## Shoghi Effendi In Oxford And Earlier:

*Shoghi Effendi in Oxford* Riaz Khadem, 1999 Drawing on the letters of Shoghi Effendi and Baha is of the time and on the memoirs of Shoghi Effendi's fellow students at Balliol the author provides a fascinating glimpse into this little known aspect of the life of the Guardian of the Baha'i Faith Historical Dictionary of the Baha'i Faith Hugh C. Adamson, 2006-12-21

Growing out of the teachings of the Báb who introduced the idea of the coming of a great prophet the one promised in the scriptures of all the world's major religions the Bahá'í Faith was founded by Bahá'u'lláh when in 1866 he publicly declared that he was the One the Báb prophesized The 2nd edition of the Historical Dictionary of the Bahá'í Faith presents a general historical overview of both Bábí and Bahá'í religions as well as a theological overview of the Bahá'í Faith from their inception in the mid 19th century to the middle of 2005 It presents biographical details of the Founders and Central Figures along with numerous leaders and pioneers most of the basic principles and precepts as well as aspects of its organization and administration Through the use of photographs a list of acronyms a chronology an introductory essay a bibliography hundreds of cross referenced dictionary entries on nearly every aspect of the religion and appendixes listing the genealogy of the Founders statistical information and lists of apostles disciples Hands of the Cause Knights of Bahá'u'lláh as well as of more than 930 believers who have contributed to its growth and development this book is a fundamental tool for finding information on all things related to the Bahá'í Faith **A Concise Encyclopedia of the Baha'i Faith** Peter Smith, 2013-10-01 Written by a well known author in the field of Baha'i studies this is a comprehensive and accessible encyclopedia to the youngest of the world religions Regarded as the second most widespread faith after Christianity with adherents in almost every country around the globe the Baha'i faith is nevertheless unfamiliar to many here Dr Smith traces the origins and development of the religion from 19th century Iran to the modern day introducing its central figures and major historical events combining breadth with a readable yet concise style he provides a balanced overview of Baha'i scriptures doctrines and practices social teachings and organization This reference work presents a clear and knowledgeable view of a fascinating new religion **Baha'i and Globalisation** Annika Hvithamar, Margit Warburg, Morten Warmind, 2005-12-01 Globalisation has become a buzzword that typically refers to the intensifying integration of the world economy especially as midwifed by technological advances It also implies a growing political and cultural sense that all humanity is globally interdependent There have always been individuals of course who have advocated such awareness one of them being the founder of the Baha'i faith who formulated a spiritual equivalent as the religion's central doctrine in the late 19th century Ye are the fruits of one tree and the leaves of one branch Its emphasis on global unification made Baha'i an obvious candidate for a case study on new religions and globalisation The chapters in this volume fall into two sections diachronic and synchronic The first part is organised chronologically beginning with the emergence of the globalist tendency in the messianic vision of Babism the precursor to Baha'i and concluding with an analytic history of its leaders changing attitudes to international politics The second part considers a variety of global

themes in contemporary Baha'i practice including global thought in Baha'i writings the impact of the internet and the triumphalist and secular strains in Baha'i identity Though five million members make it one of the world's most successful new religions Baha'i has attracted little scholarly attention Most of the academics concentrating on Baha'i have contributed to this volume which will appeal not only to students of modern religious movements but to anyone interested in the ways religions can adapt to and embrace the modern world

**Who's Who of World Religions** John R. Hinnells, 1991-12-12 In historical terms religions do not exist apart from the people who practise them This is the first collection of biographical studies of figures from religions around the globe and from traditions both ancient and modern It represents the work of an enormous international team of scholars and although many entries involve original research this substantial work of reference is intended to be of use to both the specialist and the general reader Particular care has been taken to ensure a balance between religions and to include figures from the diverse branches of the different religions Indexes and an extensive bibliography make it an invaluable working tool

*Millennialism, Millerites, and Prophecy in Bahá'í Discourse* William P. Collins, 2025-09-22 This book explores the role of millennialism the Millerites and prophecy in the historical development of the Bahá'í faith especially in North America The author demonstrates the importance of the Bahá'í religion to millennialism studies and its connection to certain Protestant American and Shia Islamic modes of thought Bahá'ís see two millennial visions on far separated continents within different religious milieux and from contrasting social climates as spiritually and prophetically linked the Millerites who expected the return of Christ in 1844 CE and Shia Muslims who expected the Mahd Q'im Twelfth Imam in 1260 AH 1844 CE The chapters in this volume reflect on theories about millennialist movements the continuum from catastrophic to progressive millennialism Bahá'í interpretations of biblical prophecy and Bahá'í efforts to build the Kingdom of God on earth under a systematic divine plan The book highlights the maturation of the Bahá'í community toward a focus on process and a capacity to deal with both catastrophe and progress It provides scholars of religion with a detailed study of the trajectory in Bahá'í millennial ideas
