Douglas Power Frédéric Loliée, 1906 **A Short History of Comparative Literature from the Earliest Times to the Present Day ... Translated by M. Douglas Power** Frédéric LOLIÉE, M. Douglas POWER, 1906 **A short history of comparative literature ... Translated by M. Douglas Power. (Reissued.)**. Frédéric LOLIÉE, M. Douglas POWER, 1970 Comparative Literature: A Very Short Introduction Ben Hutchinson, 2018-02-22

Comparative Literature is both the past and the future of literary studies Its history is intimately linked to the political upheavals of modernity from colonial empire building in the nineteenth century via the Jewish diaspora of the twentieth century to the postcolonial culture wars of the twenty first century attempts at comparison have defined the international agenda of literature But what is comparative literature Ambitious readers looking to stretch themselves are usually intrigued by the concept but uncertain of its implications And rightly so in many ways even the professionals cannot agree on a single term calling it comparative in English compared in French and comparing in German The very term itself when approached comparatively opens up a Pandora's box of cultural differences Yet this in a nutshell is the whole point of comparative literature To look at literature comparatively is to realize just how much can be learned by looking over the horizon of one's own culture it is to discover not only more about other literatures but also about one's own and it is to participate in the great utopian dream of understanding the way nations and languages interact In an age that is paradoxically defined by migration and border crossing on the one hand and by a retreat into monolingualism and monoculturalism on the other the cross cultural agenda of comparative literature has become increasingly central to the future of the Humanities We are all in fact comparatists constantly making connections across languages cultures and genres as we read The question is whether we realise it This Very Short Introduction tells the story of Comparative Literature as an agent of international relations from the point of view both of scholarship and of cultural history more generally Outlining the complex history and competing theories of comparative literature Ben Hutchinson offers an accessible means of entry into a notoriously slippery subject and shows how comparative literature can be like a Rorschach test where people see in it what they want to see Ultimately Hutchinson places comparative literature at the very heart of literary criticism for as George Steiner once noted to read is to compare ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles

in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

Comparative Literature in an Age of Globalization Haun Saussy, 2006-05-19 Focuses on the influence of multiculturalism as a concept transforming literary and cultural studies This book offers a comprehensive survey of comparative criticism in the 1990s It demonstrates that comparative critical strategies can provide insights into the world's changing and increasingly colliding cultures *The Publishers Weekly*, 1907 *The Routledge Concise History of World Literature* Theo D'haen, 2013-03-01 This remarkably broad and informative book offers an introduction to and overview of World Literature Tracing the term from its earliest roots and situating it within a number of relevant contexts from postcolonialism to postmodernism Theo D'haen examines the return of the term world literature and its changing meaning Goethe's concept of Weltliteratur and how this relates to current debates theories and theorists who have had an impact on world literature non canonical and less known literatures from around the globe the possibility and implications of a definition of world literature This book is the ideal guide to an increasingly popular and important term in literary studies It is accessible and engaging and will be invaluable to students of world literature comparative literature translation and postcolonial studies and anyone with an interest in these or related topics
