Sex Discrimination In The Legal Profession:

Sex Discrimination in the Legal Profession Bernard Lentz, David Laband, 1995-06-27 Women attorneys are promoted less and subjected more to sexual harassment and other less tangible forms of sex discrimination **Gender in the Legal Profession** Joan Brockman, 2001 An analysis of the causes and implications of the gendered structure of the legal profession in Canada and elsewhere The author concludes that until there is significant change in how women are perceived in relation to domestic duties it is unlikely that they will attain equality within the legal profession Gender in Practice John Hagan, Fiona Kay, 1995-06-22 In the last thirty years the number of lawyers in the United States and Canada has more than tripled and today as many women as men are entering legal practice The sudden dramatic increase of women in the profession would seem to signify a new era of equality in the legal profession However stereotypes about women's abilities to balance responsibilities at work and home hamper their upward mobility in this male dominated field Battling sexual discrimination women in law grapple with long held assumptions about parenting inferring that women eventually abandon their careers in order to take care of home and children A large percentage of women leave the profession dissatisfied and distressed or seek part time solutions and those women who do stay in practice often find there is a ceiling on their status and monetary compensation Gender in Practice demonstrates and explains how the structure of legal practice has changed in recent decades often to the disadvantage of women The issues addressed here such as conflicts between careers and family departures from practice and barriers to women's promotions and earnings are of great importance to members of the profession Looking at the careers of both men and women and using information culled from two surveys that include nearly two thousand lawyers this revealing book traces occupational and personal experiences and analyzes these patterns in terms of work and gender The findings are linked to practical proposals for change some of which have already found a place in the profession A major contribution to discussions of sexual equality in the legal workplace Gender in Practice offers detailed insights into the current and future status of women in the law Lawyers law professors and anyone concerned with gender inequality and equal rights will find this to be an interesting and informative work Sex Discrimination in America's Legal Profession Elogene Cresenda Hughes, 1979 **Sex-based Harassment** American Bar Association. Commission on Women in the Profession, 2007 Sexual harassment remains a prevalent issue in the legal profession Such harassment has serious implications for lawyers and legal employers resulting in emotional physical and social consequences lost productivity increased turnover impaired reputations and greater risk of liability and litigation expenses This newly updated and expanded Sex Based Harassment Second Edition manual provides an overview of the definition of sex based harassment and the essential elements and assists legal employers with initiatives to effectively respond to sex based harassment *ABA Journal* , 1969-10 The ABA Journal serves the legal profession Qualified recipients are lawyers and judges law students law librarians and associate members of the American Bar Association **Sex Discrimination in the Legal Profession** , 2007

Sex Discrimination and Law Firm Culture on the Internet A. Baumle, 2009-06-08 Despite the availability of some formal legal remedies women lawyers rarely challenge discriminatory behaviour This book explores this seemingly contradictory situation and by exploring lawyers use of legal discourse in an Internet community Baumle examines whether the law can in fact serve as a useful tool to challenge inequality Hot Topics in the Legal Profession - 2017 Steven Alan Childress, 2017-07-06 Annotated Bibliography on Gender Equality in the Legal Profession, 1993
