Hilton,2009-08-10 This collection of poems are from many different friends and family s ideas One is from my ten year old granddaughter Erin They were given to me in hopes that I would review edit and publish them It took a lot of time and effort to make some of them into a readable poem I had to go through them line by line I did not want to lose the message that each wanted to convey Everyone is not a poet but they seem to have a lot of interesting thoughts to write about I found it comforting to know that many of them see this world as it really is I am confident that you the reader from young to old will find several of these poems to ponder and relate to the intended meaning of the individual poems Even if you don t they are worthy of your time to read I believe that in a poem you can express yourself freely which is why poems are written by many who never intend to publish the things they feel very deeply about and write them down If you have some writings stuck away somewhere get them out and dust them off and clean up the grammar You may be pleasantly surprised at what you have wrote down You may become the next poet in your time **Wildflowers and Ferns of Indiana Forests** Michael A.

turned slowly and he was there watching me an amused smile playing on his mouth his blue eyes dancing He was casually leaning against the doorframe that connected the kitchen to the living room My heart started racing and the butterflies that had disappeared long ago were there again fluttering in my stomach like I was once again eighteen years old and no time had even passed More than twenty years ago something terrible happened and eighteen year old Allie fled her Nova Scotia home and all the people she knew and loved But now her beloved grandmother is succumbing to the last stages of Alzheimer s disease and Allie must go home to face those she left behind including her best friend Amy and JD her first love who told her when she left that he d never forgive her for her part in what happened In a beautiful maritime setting and peopled with complex and appealing characters Turquoise moves back and forth in time between the life of the eighteen year old Allie and the world she now inhabits as a woman who s forced to confront how her life went so terribly astray As Allie finally faces those she left behind what she is about to learn is that sometimes things need time apart to grow to bend and to break but

that ultimately what s meant to be will always find a way
