International Handbook of Underwater Archaeology Carol V. Ruppe,Jane F. Barstad,2013-11-11 Although underwater archaeology has assumed its rightful place as an important subdiscipline in the field the published literature has not kept pace with the rapid increase in the number of both prehistoric and historic underwater sites The editors have assembled an internationally distinguished roster of contributors to fill this gap In addition to both geographical and topical approaches the chapters also focus on technology law public and private institutional roles and goals and the research and development of future technologies and public programs *Ghost Galleon* Edward Von der Porten,2019-10-03 Ghost Galleon tells the story of archaeologists twenty year search on a desolate beach in Baja California for the enigmatic remains of a Spanish galleon that disappeared without a trace more than four centuries ago Carrying a cargo of Asian riches to the New World Manila galleons forged the final link in the unification of the world through commerce by their annual voyages across the Pacific Ocean Here author Edward Von der Porten relates how a chance viewing of Chinese porcelain sherds in a museum catalog led him his wife Saryl and a team of researchers to the beachcombers who discovered the sherds To Von der Porten these sherds represented the possibility of something much more significant one of the earliest known Manila galleon shipwrecks on the West Coast In collaboration with the National Institute of Anthropology and History of Mexico INAH Von der Porten and his colleagues undertook the first of many archaeological expeditions to investigate the site in 1999 Over twenty years a team of American and Mexican archaeologists recovered thousands of artifacts and concluded that they had located the remains of the cargo from a Spanish galleon most likely the San Juanillo of 1578 This copiously illustrated highly accessible work offers an inside view of how archaeologists carefully assemble the evidence that allows scientific reconstruction of past events Despite the grudging resistance of time Von der Porten and his colleagues have resurrected the tale of the ill fated San Juanillo to enrich our understanding and appreciation of the past **Author - Title Catalog** University of California, Berkeley. Library,1963 Ghost Wave Chris Dixon,2011-10-21 Takes us to a place of almost mythic power and tells a story that unfolds like a long ride on a killer wave compellingly written Sebastian Junger New York Times bestselling author Rising from the depths of the North Pacific lies a fabled island now submerged just fifteen feet below the surface of the ocean Rumors and warnings about Cortes Bank abound but among big wave surfers this legendary rock is famous for one simple
