**The Oxford Book of the American South** Edward L. Ayers, Bradley C. Mittendorf, 1997-04-17 The Oxford Book of the American South resonates with the words of black people and white women and men the powerless as well as the powerful. The collection presents the most telling fiction and nonfiction produced in the South from the late eighteenth century to the present. Renowned authors such as James Agee Richard Wright Maya Angelou Lee Smith Eudora Welty William Faulkner and Flannery O'Connor appear in these pages but so do people whose writing did not immediately reach a large audience. For example Harriet A. Jacobs' book *Incidents in the Life of a Slave Girl* which is now recognized as one of the most illuminating narratives of a former slave was neglected for generations. And Sarah Morgan's powerful Civil War Diary has only recently come to widespread attention. The Oxford Book of the American South presents compelling autobiographies diaries memoirs and journalism as well as stories and selections from novels and runs the spectrum from the conservative to the radical the traditional to the innovative. Editors Edward L. Ayers and Bradley C. Mittendorf have arranged these diverse readings so that they fit together into a rich

mosaic of Southern life and history The sections of the book The Old South The Civil War and Its Consequences Hard Times and The Turning unfold a vivid record of life below the Mason Dixon line We see the antebellum period both from the perspective of those who experienced it first hand such as Thomas Jefferson and former slaves Olaudah Equiano and Frederick Douglass and then from the perspective of authors looking back on that era including William Styron and Sherley Anne Williams Likewise we see the Civil War through the eyes of witnesses such as Sam Watkins through the eyes of later writers trying to make sense of the conflict such as Robert Penn Warren and through the eyes of those using the war s intense passions to fuel their fiction such as Margaret Mitchell and Barry Hannah The classic authors of the Southern Renaissance in the 1920s and 1930s appear here in the context of the hard times in which they wrote The years since World War II are chronicled in the powerful words of Martin Luther King Jr s Letter from Birmingham Jail George Garrett s Good bye Good bye Be Always Kind and True and Peter Taylor s The Decline and Fall of the Episcopal Church in the Year of Our Lord 1952 The editors have selected these readings their Preface tells us to convey the passions that have surfaced time and again in more than two hundred years of Southern writing Indeed the struggles defeats and triumphs chronicled in The Oxford Book of the American South speak not just to the South but to all of the American experience They document and evoke some of the most dramatic episodes in the nation s life American Tensions William Reichard,2011-04-26 This

anthology of contemporary American poetry short fiction and nonfiction explores issues of identity oppression injustice and social change Living American writers produced each piece between 1980 and the present works were selected based on literary merit and the manner in which they address one or more pressing social issues William Reichard has assembled some of the most respected literary artists of our time asking whose voices are ascendant whose silenced and why The work as a whole reveals shifting perspectives and the changing role of writing in the social justice arena over the last few decades

Moore Lorrie Moore, 2020-03-03 A beautiful hardcover edition of the collected stories of one of America's most revered and admired authors originally published in the acclaimed collections *Self Help*, *Like Life*, *Birds of America* and *Bark* and including three additional stories excerpted from her novels. Moore is one of America's most revered writers and this career-spanning collection showcases her exceptional talent for leavening tragedy with humor, for blending sorrow with subversive wit. Her keenly observed stories are peopled by a variety of lost souls: husbands, wives, lovers, tourists, professors, students, even a ghost who are often grappling with pain or disappointment: a divorced man obsessed with self-help books, a washed-up Hollywood actress living in a hotel, a woman with a terminal illness. But however lovelorn or dislocated, the characters from the wisecracking wedding guest in *Thank You for Having Me* to the self-deluded musicians in *Wings* to the complicated parent-child pairs in *How to Talk to Your Mother*, *Notes* and *The Kid's Guide to Divorce*, their stories are always grounded in insight and compassion. Moore's portraits of the parents of a seriously ill child in *People Like That Are the Only People Here* and of a woman haunted by guilt over the death of her friend's baby in *Terrific Mother* achieve a notably unsentimental and yet quietly devastating power. Whether moving or darkly funny, all of these pieces channel the messiness of the human condition through Moore's characteristically knowing, wry voice, and together they confirm her as a master of the short story.
