dalia M. Gouda, 2016 Water resources development Egypt social aspects history *Religion and Folk Cosmology* el-Sayed el-Aswad, 2002-12-30 This study refutes both the Western dominant paradigm of modernity and the Eurocentric stereotype of traditional Muslim culture and demonstrates that rural Egyptians have their own paradigm of secular modernism that does not negate religious or sacred orientations Islam is associated with ongoing attempts at religious purification and cultural unification and is inimical to cultural homogenization encouraged by Western globalization Provides a holistic interpretation of the interplay between religion and folk cosmology challenging the stereotypes that relegate traditional people to backwardness and a peripheral space or locality Within this Muslim society the global local nexus is one of ongoing creative integration not separation The cosmology can best be understood in the context of its totality encompassing both visible and invisible zones Muslims articulate personal or private order as well as social order within their cosmology This cosmological view endowing people with a unique imaginative sense of engagement with a supraphenomenal reality accentuates the belief that divine cosmic invisible higher power surpasses any other power Such a belief represents an inexhaustible source of spiritual and emotional empowerment that may be politically mobilized in certain critical moments and depicted as a religious holy struggle or jihad **Choice**, 1999 *Rural Labor Movements in Egypt and Their Impact on the State* James Toth, 1999 **Comprehensive Dissertation Index, 1861-1972: Business and economics** Xerox University Microfilms, 1973 **Middle East: Tricontinental Hub: A strategic survey** United States. Department of the Army, 1965 *The Unmaking of Arab Socialism* Ali Kadri, 2016-10-01 Conditions of malnutrition conflict or a combination of both characterize many Arab countries but this was not always so As in much of the developing world the immediate post independence period represented an age of hope and relative prosperity But imperialism did not sleep while these countries developed and it soon intervened to destroy these post independence achievements The two principal defeats and losses of territory to Israel in 1967 and 1973 as well as the others that followed left in their wake more than the destruction of assets and the loss of human lives the Arab World lost its ideology of resistance The Unmaking of Arab Socialism is an attempt to understand the reasons for Arab world's developmental descent from the pinnacle of Arab socialism to its present desolate conditions through an examination of the post colonial histories of Egypt Syria and Iraq *Comprehensive Dissertation Index, 1861-1972: Law and political science* Xerox University Microfilms, 1973 **Comprehensive Dissertation Index, 1861-1972: History** Xerox University Microfilms, 1973 *Bibliographic Index*, 1966 *The Modern Middle East* Albert Hourani, Philip Shukry Khoury, Mary Christina Wilson, 1993-01-01 Introduction Albert Hourani Part 1 Reforming elites and changing relations with Europe 1789 1918
