Russia and the West from Alexander to Putin

Andrei P. Tsygankov, 2012-06-28 Since Russia has re emerged as a global power its foreign policies have come under close scrutiny In *Russia and the West from Alexander to Putin* Andrei P Tsygankov identifies honor as the key concept by which Russia s international relations are determined He argues that Russia s interests in acquiring power security and welfare are filtered through this cultural belief and that different conceptions of honor provide an organizing framework that produces policies of cooperation defensiveness and assertiveness in relation to the West Using ten case studies spanning a period from the early nineteenth century to the present day including the Holy Alliance the Triple Entente and the Russia Georgia war Tsygankov s theory suggests that when it perceives its sense of honor to be recognized Russia cooperates with the Western nations without such a recognition it pursues independent policies either defensively or assertively

Animals and Archaeology in Northern Medieval Russia

Mark Brisbane, 2020-04-30 This is the third book on material studies in this series on medieval Novgorod and its territory and deals with a substantial body of animal bones that has been recovered over the last decade The zooarchaeological evidence is discussed by the editor and a number of other British and Russian specialists looking at the remains of mammals birds and fish Topics discussed include diet butchery practices the exploitation of fur and skins mortality patterns of mammals and metrical analyses of a wide range of species Detailed data sets are provided to enable the reader to make comparisons with their own research but the book is also suitable for those with a more general interest in medieval Russian archaeology

The Strong State in Russia Andrei P.

Tsygankov, 2014-11-18 The Russian state presents a mystery to outside observers Although Russia was the site of some of the last century s most radical upheavals and although Russian governments are usually characterized by autocracy corruption and political decay the central government has retained a remarkable hold on the vast country Does its historical progress represent change or continuity How has the political culture molded the expectations and behavior of the Russian people over time What features of the Russian state are the keys to understanding it The *Strong State in Russia* provides a succinct account of Russia s strong state model by reviewing the external and internal contexts in each major period and tracing its evolution over time Every era saw the emergence and growth of a strong state as well as a subsequent decline but in each the contexts combined in unique ways to produce very different political outcomes Tsygankov argues that while the Western perspective on Russia is limited there is an alternative way of thinking about the nation and its problems Despite focusing on the contemporary Russian state the book situates it in a broader historical continuity and explains that the roots of its development can be found in the Tsar s autocratic system Russia s strong state has evolved and survived throughout

centuries and that alone suggests its historical vitality and possible future revival From this perspective the central scholarly question is not whether Russia will recreate a strong state but rather what kind of a strong state it will be and under which circumstances it will likely function

Bulletin of the Atomic Scientists ,1964-04 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin s iconic Doomsday Clock stimulates solutions for a safer world

When Russia Did Democracy Kenneth MacInnes,2023-01-15 Between the end of the Soviet Union in 1991 and the new millennium Russia went through a unique moment genuine democracy In this fascinating and absorbing book Kenneth MacInnes explores not just the 1990s when he lived and worked in Russia but the entire history of Russian democracy from the earliest days right up to President Putin

Orthodox Russia in Crisis Isaiah Gruber,2012-05-15 A pivotal period in Russian history the Time of Troubles in the early seventeenth century has taken on new resonance in the country s post Soviet search for new national narratives The historical role of the Orthodox Church has emerged as a key theme in contemporary remembrances of this time but what precisely was that role The first comprehensive study of the Church during the Troubles Orthodox Russia in Crisis reconstructs this tumultuous time offering new interpretations of familiar episodes while delving deep into the archives to uncover a much fuller picture of the era Analyzing these sources Isaiah Gruber argues that the business activity of monasteries played a significant role in the origins and course of the Troubles and that frequent changes in power forced Church ideologues to innovate politically for example inventing new justifications for power to be granted to the people and to royal women These new ideas Gruber contends ultimately helped bring about a new age in Russian spiritual life and a crystallization of the national mentality

Stalin's Secret War Robert W. Stephan,2004 An animated adaptation of the story of the same title by Maurice Sendak in which a small boy makes a visit to the land of the wild things Tells how he tames the creatures and returns home For primary grades
