Russia And Iran 1780 1828

Rudi Matthee, Elena Andreeva

Russia And Iran 1780 1828:

Russia and Iran, 1780-1828 Muriel Atkin, 1980 **The Modernisation of Russia, 1676-1825** Simon

Dixon, 1999-07-29 This is the first book to place Russia's long eighteenth century squarely in its European context. The conceptual framework is set out in an opening critique of modernisation which while rejecting its linear implications maintains its focus on the relationship between government, economy and society. Following a chronological introduction, a series of thematic chapters covering topics such as finance and taxation, society, government and politics, culture, ideology and economy emphasise the ways in which Russia's international ambitions as an emerging great power provoked administrative and fiscal reforms with wide-ranging and often unanticipated social consequences. This thematic analysis allows Simon Dixon to demonstrate that the more the tsars tried to modernise their state, the more backward their empire became. A chronology and critical bibliography are also provided to allow students to discover more about this colourful period of Russian history.

A History of Slavery and Emancipation in Iran, 1800-1929 Behnaz A. Mirzai, 2017-05-16 The leading authority on slavery and the African diaspora in modern Iran presents the first history of slavery in this key Middle Eastern country and shows how slavery helped to shape the nation's unique character. [Russia in the Age of Reaction and Reform 1801-1881](#)

David Saunders, 2014-07-30 This eagerly awaited study of Russia under Alexander I, Nicholas I and Alexander II, the Russia of War and Peace and Anna Karenina brings the series near to completion. David Saunders examines Russia's failure to adapt to the era of reform and democracy ushered into the rest of Europe by the French Revolution. Why, despite so much effort, did it fail? This is a superb book both as a portrait of an age and as a piece of sustained historical analysis. **Longman**

Companion to Imperial Russia, 1689-1917 David Longley, 2014-07-30 This is the first book of its kind to draw together information on the major events in Russian history from 1695 to 1917, covering the eventful period from the accession of Peter the Great to the fall of Nicholas II. Not only is a vast amount of material on key events and topics brought together, but the book also contains fascinating background material to convey the reality of life in the period. **Russia and Iran in the**

Great Game Elena Andreeva, 2007-06-11 This book examines the Russian explorers and officials in the nineteenth and early twentieth centuries who came into contact with Iran as a part of the Great Game. It demonstrates the development of Russia's own form of Orientalism, a phenomenon that has previously been thought to be exclusive to the West. **Immortal,**

Updated Edition Steven R. Ward, 2014-01-08 *Immortal* now in an updated paperback edition is the only single volume English language survey of Iran's military history. CIA analyst Steven R. Ward shows that Iran's soldiers, from the famed Immortals of ancient Persia to today's Revolutionary Guard, have demonstrated through the centuries that they should not be underestimated. This history also provides background on the nationalist, tribal and religious heritages of the country to help readers better understand Iran and its security outlook. Drawing on a wide range of sources, including declassified documents, the author gives primary focus to the modern era to relate the buildup of the military under the last Shah, its collapse during

the Islamic revolution its fortunes in the Iran Iraq War and its rise from the ashes to help Iran become once again a major regional military power

Russians in Iran Rudi Matthee, Elena Andreeva, 2018-01-25 Russians in Iran seeks to challenge the traditional narrative regarding Russian involvement in Iran and to show that whilst Russia's historical involvement in Iran is longstanding it is nonetheless much misunderstood Russia's influence in Iran between 1800 and the middle of the twentieth century is not simply a story of inexorable intrusion and domination rather it is a complex and interactive process of mostly indirect control and constructive engagement Drawing on fresh archival material the contributors provide a window into the power and influence wielded in Iran not just by the Russian government through its traditional representatives but by Russian nationals operating in Iran in a variety of capacities including individuals bankers and entrepreneurs Russians in Iran reveals the multifaceted role that Russians have played in Iranian history and provides an original and important contribution to the history and international relations of Iran Russia and the Middle East

The Cambridge History of Iran William Bayne

Fisher, P. Avery, G. R. G. Hambly, C. Melville, 1968 Iran from 1722-1979 political social economic and religious aspects of Iran

Russia Philip Longworth, 2024-06-04 Through the centuries Russia has swung sharply between successful expansionism catastrophic collapse and spectacular recovery This illuminating history traces these dramatic cycles of boom and bust from the late Neolithic age to Ivan the Terrible and from the height of Communism to the truncated Russia of today Philip Longworth explores the dynamics of Russia's past through time and space from the nameless adventurers who first penetrated this vast inhospitable terrain to a cast of dynamic characters that includes Ivan the Terrible Catherine the Great and Stalin His narrative takes in the magnificent historic cities of Kiev Moscow and St Petersburg it stretches to Alaska in the east to the Black Sea and the Ottoman Empire to the south to the Baltic in the west and to Archangel and the Arctic Ocean to the north Who are the Russians and what is the source of their imperialistic culture Why was Russia so driven to colonize and conquer From Kievan Rus the first ever Russian state which collapsed with the invasion of the Mongols in the thirteenth century to ruthless Muscovy the Russian Empire of the eighteenth century and finally the Soviet period this groundbreaking study analyses the growth and dissolution of each vast empire as it gives way to the next Refreshing in its insight and drawing on a vast range of scholarship this book also explicitly addresses the question of what the future holds for Russia and her neighbors and asks whether her sphere of influence is growing

Armies and State-building in the Modern

Middle East Stephanie Cronin, 2013-12-06 The uprisings of 2011 which erupted so unexpectedly and spread across the Middle East once again propelled the armies of the region to the centre of the political stage Throughout the region the experience of the first decade of the twenty first century provides ample reason to re-examine Middle Eastern armies and the historical context which produced them By adding an historical understanding to a contemporary political analysis Stephanie Cronin examines the structures and activities of Middle Eastern armies and their role in state and empire building Focusing on Iran Afghanistan and Saudi Arabia Armies Tribes and States in the Middle East presents a clear and concise analysis of

the nature of armies and the differing guises military reform has taken throughout the region Covering the region from the birth of modern armies there in the late nineteenth and early twentieth centuries to the military revolutions of the 1950s and 60s and on to the twenty first century army building exercises seen in Iraq and Afghanistan Cronin provides a unique and vital presentation of the role of the military in the modern Middle East Iranian-Russian Encounters Stephanie Cronin,2013 Over the past two hundred years encounters between Iran and Russia have been both rich and complex This book explores the myriad dimensions of the Iranian Russian encounter during a dramatic period which saw both Iran and Russia subject to revolutionary upheavals and transformed from multinational dynastic empires typical of the nineteenth century to modernizing authoritarian states typical of the twentieth The collection provides a fresh perspective on traditional preoccupations of international relations wars and diplomacy the hostility of opposing nationalisms the Russian imperial menace in the nineteenth century and the Soviet threat in the twentieth Going beyond the traditional this book examines subaltern as well as elite relations and combines a cultural social and intellectual dimension with the political and diplomatic In doing so the book seeks to construct a new discourse which contests the notion of an implacable enmity between Iran and Russia Bringing together leading scholars in the field this book demonstrates extensive use of family archives Iranian Russian and Caucasian travelogues and memoirs and newly available archives in both Iran and the countries of the former Soviet Union Providing essential background to current international tensions this book will be of particular use to students and scholars with an interest in the Middle East and Russia

Philosophy in Qajar Iran Reza Pourjavady,2018-11-01 During its Qajar period 1210 1344 1795 1925 Iran witnessed some lively and significant philosophical discourse Yet apart from studies devoted to individual figures such as Mull H d Sabzaw r and Shaykh A mad A s modern scholarship has paid little attention to the animated discussions and vibrant traditions of philosophy that continued in Iran during this period The articles assembled in this book present an account of the life works and philosophical challenges taken up by seven major philosophers of the Qajar period As a collection the articles convey the range and diversity of Qajar philosophical thinking Besides indigenous thoughts the book also deals with the reception of European philosophy in Iran at the time

War, Empire and Slavery, 1770-1830 R. Bessel,N. Guyatt,J. Rendall,2010-09-08 The imperial warfare of the period 1770 1830 including the American wars of independence and the Napoleonic wars affected every continent Covering southern India the Caribbean North and South America and southern Africa this volume explores the impact of revolutionary wars and how people s identities were shaped by their experiences

The Political Economy of Iran Under the Qajars Hooshang Amirahmadi,2012-06-28 The political economy of Iran underwent the fundamental transition from feudalism to modernity from the early 19th to the 20th century a period which was a vital watershed in Iran s historical development This book provides a critical analysis of Iran s economic social and political development and shows how the path to modernity far from smooth was hindered by both internal and international factors These included a powerful monarchy with little interest in

administrative and economic reform a large aristocracy frequently holding vital provincial governorships and frustrating effective central government and a failure to create a modern civil service military banking finance or communications the essential infrastructure for economic development Reformers were marginalised and business suffered And the all powerful ulema were a further brake on modernisation On the international front the rivalry of Britain and Russia compounded the problems both acting to control Iran and to further their own interests Hooshang Amirahmadi explores the roots of present day challenges to modernisation and progress and using a wealth of primary sources and original research has produced a work which is invaluable for students of modern Iranian history politics and Iran s political economy **Empire-building**

and Empire-builders Edward Ingram,1995 The essays re interpret the work of imperial heroes eminent historians and fictional heroines and illustrate the variety of techniques used by British empire builders and the explanations they gave to account for their sometimes infamous Russia's Entangled Embrace Stephen Badalyan Riegg,2020-07-15 Russia s Entangled Embrace traces the relationship between the Romanov state and the Armenian diaspora that populated Russia s territorial fringes and navigated the tsarist empire s metropolitan centers By engaging the ongoing debates about imperial structures that were simultaneously symbiotic and hierarchically ordered Stephen Badalyan Riegg helps us to understand how for Armenians and some other subjects imperial rule represented not hypothetical clear cut alternatives but simultaneous messy realities He examines why and how Russian architects of empire imagined Armenians as being politically desirable These circumstances included the familiarity of their faith perceived degree of social political or cultural integration and their actual or potential contributions to the state s varied priorities Based on extensive research in the archives of St Petersburg Moscow and Yerevan Russia s Entangled Embrace reveals that the Russian government relied on Armenians to build its empire in the Caucasus and beyond Analyzing the complexities of this imperial relationship beyond the reductive question of whether Russia was a friend or foe to Armenians allows us to study the methods of tsarist imperialism in the context of diasporic distribution interimperial conflict and alliance nationalism and religious and economic identity

Empires of Eurasia Jeffrey Mankoff,2022-04-19 How the collapse of empires helps explain the efforts of China Iran Russia and Turkey to challenge the international order This is a must read to understand the backstory of conflicts from Crimea to Xinjiang Fiona Hill author of There Is Nothing for You Here Eurasia s major powers China Iran Russia and Turkey increasingly intervene across their borders while seeking to pull their smaller neighbors more firmly into their respective orbits While analysts have focused on the role of leaders such as Vladimir Putin and Recep Tayyip Erdo an in explaining this drive to dominate neighbors and pull away from the Western dominated international system they have paid less attention to the role of imperial legacies Jeffrey Mankoff argues that what unites these contemporary Eurasian powers is their status as heirs to vast terrestrial empires whose collapse left all four states deeply entangled with the lands and peoples along their peripheries but outside their formal borders Today they have all found new opportunities to project power within and beyond

their borders in patterns shaped by their respective imperial pasts **The Russian Conquest of Central Asia** Alexander Morrison, 2020-12-10 The Russian conquest of Central Asia was perhaps the nineteenth century's most dramatic and successful example of European imperial expansion adding 1.5 million square miles and at least 6 million people most of them Muslims to the Tsar's domains Alexander Morrison provides the first comprehensive military and diplomatic history of the conquest to be published for over a hundred years From the earliest conflicts on the steppe frontier in the 1830s to the annexation of the Pamirs in the early 1900s he gives a detailed account of the logistics and operational history of Russian wars against Khoqand Bukhara and Khiva the capture of Tashkent and Samarkand and the bloody subjection of the Turkmen as well as Russian diplomatic relations with China Persia and the British Empire Based on archival research in Russia Kazakhstan Uzbekistan Georgia and India memoirs and Islamic chronicles this book explains how Russia conquered a colonial empire in Central Asia with consequences that still resonate today *Russia and the Russians* Geoffrey A. Hosking, 2001 Chronicles the history of the Russian Empire from the Mongol Invasion through the Bolshevik Revolution to the aftereffects of the Cold War
