History is a comprehensive and accessible textbook that helps students understand the key themes of world history within a
chronological framework stretching from ancient times to the present day To lend coherence to its narrative the book
employs a set of organizing devices that connect times places and or themes This narrative is supported by Flowcharts that
show how phenomena within diverse broad themes interact in generating key processes and events in world history A
discussion of the common challenges faced by different types of agent including rulers merchants farmers and parents and a
comparison of how these challenges were addressed in different times and places An exhaustive and balanced treatment of
themes such as culture politics and economy with an emphasis on interaction Explicit attention to skill acquisition in
organizing information cultural sensitivity comparison visual literacy integration interrogating primary sources and critical
thinking A focus on historical episodes that are carefully related to each other Through the use of such devices the book
shows the cumulative effect of thematic interactions through time communicates the many ways in which societies have
influenced each other through history and allows us to compare and contrast how they have reacted to similar challenges
They also allow the reader to transcend historical controversies and can be used to stimulate class discussions and guide
student assignments With a unified authorial voice and offering a narrative from the ancient to the present this is the go to
textbook for World History courses and students The Open Access version of this book has been made available under a
