## **Shepherd Of Hermas A Commentary:**

**Shepherd of Hermas** Carolyn Osiek, 1999 Comprehensive and careful this is the first and only full length commentary on The Shepherd in English The revelations are glimpses of the religious imagination social world and moral ideals among early second century Roman Christians The Shepherd of Hermas Michael J. Svelg, Caroline P. Buie, 2023-07-31 From its original composition and wide distribution in the early second century the Shepherd of Hermas has both puzzled and intrigued readers with its strange images surprising language and challenging rhetoric Today both critical and confessional scholars struggle with placing its message in its original historical theological context while lay readers find the work to be riddled with countless puzzles To help dispel some of the mystery and misunderstandings concerning the Shepherd of Hermas this volume offers a new lucid translation that recreates the original colloquial tone of the work Accompanying the translation is a commentary that unpacks the meanings of the ancient text Alongside these a number of introductions focus on matters of date authorship genre theological and practical content and the writing s relationship to other ancient literature Rhetorical Argumentation in Biblical Texts Anders Eriksson, Thomas H. Olbricht, Walter Übelacker, 2002-06-01 In the latest volume in the Emory Studies in Early Christianity series the contributors seek a better understanding of how various biblical authors present their arguments support their claims and attempt to persuade their readers A century ago the rhetorical analysis of texts focused on the study of rhetorical figures in texts elocutio In the mid twentieth century scholars such as James Muilenburg Hans Dieter Betz and Wilhelm Wuellner introduced biblical scholars to the illustrious tradition of rhetorical study These scholars tended to focus on the arrangement of the texts themselves dispositio During the last ten years however interpreters have increasingly studied the rhetorical argumentation in texts The authors in this volume examine rhetorical argumentation in the Hebrew Bible the Gospels the Pauline letters and the Book of Revelation offering striking new readings of these materials Contributors include J David Hester Amador Center for Rhetoric and Hermeneutics R Dean Anderson Valkenburg The Netherlands Harold W Attridge Yale Divinity School L Gregory Bloomquist St Paul University Ottawa Michael R Cosby Messiah College Rodney K Duke Appalachian State University Frans H van Eemeren University of Amsterdam Anders Eriksson Lund University Alan J Hauser Appalachian State University Roy R Jeal William and Catherine Booth College Manfred Kraus Eberhard Karls Universit t T bingen John W Marshall University of Toronto Roland Meynet Pontificia Universit Gregoriana Thomas H Olbricht Emeritus Pepperdine University Carol Poster Florida State University Rollin A Ramsaran Emmanuel School of Religion Vernon K Robbins Emory University and University of Stellenbosch Russell B Sisson Union College Jerry L Sumney Lexington Theological Seminary C Jan Swearingen Texas A Lauri Thur n Univeristy of Joensuu Johan S Vos Vrije Universiteit and Duane F Watson Malone College **Patristic Exegesis in Context** Miriam De Cock, Elizabeth Klein, 2023-10-16 Introduction to the New Testament Helmut Koester, 1995 This work has established itself as a classical text in the field of New Testament studies Written in a readable

**The Shepherd of Hermas** ,1891 Trinitarian Perspectives in the Apostolic Fathers Mina Fouad Tawfike,Emad Atef Ezzat Hanna,2023-12-21 In this in depth exploration the authors embark on a journey to uncover the intriguing questions about the Trinity s emergence in the writings of the Apostolic Fathers As this study takes a close look at whether we can find signs of the Trinity and shared understandings in these early texts shedding light on whether these writings reflect a triadic way of talking about God A crucial aspect of the investigation is to see if there is a common belief about the Trinity offering insights into the theological ideas of that time A central question arises Did the early Apostolic Fathers have a sense of the Trinity If so how did they try to understand it Immersed in the early Christian mindset this book examines how each text talks God the Father Jesus and the Holy Spirit in relation to each other With scholars like Larry Hurtado and Richard Bauckham guiding the way the study explores the connections and differences between the beliefs about God the Father Jesus and the Holy Spirit in the Apostolic Fathers corpus This rich work connects the past with contemporary theological questions Through careful research *Trinitarian Perspectives in the Apostolic Fathers* reveals the interplay of history faith and divine understanding This book is a helpful resource for theologians historians and anyone seeking a deeper understanding of early Christian beliefs

**'Noncanonical' Religious Texts in Early Judaism and Early Christianity** Lee Martin McDonald,James H. Charlesworth,2012-04-05 Discusses ancient religious texts especially the so called non canonical texts by focusing on how they were used or functioned in Early Judaism and Early Christianity

*The Cambridge Companion to the Apostolic Fathers* Michael F. Bird,Scott Harrower,2021-06-17 *The Cambridge Companion to the Apostolic Fathers* offers an informative introduction to the extant body of Christian texts that existed beside and after the New Testament known to us as the apostolic fathers Featuring cutting edge research by leading scholars it explores how the early Church expanded and evolved over the course of the first and second centuries as evidenced by its textual history The volume includes thematic essays on imperial context the relationship between Christianity and Judaism the growth and diversification of the early church influences and intertextuality and female leaders in the early church The Companion

contains ground breaking essays on the individual texts with specific attention given to debates of authorship authenticity dating and theological texture The Companion will serve as an essential resource for instructors and students of the first two centuries of Christianity      Demons in Early Judaism and Christianity ,2022-09-19 For Jews and Christians in Antiquity beliefs about demons were integral to their reflections on fundamental theological questions but what kind of being did they consider demons to be To what extent were they thought to be embodied Were demons thought of as physical entities or merely as metaphors for social and psychological realities What is the relation between demons and the hypostatization of abstract concepts fear impurity etc and baleful phenomenon such as disease These are some of the questions that this volume addresses by focussing on the nature and characteristics of demons what one might call demonic ontology      **The Great Controversy** Tom de Bruin,2014-12-10 The Testaments of the Twelve Patriarchs T12P one of the longest texts of the so called Old Testament Pseudepigrapha presents the fictitious farewell speeches that the twelve sons of Jacob held on their respective deathbeds Tom de Bruin examines these twelve monologues as literary products in order to understand the function of the text for the setting in which it was composed He approaches T12P from three directions an analysis of the paraenetic parts a discussion of the anthropology and a comparative examination of other contemporaneous works documenting a world view similar to T12P These three approaches merge into a detailed discussion about the reasoning behind the admonition in T12P and identifies the fundamental message of the text namely that each person stands between the forces of good and evil and that this person is called to constantly decide which way to follow Though T12P is still familiar with the apocalyptic origin and plays with the cosmological implications of this great controversy the text clearly puts the emphasis on the battle inside each individual It is thereby an important witness for reinterpreting and reapplying apocalyptic traditions through ethicizing them and focusing on the individual Such an individualistic application of the great controversy theme can be found in a number of other mostly Christian works revealing a similar understanding of mankind s existence and development as in T12P The analysis of the ethical reappropriation of apocalyptic traditions in T12P provides important insights into the foundations of early Christian ethics ancient anthropology and the Jewish and Christian understanding of the struggle between good and evil      Ultimate Things Greg Carey,2012-11-09 Carey presents an introduction to the elements of apocalyptic discourse in the Hebrew Bible the intertestamental texts of the Apocrypha and Pseudepigrapha and the Jewish and Christian apocalyptic texts He seeks to help modern readers perplexed by the rampant and somewhat outrageous depiction and interpretation of apocalyptic literature to see apocalyptic discourse as a flexible set of resources that early Jews and Christians could employ for a variety of persuasive tasks Carey examines each of the literary works that exhibit apocalyptic discourse He briefly introduces the date and language of each text and shows its basic contents Then he examines the particular topics and purposes of the work Carey concludes by showing a way to read the particular example of apocalyptic discourse as a whole in its own setting with its own purposes Carey invokes discourse as a category of study in an

attempt to bring together the literary ideological and social dimensions of apocalyptic language He sees the genius of apocalyptic discourse in its ability to bring its audience into otherwise inaccessible mysteries concerning the future and the heavenly realms As theology apocalyptic discourse engages life s greatest questions the nature of God the desire for justice and the frustrations of human finitude As poetry it expresses the theological imagination in vivid symbols and conventional literary forms

**Angelomorphic Pneumatology** Bogdan Gabriel Bucur, 2009 This book discusses the occurrence of angelic imagery in early Christian discourse about the Holy Spirit Taking as its entry point Clement of Alexandria's less explored writings *Excerpta ex Theodoto Eclogae prophetae* and *Adumbrationes* it shows that Clement's angelomorphic pneumatology occurs in tandem with spirit christology within a theological framework still characterized by a binitarian orientation This complex theological articulation supported by the exegesis of specific biblical passages Zech 4 10 Isa 11 2 3 Matt 18 10 reworks Jewish and Christian traditions about the seven first created angels and constitutes a relatively widespread phenomenon in early Christianity Evidence to support this claim is presented in the course of separate studies of Revelation the Shepherd of Hermas Justin Martyr and Aphrahat
