*Shiraz* Arthur John Arberry, 1990      *Cities of Medieval Iran*, 2020-06-11 *Cities of Medieval Iran* brings together studies in urban geography archaeology and history of medieval Iranian cities spanning the Islamic period until ca 1500 but also the pre Islamic situation The cities and their inhabitants take centre stage they are not just the places where something else happened Urban actors are given priority over external factors The contributions take a long term perspective and thus take the interaction between urban centres and their hinterland into account Many contributions come from history or archaeology but new disciplines are also methodologically integrated into the study of medieval cities such as the arts of the book lexicography geomorphology and digital instruments Contributors include Denise Aigle Mehrdad Amanat Jean Aubin Richard W Bulliet Jamsheed K Choksy David Durand Gu dy Etienne de la Vaissi re Majid Montazer Mahdi Roy P Mottahedeh J rgen Paul Rocco Rante Sarah Savant Ali Shojai Esfahani Donald Whitcomb and Daniel Zakrzewski      *Shiraz in the Age of Hafez* John W. Limbert, 2011-10-01 In the fourteenth century Persian city of Shiraz poets composed scholars studied mystics sought hidden truths ascetics prayed and fasted drunkards brawled and princes and their courtiers played deadly games of power This was the world of Shams al Din Mohammad Hafez Shirazi a classical poet who remains broadly popular today in his native Shiraz and in modern Iran as a whole and among all lovers of great verse traditions As John Limbert notes Hafez s poetry is inseparable from the Iranian spirit a reflection of Iranians intellectual and emotional responses to events But if Hafez s endurance derives from the considerable charm of his work it also arises from his sure grounding in the life of his day from a setting so deftly explored by his verse that his depictions of it retain a timeless relevance To fully comprehend and enjoy Hafez and thus to understand a root force in modern Iranian consciousness we must know something of the city in which he lived and wrote In this book Limbert provides not only a rich context for Hafez s poetry but also a comprehensive perspective on a fascinating place in a dynamic time His portrait of this elegant witty poet and his marvelous city will be as valuable to medievalists students of the Middle East and specialists in urban studies as it will be to connoisseurs of world literature      **Saints and Their Cults** Stephen Wilson, 1985 This is a paperback edition of a collection of ten papers by different authors on the cult of saints first published in hard covers in 1983 Six have been translated from French including a pioneering study by Robert Hertz one of Durkheim s most eminent pupils The editor provides a wide ranging general and historical introduction and a 100 page annotated bibliography covering material on the subject in all disciplines and in four main languages      *Saints hommes de Chiraz et du Fārs* Denise Aigle, 2023-09-20 In *Saints hommes de Chiraz et du Fārs* Pouvoir soci t et lieux de sacralit Xe XVe s Denise Aigle studies the spiritual role but also the political one played by the Sufi shaykhs From the tenth century Fārs was a a land of holiness with Shaykh Kab r in Shiraz and Murshid al D n Ab Is q in K zar n This research is based on hagiographic sources historical chronicles literary sources and archival documents The author shows how the pre Islamic history of Fārs was integrated into spiritual Islam thanks to the mystical speculations of the Sufi

shaykhs The particular interest of this research is its contribution to the history of L rist n a region that has long remained terra incognita Thanks to handwritten hagiographic documents preserved in several private libraries we discover the existence and the role of spiritual masters until now totally unknown Outcaste (RLE Iran D) Laurence Loeb,2012-05-04 This volume is a unique investigation of contemporary Jewish life in a Muslim country and the first ethnography of the Persian Jewish diaspora giving the reader a deep appreciation of this relatively unknown culture The author describes in detail traditional Jewish life in the provincial city of Shiraz and the challenges of coexistence with a Muslim majority

**The Rise of Critical Islam** Youcef L. Soufi, 2023 In a richly narrated historical study Youcef Soufi excavates an Islamic legal culture of critique

from the 10th to 13th centuries Focusing on the practice of mun ara disputation Soufi explores how and why oral debates became a pervasive and revered part of the intellectual legal landscape of Iraq and Persia Using the life and career of celebrated Iraqi jurist Ab Is q al Sh r z he traces the formalization of debate gatherings at the dawn of the classical legal schools al madh hib in the early 10th century and analyzes the wider institutional social and discursive conditions that made debate an important feature of any jurist s practice Pushing back against claims that classical Muslim jurists sought to weed out differences of opinion The Rise of Critical Islam presents a community committed to the openness fluidity and continued exploration of the law Challenging the view of debate gatherings simply as mechanisms of doctrinal resolution before codification the study reveals a classical culture where critical debates were part of a continual and personal quest to discover God s law In uncovering this classical legal culture Soufi invites readers to question claims about the promise of secular critique in disciplining religious passions and forging human solidarity

*Sufi Commentaries on the Qur'an in Classical Islam* Kristin Sands,2006-07-13 Meeting the ever increasing interest in Islam and Sufism this book is the first comprehensive study of Sufi Qur anic commentaries and includes translations of many writings previously unavailable in English It examines the shared hermeneutical assumptions of Sufi writers and the diversity in style of Sufi commentaries Some of the assumptions analyzed are the Qur an is a multi layered and ambiguous text open to endless interpretation the knowledge of deeper meanings of the Qur an is attainable by means other than transmitted interpretations and rational thought the self is dynamic moving through states and stations which result in different interpretations at different times The styles of Sufi commentaries are explored which range from philosophical musings to popular preaching to literary narrative and poetry Other commentaries from the classical period are also investigated to provide context in understanding Sufi approaches and exegetical styles

**Voices in Verses** Farhat Hasan,2024-11-21 This book opens up an archive of women s verses found in the extant but overlooked women s biographical compendia tazkira i zenana written in the nineteenth century As commemorative texts these compendia written in Urdu draw our attention to their memories celebrated and contested in cultural spaces In drawing connections between memory and literature this study contests the commonplace assumption that the literary public sphere was markedly homosocial and gender exclusive and argues instead that the women poets coming from a wide variety of social groups actively participated in shaping the norms of aesthetics and literary expression they introduced fresh signifiers and signifying practices to apprehend their emotions experiences and world views This work suggests that the women s tazkiras performed an act of epistemic disobedience contesting not only the British imperial representations of India but also the Indo Muslim modern reformers on issues of domesticity conjugal companionship and love and desire

**Cytherica** Josef Chytry,2005 Cytherica boldly introduces a new faculty of thought called cytherics to contemporary academic discursivities It defines cytherics as the sighting and siting of an aesthetic erotic or aphrodisian environment Building on the furthest extensions of aesthetics since the eighteenth century cytherics develops both the

aesthetic political and aesthetic erotic dimensions of the aesthetic tradition to formulate exciting new responses to the pressing issues of contemporary societies While drawing richly on the background of German and European Hellenism this book provides valuable new insights for those working in the areas of the aesthetic political critical theory postmodernist discursivities and dialectical speculation      *Bibliography of Periodical Literature on the Near and Middle East* ,1961
