**Children's Books in Print, 2007**, 2006. *Black Propaganda in the Second World War* Stanley Newcourt-Nowodworski, 1996-11-28. Black propaganda appears over a fake signature for example of a fictitious resistance organisation. In this book the author examines the black arts of Britain, Poland and the Nazis during the Second World War. By 1939 Josef Goebbels had won the struggle for control of the propaganda process in Nazi Germany. In contrast it took the arrival of Sefton Delmer in 1941 for anyone in Britain to understand how to use propaganda to subvert the German war effort. Through the shadowy Political Warfare Executive the black radio stations Delmer created lured German listeners with jazz and pornography both banned, mixed with subversive rumours. Millions of black leaflets, perfect forgeries of German documents with subtly altered texts were produced. Their aim to encourage malingering, desertion and sabotage. *Black Propaganda* explains how even before the outbreak of the Second World War British and Polish intelligence had worked closely together on a number of key security issues that included the Enigma machine and the German V weapons programme. Following the occupation of their country the Poles also became actively involved in the dissemination of black propaganda against Germany.

*Sticker by Number: Beautiful Botanicals* Shane Madden, 2017-11-21. *Sticker by Number: Beautiful Botanicals* is a creative and meditative experience. Like an old-fashioned paint-by-number, the designs in the book can be gradually filled in using the included stickers, transforming the delicate line drawings into ornate, full-color masterpieces. The process is at once artistic and calming, the perfect way to exercise your creativity and create a moment of peace in a busy day. The book features 12 different floral designs from brilliant tropical flowers to soft cherry blossoms, all

of which are paired with mindful meditation exercises related to the flower For instance as you piece together the Lotus design you will be guided to meditate on calmness and focus while the Sunflower illustration will prompt reflection on happiness and personal growth With beautiful illustrations and insightful text Sticker by Number Beautiful Botanicals will help readers step outside of life's frantic rush unlock their creativity and discover a sense of tranquility

*Understanding Russian Strategic Behavior* Graeme P. Herd, 2022-01-27 This book examines the extent to which Russia's strategic behavior is the product of its imperial strategic culture and Putin's own operational code The work argues that by conflating personalistic regime survival with national security Putin ensures that contemporary Russian national interest as expressed through strategic behavior is

the synthesis of a peculiar troika a long standing imperial strategic culture rooted in a partially imagined past the operational code of a counter intelligence president and decision making elite and the realities of Russia as a hybrid state The book first examines the role of structure and agency in shaping contemporary Russian strategic behavior It then provides a conceptual understanding of strategic culture and applies this to Tsarist and Soviet historical developments The book s analysis of the operational code however demonstrates that Putinism is more than the sum of the past At the end the book assesses Putin s statecraft and stress tests our assumptions about the exercise of contemporary power in Russia and the structure of Putin s agency This book will be of interest to students of Russian politics and foreign policy strategic studies and international relations
