Is Deadpool really Wade Wilson, or did Wilson have his identity stolen by the monster who is now Deadpool? Are his actions predetermined by the writers, or does he trick the writers into scripting his choices? And what happens when Deadpool breaks into the real world to kill the writers? What kind of existence do literary characters have? How can we call him a moral agent for good when he still commits murder, left and right, and then left again and then right? Since Deadpool gets paid for his good deeds, can they be truly heroic? And which of the many Deadpool personalities are the real Deadpool?
