**A Short History of Rudeness** Mark Caldwell, 2015-01-13 A funny and provocative cultural history of class manners and the decline of civility In his smart and thought provoking new book literary social critic Mark Caldwell gives us a history of the demise of manners and charts the progress of an epidemic of rudeness in America The breakdown of civility has in recent years become a national obsession and our modern climate of boorishness has cultivated a host of etiquette watchdogs like Miss Manners and Martha Stewart with which we defend ourselves against an onslaught of nastiness But Caldwell demonstrates that the foundations of etiquette actually began to corrode several centuries ago with the blurring of class lines Touching on aspects of both our public and private lives including work family and sex A Short History of Rudeness examines how the rules of our behaviour have changed and explains why no matter how hard we try we can never return to a golden era of manners and mores

Understanding Everyday Incivility Shelley D. Lane, 2017-08-28 Understanding Everyday Incivility delves into the day to day annoying behaviors that color our interactions with other people such as the use of crude language in public family members who claim that they re just teasing and we re too sensitive coworkers who constantly interrupt us and inflammatory remarks posted on social media sites Shelley D Lane explores what is considered uncivil behavior why we label some acts as crude or selfish while others are deemed polite and proper and how these labels often change from one context to the next She highlights the power dynamics at play in our interactions and explains how rude behavior can sometimes be beneficial and polite behavior can be detrimental Rather than a simplistic manual of manners Lane provides the tools to understand everyday incivility and strategies for responding effectively and appropriately

*Sex and Manners* Cas Wouters, 2004-10-06 Sex and Manners is a dazzling book that examines changes in American Dutch English and German manners books regarding the changing relationship between men and women It examines the disappearance of rules for chaperonage and the rise of new codes for public transport public dances courting dates and the work place

**Rhetoric, History, and Women's Oratorical Education** David Gold, Catherine L. Hobbs, 2013-05-02 Historians of rhetoric have long worked to recover women's education in reading and writing but have only recently begun to explore women's speaking practices from the parlor to the platform to the varied types of institutions where women learned elocutionary and oratorical skills in preparation for professional and public life This book fills an important gap in the history of rhetoric and suggests new paths for the way histories may be told in the future tracing the shifting arc of women's oratorical training as it develops

from forms of eighteenth century rhetoric into institutional and extrainstitutional settings at the end of the nineteenth century and diverges into several distinct streams of community embodied theory and practice in the twentieth Treating key rhetors genres settings and movements from the early republic to the present these essays collectively challenge and complicate many previous claims made about the stability and development of gendered public and private spheres the decline of oratorical culture and the limits of women s oratorical forms such as elocution and parlor rhetorics and women s responses to rhetorical constraints on their public speaking Enriching our understanding of women s oratorical education and practice this cutting edge work makes an important contribution to scholarship in rhetoric and communication

**The Cost of Bad Behavior** Christine Pearson,Christine Porath,2009-07-09 Why incivility at work is a bigger problem than you suspect In an accessible and informative style Pearson and Porath examine the toll that bad behavior can have on otherwise well functioning companies And they reveal strategies that successful organizations are using to stop incivility before it takes hold Whether it s a standoffish coworker or an arrogant boss incivility at the office doesn t just affect the moods of a few employees it hurts an entire company Consider these statistics 12 percent of all employees say they ve left jobs because they were treated badly Fortune 1000 executives spend roughly seven weeks per year resolving employee conflicts And an astonishing 95 percent of Americans say they ve experienced rudeness at work Christine Pearson and Christine Porath examine the devastating toll that bad behavior can have on otherwise well functioning companies Combining their own scientific research with stories from fields as diverse as criminology education and psychology they show how to spot the roots of incivility rip them out and create a culture of respect They urge managers to stop making excuses set a zero tolerance policy and lead by example Bestsellers like *The No Asshole Rule* and *The Power of Nice* have shown the hunger for more civility at work now *The Cost of Bad Behavior* shows exactly what to do about it

*Insidious Workplace Behavior* Jerald Greenberg,2011-01-11 Insidious Workplace Behavior IWB refers to low level pervasive acts of deviance directed at individual or organizational targets Because of its inherently stealthy nature scientists have paid little attention to IWB allowing us to know very little about it With this book that now is changing The present volume the first to showcase this topic presents original essays by top organizational scientists who share the most current thinking about IWB Contributors examine for example the many forms that IWB takes focusing on its antecedents consequences and moderators They also highlight ways that organizational leaders can manage and constrain IWB so as to attenuate its adverse effects And to promote both theory and practice in IWB contributors also discuss the special problems associated with researching IWB and strategies for overcoming them Aimed at students scholars and practitioners in the organizational sciences especially industrial organizational psychology organizational behavior and human resource management this seminal volume promises to inspire research and practice for years to come

*Political Writing: A Guide to the Essentials* Adam Garfinkle,David Brooks,2014-12-18 Writing well and persuasively is not only a discipline that can be learned it is one deeply rooted in the

classical arts of rhetoric and polemic This book introduces the essential skills rules and steps for producing effective political prose appropriate to many contexts from the editorial the op ed and the polemical essay to others both weighty and seemingly slight Do You Make These Mistakes in English? Edwin L Battistella,2009 School of Music and the Charles Atlas and Dale Carnegie courses to illustrate how culture became popular and how self reliance evolved into self improvement This book will appeal to anyone interested in the history of English the history of business and American Studies generally BOOK JACKET **The Finger** Angus Trumble,2010-05-06 FROM THE AUTHOR OF A BRIEF HISTORY OF THE SMILE A COMPLETE INDEX OF THE DIGIT In this collision between art and science history and pop culture the acclaimed art historian Angus Trumble examines the finger from every possible angle His inquiries into its representation in art take us from Buddhist statues in Kyoto to the ceiling of the Sistine Chapel from cave art to Picasso s Guernica from Van Dyck s and Rubens s winning ways with gloves to the longstanding French taste for tapering digits But Trumble also asks intriguing questions about the finger in general How do fingers work and why do most of us have five on each hand Why do we bite our nails This witty odd and fascinating book is filled with diverse anecdotes about the silent language of gesture the game of love the spinning of balls superstitions relating to the severed fingers of thieves and systems of computation that were used on wharves and in shops markets granaries and warehouses throughout the ancient Roman world Side by side with historical discussions of rings and gloves and nail polish are meditations on the finger s essential role in writing speech sports crime law sex worksip memory scratching politely at eighteenth century French doors instead of crudely knocking or merely satisfying an itch and of course in the eponymous show of contempt The Soul of Civil Society Don Eberly,Ryan Streeter,2002-09-11 Americans care about the public value of moral habits They like to see virtue rewarded and vice censured appealing as this does to the nation s deep sense that one s success rests neither in money nor in power but in one s civility In The Soul of Civil Society Don Eberly and Ryan Streeter look beyond such abstractions as the voluntary sector and superficial communitarian solutions to civic anomie to identify the pivotal role played by local voluntary associations in a civil society Not only important for the services they provide these little platoons as Edmund Burke labeled them are the public incubators of a new morality their emphasis on civic engagement at the local level central to preserving America s democratic culture on the national and international stage More than simply championing the promise of a social renaissance The Soul of Civil Society is essential reading for those seeking to do battle with a culturally entrenched individualism that threatens the core of America s moral vitality **Must Read: Rediscovering American Bestsellers** Sarah Churchwell,Thomas Ruys Smith,2012-08-02 What is it about certain books that makes them bestsellers Why do some of these books remain popular for centuries and others fade gently into obscurity And why is it that when scholars do turn their attention to bestsellers they seem only to be interested in the same handful of blockbusters when so many books that were once immensely popular remain under examined Addressing those and other equally pressing questions about popular

literature Must Read is the first scholarly collection to offer both a survey of the evolution of American bestsellers as well as critical readings of some of the key texts that have shaped the American imagination since the nation's founding. Focusing on a mix of enduring and forgotten bestsellers, the essays in this collection consider 18th and 19th century works like *Charlotte Temple* or *Ben Hur* that were once considered epochal but are now virtually ignored, 20th century favorites such as *The Sheik* and *Peyton Place* and 21st century blockbusters including the novels of Nicholas Sparks *The Kite Runner* and *The Da Vinci Code*.

**Newspaper Titan** Amanda Smith, 2011-09-06 From the author of *Hostage to Fortune: The Letters of Joseph P. Kennedy*. Superb Michael Beschloss. Remarkable Arthur Schlesinger Jr. the galvanizing story of Eleanor Medill Cissy Patterson, celebrated debutante and socialite scion of the Chicago Tribune empire and the twentieth century's first woman editor in chief and publisher of a major metropolitan daily newspaper, the *Washington Times Herald*. She was called the most powerful woman in America, surpassing Eleanor Roosevelt, Bess Truman, Clare Boothe Luce, and Dorothy Schiff. Cissy Patterson was from old Republican stock. Her grandfather was Joseph Medill, firebrand abolitionist, mayor of Chicago, editor in chief and principal owner of the *Chicago Tribune*, and one of the founders of the Republican Party who delivered the crucial Ohio delegation to Abraham Lincoln at the convention of 1860. Cissy Patterson's brother, Joe Medill Patterson, started the *New York Daily News*. Her pedigree notwithstanding, Cissy Patterson came to publishing shortly before her forty-ninth birthday in 1930 with almost no practical journalistic or editorial experience and a life out of the pages of Edith Wharton or more likely the other way around. Shades of Cissy are everywhere in the Countess Olenska. Amanda Smith writes that in the summer of 1930 Cissy Patterson, educated at the turn of the century at Miss Porter's School in Farmington, Connecticut, for a vocation of marriage and motherhood and a place in society, took over William Randolph Hearst's foundering *Washington Herald* and began to learn what others believed she could never grasp: how to run and build up a newspaper. She vividly lived out the Medill family's editorial motto, at least in spirit: When your grandmother gets raped, put it on the front page. Patterson soon bought from Hearst the *Herald's* evening sister paper, the *Washington Times*, merged the two, and became editor, publisher, and sole proprietor of a big city newspaper, a position almost unprecedented in American history. The effect of the merger was electric. By 1945 the *Washington Times Herald*, with ten daily editions, was clearing an annual profit of more than \$1 million. Amanda Smith, in this huge, fascinating biography, gives us the infamous life and monumental times of Cissy Patterson: scourge of liberals, advocate of appeasing Hitler, lover of poodles, and hater of FDR. Here is her twentieth century *Washington*, its politics and society, scandals and feuds, and at the center, the fierce newspaper wars that consumed and drove the country's press titans, as Patterson took the *Washington Times Herald* from a chronic tail ender in circulation and advertising, ranked fifth in the town, and made it into the most widely read, round the clock daily in the nation's capital, deemed by many to be the damndest newspaper to ever hit the streets.

**Anti-Social Behaviour Orders** J. Donoghue, 2010-02-24 This book vigorously challenges the dominant academic view of ASBOs as erroneous tools of social control and offers an alternative

perspective on anti social behaviour management which argues that ASBOs are capable of enabling a positive process of engagement among local authorities housing professionals and residents ASBO nation Peter Squires,2008-06-11 Anti social behaviour ASB has been a major preoccupation of New Labour s project of social and political renewal with ASBOs a controversial addition to crime and disorder management powers Thought by some to be a dangerous extension of the power to criminalise by others as a vital dimension of local governance there remains a concerning lack of evidence as to whether or not they compound social exclusion This collection from an impressive panel of contributors brings together opinion commentary research evidence professional guidance debate and critique in order to understand the phenomenon of anti social behaviour It considers the earliest available evidence in order to evaluate the Government s ASB strategy debates contrasting definitions of anti social behaviour and examines policy and practice issues affected by it Contributors ask what the recent history of ASB governance tells us about how the issue will develop to shape public and social policies in the years to come Reflecting the perspectives of practitioners victims and perpetrators the book should become the standard text in the field *Informalization* Cas Wouters,2007-10-29 This book shows that manners far from being superficial adornments of behaviour are thoroughly interwoven with our personalities and the structures of our societies The concept of informalization provides both an invaluable addition to Norbert Elias s theory of civilizing processes and a most useful tool for understanding how changes in manners are related to shifts in the balances of power between social classes sexes and generations Johan Goudsblom University of Amsterdam Cas Wouters stakes out a powerful theory about changes in human relationships in the Western world over the past twelve decades essential reading for anyone interested in the contemporary human condition Theory and Society It is written in clear unequivocal language abounds with detail and replaces many normative statements about the alienating state of contemporary capitalist mass consumption oriented bureaucracy A nuanced subtle and theoretically informed analysis of the sometimes quite chaotic civilising process of the last century Figurations This original book explains the sweeping changes to twentieth century regimes of manners and self Broad in scope and deep in analytic reach it provides a wealth of empirical evidence to demonstrate how changes in the code of manners and emotions in four countries Germany Netherlands England and the US have undergone increasing informalization From the growing taboo toward the displays of superiority and inferiority and diminishing social and psychological distance between people it reveals an emancipation of emotions and the new representation of emotion at the centre of personality This thought provoking book traces The increasing permissiveness in public and private manners such as introductions the use of personal pronouns social kissing dancing and dating The ascent and integration of a wide variety of groups including the working classes women youth and immigrants and the sweeping changes this has imposed on relations of social inferiority and superiority Shifts in self regulation that require manners to seem natural at ease and authentic Rising external social constraints towards being reflexive showing presence of mind considerateness role taking and the ability to tolerate and control conflicts Growing

interdependence and social integration declining power differences and the diminishing social and psychic distance between people Continuing the analysis of Sex and Manners SAGE 2004 this book is a dazzling work of historical sociology Civility Benet Davetian,2009-04-18 Cut off in traffic Bumped without apology on the subway Forced to listen to a profane conversation in a public space In today s Western societies many feel that there has been a noticeable and marked decrease in mutual consideration in both public and private settings Are we less civil now than in the past Benet Davetian s masterful study Civility A Cultural History responds to this question through a historical social and psychological discussion of the civility practices in three nations England France and the United States Davetian s rich multi dimensional review of civility from 1200 to the present day provides an in depth analysis of the social and personal psychology of human interaction and charts a new course for the study and understanding of civility and civil society Civility addresses major topics in public discourse today regarding the ideals and practices of civility and the possibility of a future civility ethic capable of inspiring cooperation across cultural and national boundaries **Fostering Civility on Campus** Judy Rookstool,2007 Offers a definition of civility and common sense approaches that instructors and administrators can use to foster and maintain a civil environment in the classroom and on campus Provided by publisher **The Virtues of Our Vices** Emrys Westacott,2013-11-24 The hidden value of some of our everyday vices Are there times when it s right to be rude Can we distinguish between good and bad gossip Am I a snob if I think that NPR listeners are likely to be better informed than devotees of Fox News Does sick humor do anyone any good Can I think your beliefs are absurd but still respect you In The Virtues of Our Vices philosopher Emrys Westacott takes a fresh look at important everyday ethical questions and comes up with surprising answers He makes a compelling argument that some of our most common vices rudeness gossip snobbery tasteless humor and disrespect for others beliefs often have hidden virtues or serve unappreciated but valuable purposes For instance there are times when rudeness may be necessary to help someone with a problem or to convey an important message Gossip can foster intimacy between friends and curb abuses of power And dubious humor can alleviate existential anxieties Engaging funny and philosophically sophisticated The Virtues of Our Vices challenges us to rethink conventional wisdom when it comes to everyday moral behavior Creating the Better Hour Chuck Stetson,2007 The spirit of William Wilberforce who worked to stop the transatlantic slave trade 200 years ago is alive and active in all people whose faith compel their tireless efforts to transform their culture and build a better world Creating the Better Hour Lessons from William Wilberforce is not an ordinary study book It is a call to end ongoing human oppression and slavery The life of this great Christian parliamentarian and abolitionist is the starting point for a first class group of contributors to show Wilberforce as a model for engaging modern culture Essays detail how people today can emulate his life great persuasive techniques and his Clapham Circle colleagues to bring about cultural change and end oppression Each chapter s Extended Observation draws readers and study groups into transforming reflections and conversations all designed to help people

become a force for good and commit to a life on behalf of others
