Sherlock Holmes And His Creator:

Sherlock Holmes and His Creator Trevor H. Hall,1983 **Sherlock Holmes and His Creator** Trevor H. Hall,Charles O. Ellison,1978 Sherlock Holmes Arthur Conan Doyle,2008-03 It is more than a century since the ascetic gaunt and enigmatic detective Sherlock Holmes made his first appearance in A Study in Scarlet From 1891 beginning with The Adventures of Sherlock Holmes the now legendary and pioneering Strand Magazine began serialising Arthur Conan Doyle s matchless tales of detection featuring the incomparable sleuth patiently assisted by his doggedly loyal and lovably pedantic friend and companion Dr Watson The stories are illustrated by the remarkable Sydney Paget from whom our images of Sherlock Holmes and his world derive and who first equipped Holmes with his famous deerstalker hat The literary cult of Sherlock Holmes shows no sign of fading with time as each new generation comes to love and revere the penetrating mind and ruthless logic which were the undoing of so many Victorian master criminals The Real Sir Arthur Conan Doyle Andrew Norman,2023-09-30 In the year 1900 Sir Arthur Conan Doyle was at the height of his success as a qualified doctor keen sportsman writer of historical novels champion of the oppressed and most notably the creator of that honorable fearless and eminently sensible master detective Sherlock Holmes Every new Holmes story was greeted with great anticipation and confidence in the knowledge that however complex the crime the supremely intelligent and logical detective would solve it But in 1916 Conan Doyle surprised his readers by declaring that he believed in spiritualism And when in 1922 Doyle published a book in which he professed to believe in fairies his devotees were nonplussed How could the creator of the inexorably logical Sherlock Holmes claim to believe in something as vague esoteric and unproven as the paranormal In this fascinating study of the life of the creator of one of the greatest detectives of all time Dr Andrew Norman traces the origin of Sir Arthur Conan Doyle s strange beliefs Can it be that Doyle s alcoholic father holds the key to the unanswered questions about his son What was Doyle s involvement in the notorious Cottingley Fairies affair By delving into medical records and the writings of Doyle himself Dr Norman unravels a mystery as exciting as any of the cases embarked upon by the great Sherlock Holmes **The Complete Sherlock Holmes** Arthur Conan Doyle,2009 DIVDIVDIVDIVFrom The Adventure of the Gloria Scott to His Last Bow we follow the illustrious career of this quintessential British hero from his university days to his final case Sherlock Holmes s efforts to uncover the truth take him all over the world and into conflict with all manner of devious criminals and dangerous villains but thankfully his legendary powers of deduction and his faithful companion Dr Watson are more than up to the challenge DIVDIVDIVDIVSir Arthur Conan Doyle 1859 1930 produced more than 30 books 150 short stories poems plays and essays across a wide range of genres His most famous creation is the detective Sherlock Holmes who he introduced in his first novelA Study in Scarlet P D James is an award winning author whose titles includeDeath in Holy Orders The Lighthouse andThe Murder Room **The Casebook of Sherlock Holmes Annotated** Arthur Doyle,2020-10-28 The Case Book of Sherlock Holmes contains twelve stories written about the legendary consulting detective by his creator

Arthur Conan Doyle Like all the other Sherlock Holmes adventures these stories were originally published in the Strand Magazine in this case between October 1921 and April 1927 What sets the stories collected in the Case Book of Sherlock Holmes from all other anthologies is that that they represent the winding down of a literary sensation These are the last original mysteries of Holmes to be published in the Strand and this is the last collection of original stories penned by Doyle

The Sir Arthur Conan Doyle Reader Arthur Conan Doyle,2002 Best known as the creator of the consulting detective par excellence Sherlock Holmes Sir Arthur Conan Doyle 1859 1930 was a man of wide ranging interests and talents and his literary output went far beyond his Holmes and Watson stories The Sir Arthur Conan Doyle Reader collects works from all the genres in which he wrote including mysteries historical adventure tales science fiction stories ghost stories plays memoirs essays on spiritualism in which he was a dedicated believer and reports on the Boer War and World War I This collection features the account of Watson s first meeting with Holmes from A Study in Scarlet an account of the dinosaurs inhabiting The Lost World tales of Doyle s Napoleonic hero Brigadier Gerard a condemnation of Belgium s exploitation of the Congo and the complete text of his apocalyptic book The Poison Belt in addition to several other stories and excerpts

Sherlock Holmes Kel Richards,Arthur Conan Doyle,1999-01-01 Who is Holmes The world s most famous detective A drug addict with a heart as cold as ice A millstone around the neck of his creator He s all of these things and much more *His Last Bow - Some Later Reminiscences of Sherlock Holmes* Arthur Conan Doyle,2023-12-14 In His Last Bow Some Later Reminiscences of Sherlock Holmes Arthur Conan Doyle crafts a masterful collection of short stories that mark an evocative farewell to his iconic detective Sherlock Holmes Set against the backdrop of the early 20th century during a time of societal upheaval and war these narratives showcase Doyle s signature blend of sharp wit and astute observation melding the intricacies of human psychology with the rigorous deductions of Holmes Notably the story His Last Bow serves as a poignant coda placing Holmes amidst the brewing tensions of impending conflict highlighting themes of loyalty heroism and the inexorable passage of time The work exhibits a sophistication in style featuring richly developed characters and atmospheric settings befitting the era s literary context Arthur Conan Doyle a trained physician drew upon his keen observational skills and profound interest in the human condition to create tales that transcend mere detective fiction The author s personal experiences during the Boer War coupled with his evolving perspective on honor and duty provided fertile ground for the narratives contained within this collection His literary journey reflects an enduring exploration of moral dilemmas and the complexities of human behavior which resonate deeply in these later Holmes stories This collection is a must read for fans of detective fiction and scholars alike as it encapsulates the essence of Doyle s literary legacy His Last Bow not only revisits a beloved character but also offers insights into a transformative period in English history through the lens of intrigue and intellect This enduring work serves as both a fitting tribute to Sherlock Holmes and a compelling reflection on the timeless struggles of humanity **The Adventures of Sherlock Holmes** Arthur Conan Doyle,2018-01-07 A delight for a public

which enjoys incident mystery and above all that matching of the wits of a clever man against the dumb resistance of the secrecy of inanimate things which results in the triumph of the human intelligence Arthur Conan Doyle was always a better writer of short stories than of novels This first collection of short stories of Sherlock Holmes has always been regarded as the best although I suspect that is more because of its novelty at the time of publication than because of any lesser quality in the later short stories Present day readers will be surprised at the selection of adventures and Doyle was obviously generous in his use of the term adventure Five of the twelve stories in this volume do not involve crimes at all Some of the others involve only minor crimes and while Holmes does solve the mysteries to his satisfaction he very rarely catches the criminal in the sense of having him arrested or tried It says something about Doyle's perception of England that only three of the stories involve murder and in each of the cases the murderer is either foreign or has spent much of his career abroad None of this is meant to disparage Sherlock Holmes or his creator It is impossible to read this book without becoming involved with the characters of Holmes and Watson or developing an admiration for Holmes work

The Return of Sherlock Holmes Arthur Conan Doyle, 2022-11-13 In *The Return of Sherlock Holmes* Arthur Conan Doyle resurrects his iconic detective in a collection of twelve riveting short stories that capture Holmes's unparalleled deductive prowess Written in the late Victorian era this work reinvigorates themes of justice and morality maintaining an intricate plot structure that deftly combines suspense with the examination of human nature Doyle's signature narrative style characterized by vivid descriptions and meticulous attention to detail immerses readers in the Victorian landscape where crime innovation and social change converge Arthur Conan Doyle a physician by training was influenced by his scientific background and interest in the human psyche which informed the creation of Sherlock Holmes a character whose logical reasoning continues to captivate audiences After a hiatus following the death of the detective in *The Final Problem* public demand led Doyle to explore unresolved mysteries and unfinished tales thereby offering readers a sense of closure and renewed adventure This collection is highly recommended for both devoted fans of the Holmes canon and newcomers alike With thrilling plots that challenge perception and intellect *The Return of Sherlock Holmes* stands as a testament to Doyle's genius inviting readers to immerse themselves in the enigmatic world of one of literature's most enduring detectives

Brown and His Creator Pasquale J. Accardo, John Peterson, Geir Hasnes, 2000 **Sherlock Holmes Vs. Watson** Love
Ranga, 2018-08-26 If Sherlock Holmes is the greatest detective of all times and Dr Watson the best ever companion and
biographer then it is the story of greatest betrayal in the history of mankind This is not the good doctor s missing manuscript
that has miraculously been found hidden inside an old crumbling Japanese cabinet It is also not the one that has magically
been discovered and published to entertain the ever enthusiastic public during their long vacation And it is certainly not that
remarkable account which Dr Watson wrote but fearing public scandal locked away with strict instructions to not open it
before a hundred years of his death It is a chronicle that has passed from generation to generation in my family and is far
more bewildering and perplexing than any of the popular adventures of Sherlock Holmes in which Dr Watson made his plain
methods of investigation appear as complicated deductions The doctor s inclination towards romanticism created the first
class detective out of Sherlock Holmes and the same in my nature is about to modify that reputation to a scandalous extent
Here I am to highlight those flaws in his extraordinary methods exploiting which one man broke through his concrete
defence baffled his superior mind and laid waste to his excellent reputation While the famous detective as they say
unarguably the best there has ever been watched the culprits fall in his well laid traps and tracked criminals from trifles little
did it appear to his brilliant mind that the watcher can be watched and tracker can be tracked too Believe me to be sirs and
madams Faithfully yours The Man of the 12th
