Set Up & Sold Out Holly Swanson, 1995 **It's The Sun, Not Us** L.D. den Boer, 2019-08-27 Earth's climate is changing it always has and always will. The cause may be debated but man-made global warming has become the accepted narrative and Big Oil the popular villain. Anyone daring to challenge this consensus is attacked, smeared, demonized as a denier, even threatened. Researchers who refuse to toe the line are discredited, dismissed as incompetent and blacklisted regardless of their expertise, experience or credentials. This is not how science is conducted. But not everyone can be silenced. The author of this book is not incompetent. Nor was he paid to write it. He's just someone who cares about the truth, a scientist with a broad understanding of how Earth's climate works and how it has changed over time. His book is divided into two parts: science and ideology. The first part explains in language laypersons can understand how the Sun, cosmic rays and other natural factors control Earth's climate and why carbon dioxide is virtually irrelevant. The second part exposes and refutes the green ideology of man-made global warming, revealing the economic damage it causes. It may be short but it's well researched, packed with information and an enjoyable, rewarding read.

A Pleasure to Do Death With You Paul Charles, 2012-05-15 In the tenth book of the acclaimed DI Christy Kennedy series, a successful investment banker is found dead under unusual circumstances. While it looks like the case of an autoerotic escapade gone wrong, Kennedy has other suspicions. After working through a battery of interviews and uncovering a potential political scandal, Kennedy follows the trail to California. There, he is intrigued by an attractive police officer investigating her husband's murder. But the redoubtable DI still finds time to get his man. A bit of luck and an astonishing clue lead Kennedy to San Francisco, where a door opens into an entirely new mystery with engrossing twists of its own. Haunted by a broken romance, bewildered by a new one, the reserved and courtly Kennedy proves irresistible to women much to his and the reader's delight. Publishers Weekly. The tenth Christy Kennedy mystery finds the Camden Town detective inspector following the clues to a man's death all the way to California. Booklist. An intriguing mystery. Half Moon Bay Review. One murder leads to another and DI Kennedy goes transatlantic in his 10th appearance. Charles serves up his usual pleasant concoction at his usual leisurely pace. Kirkus Reviews. The characters are handled well and Charles adds enough flavor to the dialogue to distinguish everyone from each other. Mystery Scene Magazine.

Seven Miles to Arden Ruth Sawyer, 2021-04-25 In *Seven Miles to Arden*, Ruth Sawyer invites readers into a richly woven tapestry of adventure and self-discovery set against the backdrop of rural New England. Through a lyrical narrative style that marries the simplicity of folk tales with profound emotional depth, Sawyer crafts a coming-of-age story steeped in the themes of friendship, resilience, and the transformative power of nature. The novel's emotional resonance is heightened by its vivid descriptions of landscapes and the trials of its youthful protagonist journeying both physically and metaphorically towards maturity. Ruth Sawyer, an accomplished author and storyteller, drew from her deep appreciation of the natural world and her own formative experiences in New England to create this poignant narrative. A strong advocate for
