Bottrill,2020-02-24 In this book I share with you an alternative to the school of today A way of creating the conditions for you to go on an adventure with children Education should not be a predetermined journey with map already drawn with no ability to leave the path or pause It should be a co adventure This co adventure can only take place when we take the first step into the unknown This can feel daunting and can open us up to questions and uncertainty However once we do take that first step an adventure lies ahead like no other an adventure so magical that it can and will change everything And the reason that this adventure is so special is that it will take you into the very soul of children and of yourself In these pages I offer you an invitation It comes from my head and heart to speak to yours It is not didactic It is a way to create the conditions for the magic of children to thrive Greg *The Three Brains Of Mr. Right* , **Quest for Divinity** Mohamed A.
