**Germany's Fighting Machine: Her Army, her Navy, her Airships and Why She Arrayed Them Against the Allied Powers of Europe** Ernest Flagg Henderson,2020-09-28 When a great and extraordinary event takes place it is easy somewhere in the world to point to omens and prophecies that have heralded it But in the case of the present war we can see in the German newspapers how from month to month of the present year the struggle was felt to be more and more imminent and how Russia the power that eventually precipitated the catastrophe was felt to be the center of real danger In well informed diplomatic circles writes the Magdeburger Zeitung in January 1914 the impression can not be concealed that in Russia at present there prevails a thoroughly hostile attitude to Germany and Austria Hungary and that the agitation in the czar s realm is greater even than during the last Balkan crisis It looks as though Russia were preparing to make an extraordinarily great show of strength against a specific not far distant date And the Deutsche Tageszeitung What is Russia s purpose in building a mighty fleet of dreadnaughts for the Baltic Surely not merely to coerce Sweden Again the Madgeburg paper The Russian government which already owes French capitalists twelve billions has received a new loan of two billions five hundred millions of which five million are yearly to be issued in Paris This whole gigantic sum is exclusively to be spent for building strategic railways along the German Russian boundary France compelled Russia to do this The French general staff thinks that Russia because of her clumsiness in mobilizing but especially for lack of tracks leading to the German frontier will not be able in a new war with Germany to bring help to France in time Russia has now fulfilled France s wishes in this regard Thus does the Franco Russian alliance which of late seemed to be falling into oblivion celebrate its resurrection In February the Hallesche Zeitung writes To keep friendship with Russia is one of the chief aims of our foreign policy but it is sometimes made very hard for us indeed They keep the peace because it is to the advantage of the czar s empire to do so but they are to be had for every combination directed against Germany And the Dresdener Nachrichten The Russian German relations leave very much to be desired at the moment The Russian government fails to show the least approachableness in foreign questions and Russian society and the press are in an extremely anti German mood Evidences of the same thing are to be seen in their attitude to Austria The Russian policy lets itself be taken more and more in tow by the French desires and has nothing but polite speeches left for Germany The Weser Zeitung finds the explanation of the hostility in Germany s efforts to help the Turks reorganize their army and declares Here we have touched one of the weakest spots in Russia s world policy her endeavor to get to the Mediterranean The Fr nkische Kurier thinks that Russia intends to form a protectorate over the Balkan states as a military weapon against Austria and her allies The soul of this endeavor is the Russian diplomacy and the Servian minister president Pasitsch The Dresdener Anzeiger observes that the influence of the

Pan Slavist party over the Russian government is steadily growing and that the extraordinary activity in military matters ill suits the constant peace assurances The measures are pointed against Austria Hungary **Njinga of Angola** Linda M. Heywood, 2017-02-27 The fascinating story of arguably the greatest queen in sub Saharan African history who surely deserves a place in the pantheon of revolutionary world leaders Henry Louis Gates Jr Though largely unknown in the West the seventeenth century African queen Njinga was one of the most multifaceted rulers in history a woman who rivaled Queen Elizabeth I in political cunning and military prowess In this landmark book based on nine years of research and drawing from missionary accounts letters and colonial records Linda Heywood reveals how this legendary queen skillfully navigated and ultimately transcended the ruthless male dominated power struggles of her time Queen Njinga of Angola has long been among the many heroes whom black diasporians have used to construct a pantheon and a usable past Linda Heywood gives us a different Njinga one brimming with all the qualities that made her the stuff of legend but also full of all the interests and inclinations that made her human A thorough serious and long overdue study of a fascinating ruler Njinga of Angola is an essential addition to the study of the black Atlantic world Ta Nehisi Coates This fine biography attempts to reconcile her political acumen with the human sacrifices infanticide and slave trading by which she consolidated and projected power New Yorker Queen Njinga was by far the most successful of African rulers in resisting Portuguese colonialism Tactically pious and unhesitatingly murderous a commanding figure in velvet slippers and elephant hair ripe for big screen treatment and surely as our social media age puts it one badass woman Karen Shook Times Higher Education

**Reality and Belief of Indian Military Affairs** K. K. Singh, India does not admit easily to broad generalizations It is an extraordinarily complex and diverse society and Indian elites show little evidence of having thought coherently and systematically about national strategy although this situation may now be changing Despite India s cultural greatness and longevity as a civilization Indian history is often dimly perceived and poorly recorded given an oral tradition in imparting past events and the destruction of most records much of this history is difficult to verify Until the middle of the eighteenth century Indians knew little of their national history and seemed uninterested in it Four principal factors help to explain Indian actions and views about power and security Indian geography the discovery of Indian history by Indian elites over the past 150 years Indian cultural and social structures and belief systems and the British rule Geography has imparted a view of the Indian subcontinent as a single strategic entity with various topographical features contributing to an insular perspective and a tradition of localism and particularism India s unique culture reinforced this unity and imparted first a tendency toward diversity and accommodation to existing realities and second a highly developed capacity to absorb dissimilar concepts and theories This tolerance was strengthened by the caste system which also helped maintain an extraordinarily durable system and ethic for social relations
