Ministry of Agriculture and Fisheries,1915      *Journal of the Ministry of Agriculture* ,1916      **Journal of the Board of Agriculture** Great Britain. Ministry of Agriculture and Fisheries,1916      The Journal of the Board of Agriculture ,1916      **Bulletin of the New York Public Library** New York Public Library,1914 Includes its Report 1896 19      *Working in Steel* Craig Heron,1988-01-01 Here is the story of how mass production came to Canada and what it meant for Canadian workers Craig Heron s *Working in Steel* takes the reader inside the huge new steel plants that were built in Sydney New Glasgow Trenton Hamilton and Sault Ste Marie at the turn of the century Amid massive fire breathing machines we meet the steelworkers many of them migrants from southern and eastern European villages or Newfoundland outposts who braved the smoke noise and heat in gruelling twelve hour days seven days a week And we watch the inevitable conflicts that developed when these workers began to make demands on their bosses Professor Heron presents a stimulating new analysis of the Canadian working class in the early twentieth century emphasizing the importance of changes in the work world for the larger patterns of working class life He examines the impact of new technology in Canada s Second Industrial Revolution but challenges the popular notion that mass production workers lost all skill power and pride in the work process He shifts the explanation of managerial control in these plants from machines to the blunt authoritarianism and shrewd paternalism of corporate management His discussion of Canada s first steelworkers sheds new light on the uneven unpredictable and conflict ridden process of technological change in industrial capitalist society      The Gospel of the Kingdom ,1913      *Inequality in Canada* Eric W. Sager,2021-01-20 In *Inequality in Canada* Eric Sager considers one of the defining but hardest to define ideas of our era and traces its different meanings and contexts across the nineteenth and twentieth centuries Sager shows how the idea of inequality arose in the long evolution in Britain and the United States from classical economics to the emerging welfare economics of the twentieth

century Within this transatlantic frame inequality took a distinct form in Canada different iterations of the idea appear in Protestant critiques of wealth labour movements farmer progressive politics the social gospel social Catholicism in Quebec English Canadian political economy and political and intellectual justifications of the social security state A tradition of idealist thought persisted in the twentieth century sustaining the idea of inequality despite deep silences among Canadian economists Sager argues that inequality goes beyond the distribution of income and wealth it is the idea that there are wide gaps between rich and poor that the gaps are both an economic problem and a social injustice and that when inequality appears it is as a problem that can be either eliminated or reduced It is precisely because inequality appears in different contexts and because it changes Sager reasons that we can begin to perceive the contours and cleavages of inequality in our time In our century a political solution to inequality may rest on the recovery of an ethical ideal and egalitarian politics that have long preoccupied the history of Canadian thought

**Reversal of Development in Argentina** Carlos Horacio Waisman,2014-07-14 Carlos Waisman has pinpointed the specific beliefs that led the Peronists unwittingly to transform their country from a relatively prosperous land of recent settlement like Australia and Canada to an impoverished and underdeveloped society resembling the rest of Latin America Originally published in 1987 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905
