Obin,2000-02 This is the 15th annual edition of the Bibliography of Nautical Books a reference guide to over 14 000 nautical
publications It deals specifically with the year 2000 **The Ships That Came to the Pool of London** Nick

,1997 **A Postcard History of the Passenger Liner** Christopher Deakes,2023-10-01 From around 1880 for almost a
hundred years shipowners commissioned a wealth of paintings that depicted their magnificent liners as well as the routes
they travelled their exotic destinations and life onboard These paintings rich in imagination and atmosphere appeared on
postcards and posters of the day and were used to advertise the companies and their ships and so was born a whole genre
that produced tens of thousands of paintings which formed a wonderful record of the great era of the passenger liner In 1900
there were over thirty shipping companies operating passenger liners across the North Atlantic Other oceans were similarly
served But now with just a few exceptions the companies and their liners have disappeared along with the art they once
inspired Little remains to recall this aspect of our maritime past except the postcards and they tell an evocative story of the
vanished world of elegant ships and leisurely travel of social and political times much changed by the history of the past
century Here brought vividly to life in more than 500 colourful postcards are the ships on which so many of our predecessors
sailed as emigrants soldiers administrators or simply as tourists in days long past These cards which are now highly
collectable show how steamships developed over the years but they are also a fine tribute to the artists who painted them
This volume also includes a glossary of some 170 illustrators which forms an important reference section and advice on
collecting **Snow in the Tropics** Thomas Taro Lennerfors,Peter Birch,2019-03-27 Snow in the Tropics by Thomas Taro
Lennerfors and Peter Birch offers the first comprehensive history of the independent reefer operators These shipping
companies such as Lauritzen Sal n Seatrade Star Reefers and NYK Reefer developed the dedicated transport of refrigerated
products like meat fish and fruit by ship from the early 20th century to the present Snow in the Tropics describes how the
history of the reefer operators has been formed in relation to shippers such as Dole and Chiquita in a constant struggle with
the liner companies such as Maersk and in relation to global economic and political trends It also covers how the industry is
discursively constructed and the psychological drivers of the business decisions in it *The East Yorkshire Local History*
