## **Sherlock Holmes Collection Eps 14:**

**Sherlock Holmes and Philosophy** Josef Steiff, 2011-10-11 This entertaining collection of essays shows that Sherlock Holmes sees things others don't. He sees the world in a different way and by so doing allows us to see that same world and human behavior in different ways as well. Oh sure there have been countless detectives who have followed in his footsteps and who seem to rival his abilities. Just turn on the TV or browse the local bookshop and you'll find idiosyncratic super sleuths using forensics and reasoning to solve a whole host of crimes and misdeeds. And yet no one rivals our dear dear Holmes. Why does Sherlock reign even more than a century later as king? Can this mystery be solved? Unable to reach either Holmes or Watson or Doyle for that matter though we've tried every medium we can think of we've been forced to gather our own team of investigators to practice their powers of observation and perception to apply their own reasoning and methodologies to the task at hand. The results I fear have led us to a number of cases that must be solved first. Is Holmes simply eccentric or a sociopath? Is he human or something from the holodeck? Is he as dangerous on the page as he is in person? Wait does he even exist? For that matter do you? I fear several investigators have been forced to take a much needed holiday after wrestling with that one. What is the source of his faculty of observation and facility for deduction? Systematic training as Watson surmises. Genetic? Or is he just really lucky? And is this whole logic thing compatible with emotions? Are Holmes and Watson good friends or soul mates? Just what is the nature of friendship? Do they complete each other or just get on each other's nerves? And why all the secrecy? Disguises? Deceptions? The plot thickens. What is the essence of consciousness? Is the observable world subject to our intentions? Why does Holmes debunk mysticism when Doyle so readily embraces it? Why is Holmes our favorite drug user? Our notebooks are filled with clues and dare I say answers. Is there more than one way to define the concept justice? Is hope necessary in the world? Is boredom? Play? Can anything really be understood objectively? And just what is the last unresolved mystery involving Sherlock Holmes? The game that's afoot isn't just the thing being pursued but the fun to be had as well.

**Distributing Silent Film Serials** Rudmer Canjels, 2011-01-25 Tracing the international consumption distribution and cultural importance of silent film serials in the 1910s and 1920s Canjels provides an exciting new understanding of the cultural dimension and the cultural transformation and circulation of media forms. Specifically he demonstrates that the serial film form goes far beyond the well known American two reel serial the cliffhanger. Throughout the book Canjels focuses on the biggest producers of serials America France and Germany while imported serials such as those in the Netherlands are also examined. This research offers new views on the serial work of well known directors as D.W. Griffith Abel Gance Erich von Stroheim and Fritz Lang while foregrounding the importance of lesser known directors such as Louis Feuillade or Joe May. In the early twentieth century serial productions were constantly undergoing change and were not merely distributed in their original form upon import. As adjusted serials were present in large quantities or confronted different social spaces nationalistic feelings and views stimulated by the unrest of World War I and the expanding American film industry could be

incorporated and attached to the serial form Serial productions were not only adaptable to local discourses they could actively stimulate and interact as well influencing reception and further film production By examining the distribution reception and cultural contexts of American and European serials in various countries this cross cultural research makes both local and global observations Canjels thus offers a highly relevant case study of transnational transcultural and transmedia relations *The English Catalogue of Books ...: 1801-1836.
