Insufficient Funds Peter C. Alexander, 2021-09-03 Insufficient Funds The Financial Life of Frank Lloyd Wright By Peter C Alexander Dozens of books have been written about architect Frank Lloyd Wright's architecture aesthetic and various design achievements however no one has looked at his business practices until now In this book Peter Alexander focuses on the financial life of this American architectural genius after more than fifteen years of research Wright was a spendthrift who earned a considerable fortune over his lifetime but he was a man who never had sufficient funds to meet his expenses Most often his lack of financial stability was because he had an insatiable need to spend money on Japanese art pianos cars and

other assorted luxury items The material in the book comes from a wide variety of sources including conversations and anecdotes that have been included in the many published works about Mr Wright s life and legacy as well as verifiable and apocryphal stories shared by docents conducting house tours The book is also informed by considerable original material including archival records about Mr Wright s financial life and interviews of two of his grandchildren his Spring Green Wisconsin neighbors former apprentices students enrolled in the Frank Lloyd Wright School of Architecture and homeowners who worked with Wright to build their dream homes

Frank Lloyd Wright--the Lost Years, 1910-1922 Anthony Alofsin,1993 New definition to the little known work Wright produced during this period which he describes as Wright s primitivist phase He traces this influence in his art through Wright s explorations of primitivist sources innovations in sculpture and an intensification of the architect s use of ornament Less tangible but as important was Wright s view of himself his art and society and Alofsin uncovers the European impact on the architect s image of himself as a

Through the Long Desert: Georgia O'Keeffe and Frank Lloyd Wright Sarah Rovang,2025-09-09 A richly illustrated exploration of newfound connections between American cultural icons Georgia O Keeffe and Frank Lloyd Wright This groundbreaking volume places the artist and architect side by side shedding light on their lives work and mutual love of the American desert Georgia O Keeffe and Frank Lloyd Wright were neither competitors nor direct collaborators Yet these romantic heroes of twentieth century art and architecture largely operated in parallel In this seminal book Rovang weaves together their compelling life stories examining newly discovered links between them and in the process offering a fresh perspective on their work their intermittent yet poignant friendship and their closeness to the desert Starting in 1933 O Keeffe and Wright exchanged roughly two dozen letters in which they expressed admiration for one another but also their

passion for the places that informed them many of which they had in common Both were born in rural Wisconsin and built their careers in Chicago and New York However both sought inspiration and fulfillment in places farther afield including in Japan and the desert landscape of the American Southwest Juxtaposing images highlighting shared aspects of their individual biographies and work this unique take on American creative expression explores the nature of artistic friendship and the idea of home Rovang's text gives rich context to the allure and romance of her visual subject offering readers new ways to appreciate O'Keeffe's and Wright's monumental contributions to American culture **Plagued by Fire** Paul

Hendrickson, 2019 From the award winning and nationally best selling author of Hemingway's Boat and Sons of Mississippi an illuminating pathbreaking biography that will change the way we understand the life mind and work of the premier American architect Frank Lloyd Wright has long been known as a rank egotist who held in contempt almost everything aside from his own genius Harder to detect but no less real is a Wright who fully understood and suffered from the choices he made This is the Wright whom Paul Hendrickson reveals in this masterful biography the Wright who was haunted by his father about whom he told the greatest lie of his life And this we see is the Wright of many other neglected aspects of his story his close and perhaps romantic relationship with friend and early mentor Cecil Corwin the eerie unmistakable role of fires in his life the connection between the Tulsa Race Riot of 1921 and the murder of his mistress her two children and four others at his beloved Wisconsin home by a black servant gone mad In showing us Wright's facades along with their cracks Hendrickson helps us form a fresh deep and more human understanding of the man With prodigious research unique vision and his ability to make sense of a life in ways at once unexpected poetic and undeniably brilliant he has given us the defining book on Wright *Paul Muldoon in America* Alex Alonso, 2021 A study of the later career of the poet Paul Muldoon who left

his native Northern Ireland for the United States in 1987 and acquired US citizenship The volume explores how the move to the US influenced Muldoon's work especially concerning themes of departure and return Postcolonial Overtures Julia C. Obert, 2015-10-29 Postcolonial Overtures explores the importance of sound in contemporary Northern Irish writing focusing on the work of three canonical poets Ciaran Carson Derek Mahon and Paul Muldoon Obert argues that these poets respond to what Edward Said calls geographical violence to the stratification of the North's visual spaces to the sectarian symbols splashed across Belfast and beyond by turning from the eye to the ear tentatively remapping place in acoustic space Carson for instance casts Troubles era Belfast as a demolition city its landmarks swallowed in the maw of time and trouble and tries to compensate for this inhospitality by reimagining landscape as soundscape an immersive auditory field This strategy suggests sound's political and affective potential music accent and even comfortingly familiar white noise can help subjects otherwise unmoored feel at home Drawing on a diverse range of fields Obert devotes two chapters to the examination of each poet's work allowing room for both in depth formalist readings and contextual and theoretical understandings of the poems and their reverberating effects **A Forgotten Promise** Sophie Barwick, 2012-06-06 An ancient and half forgotten treaty
