Appleton,2025-04 Late in 1862 amid the horrors of the U S Civil War Secretary of War Edwin Stanton with

President Lincoln's approval authorized the recruitment of Black soldiers for the Union cause. In January of 1863 the 54th Massachusetts Volunteer Infantry was born. On February 7 1863 Massachusetts governor John Andrew commissioned Boston bred John W M Appleton the first of the white officers in the most famous Civil War regiment of Black soldiers. Appleton immediately began recruiting enlisted soldiers for the company he would command Company A Waging War for Freedom with the 54th Massachusetts. This is a fresh look at the service of this famed regiment as told through Appleton's memoir the most complete first person account available about the service of the men in the 54th Massachusetts regiment. Appleton wrote candidly about his own experiences and the men who served with and under him including troop punishments combat and combat injuries including his own. He also described in detail the weather climate southern geography and his interaction with civilians. Appleton served with the regiment from February 1863 through August 1864 when severe injuries forced him home a second time. Taking Appleton's memoir as their foundation the editors thoroughly contextualize the service of the 54th through its disbanding in 1865 providing a fresh perspective on the men and the regiment as they fought to abolish slavery in the United States.

Transforming Civil War Prisons Paul J. Springer, Glenn Robins, 2014-09-04 During the Civil War 410 000 people were held as prisoners of war on both sides. With resources strained by the unprecedented number of prisoners conditions in overcrowded prison camps were dismal and the death toll across Confederate and Union prisons reached 56 000 by the end of the war. In an attempt to improve prison conditions President Lincoln issued General Orders 100 which would become the basis for future attempts to define the rights of prisoners including the Geneva conventions. Meanwhile stories of horrific prison experiences fueled political agendas on both sides and would define the memory of the war as each region worked aggressively to defend its prison record and to honor its own POWs. Robins and Springer examine the experience culture and politics of captivity including war crimes disease and the use of former prison sites as locations of historical memory. Transforming Civil War Prisons introduces students to an underappreciated yet crucial aspect of waging war and shows how the legacy of Civil War prisons remains with us today.

The Pride of the Confederate Artillery Nathaniel Cheairs Hughes, Jr., 2001-05 In The Pride of the Confederate Artillery Nathaniel Cheairs Hughes Jr illustrates the significance of the unit and for the first time positions this pivotal group in its rightful place in history. The Fifth Company Washington Artillery of New Orleans fought with the Army of Tennessee from Shiloh to Chickamauga from Perryville to Mobile and from Atlanta to Jackson Mississippi. Slocumb's Battery as it was also known won repeated praise from every commander of that army. Although it sustained high losses the company was recognized for its bold tenacious fighting and was considered the Army of Tennessee's finest close combat battery. The Pride of the Confederate Artillery is the compelling story of four hundred men their organization and service their victories and defeats in over forty battles.
